Note 1: Description of Plan

The following description of the Capgemini Financial Services USA, Inc. (Company) 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company. Employees who are nonresident aliens and who receive no earned income from the Company, which constitutes income from services within the United States, are not eligible to participate. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Effective January 1, 2017, the Plan was amended and restated to include additional eligibility requirements for employer matching contributions and to provide for 401(k) safe harbor matching contributions. Effective June 1, 2017, the Plan was amended and restated to change vesting requirements for Company contributions.

Capgemini America, Inc., an affiliate of the Company, acquired TCube Solutions Inc. and entered into an agreement to merge the TCube Solutions 401(k) Plan into the Plan effective January 1, 2018. As a result, \$946,612 was transferred into the Plan during the year ended December 31, 2018, and is included as a transfer into the Plan on the statement of changes in net assets available for benefits for the year ended December 31, 2018.

Contributions

Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan provides for annual Company matching and/or profit sharing contributions at the discretion of the Company's Board of Directors.

Effective January 1, 2017, the Plan adopted 401(k) safe harbor matching contributions. The Company made safe harbor matching contributions of 100% of the first 3% of the eligible participant's compensation contributed to the Plan and 50% of the next 2% of the eligible participant's compensation contributed to the Plan.

Effective June 1, 2017, the Plan adopted additional eligibility requirements for safe harbor matching contributions. Participants become eligible for safe harbor matching contributions after completing 1,000 hours or one year of service.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants immediately are vested in their contributions plus actual earnings thereon. Effective June 1, 2017, participants are immediately 100% vested in safe harbor matching contributions. Prior to June 1, 2017, vesting in the Company's contribution portion of their accounts was based on years of continuous service. A participant was 100% vested after three years of credited service. Full vesting also occurs upon death, disability or retirement at designated ages.

Notes Receivable From Participants

Participants may borrow from their funds accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a range of 4.25% to 6.50% at December 31, 2019, which is commensurate with local prevailing rates at the time of the loans.

Payment of Benefits

Upon termination of service due to death, disability or retirement, the entire balance in the participant's account will be payable to the participant, or their beneficiary, in either payment in the form of a joint and survivor annuity if married, or in the form of a life annuity if unmarried, payment in a lump sum, or payments in equal monthly, quarterly, semi-annual or annual installments over a period not to exceed the participant's life expectancy.

For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. When the participant's vested interests are less than \$5,000, the plan administrator may distribute such benefit in a lump sum without the participant's consent.

Revenue Sharing

Fidelity Management Trust Company (Fidelity) receives revenue from mutual fund and collective trust fund service providers for services Fidelity provides to the funds. If the revenue received by Fidelity from such mutual fund or collective trust fund service providers exceeds the amount owed under the agreement, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts are allocated to the accounts of the participants. Revenue credits were \$78,025 and \$0 for

the years ended December 31, 2019 and 2018, respectively. The Plan has revenue credits of \$78,492 and \$0 available as of December 31, 2019 and 2018, respectively.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$641,176 and \$545,664, respectively. Those accounts will normally be applied first to reduce the Company matching and/or profit sharing contributions and any excess is applied to the payment of the Plan's administrative expenses. During 2019 and 2018, forfeitures of \$246,545 and \$121,653, respectively, were used to reduce Company contributions and administrative expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The Plan's investments in registered investment companies, common and preferred stock and money markets are valued at quoted market prices. The common or collective trust fund is valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. There is no participant redemption restrictions for this investment and participant redemptions are allowed daily. A redemption notice period is applicable only at the plan level. There are no unfunded commitments at December 31, 2019 and 2018.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

401(k) Retirement Plan
Notes to Financial Statements
December 31, 2019 and 2018

The Plan provides for investments that, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses

Certain expenses of the Plan are paid by the Company. The Plan pays certain administrative expenses and transaction costs related to investment fees. Certain investment fees are expensed as incurred and certain investment fees are included in the net appreciation (depreciation) in fair value of investments. Administrative expenses paid by the Plan are expensed as incurred.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Note 3: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable input and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Capgemini Financial Services USA, Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2019 and 2018

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The fair value of money market accounts are carried at cost, which approximates fair value (Level 1 inputs).

The fair value of common and preferred stocks is supported by quoted prices in active markets (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Note 4: Party-in-Interest Party Transactions

Certain Plan investments are managed by Fidelity Management Trust Company, the trustee of the Plan, and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan of \$379,323 and \$227,234 during 2019 and 2018, respectively, for legal, accounting and other professional services are primarily rendered by parties-in-interest. The Company provides certain administrative services at no cost to the Plan.

Note 5: Income Tax Status

The Plan operates under a standardized adoption agreement in connection with a Volume Submitter Defined Contribution Plan sponsored by Fidelity Management & Research Co. This prototype plan document has been filed with the appropriate agency and the prototype sponsor has obtained

Capgemini Financial Services USA, Inc.
401(k) Retirement Plan

an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

Note 6: Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments, at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018
- Investment income (loss) components and interest income from participant notes receivable as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018
- Investments and participant loans included in the supplemental schedule of assets (held at end of year) as of December 31, 2019

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 7: Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

the required time period. Corrective actions, including contribution of lost earnings were made during 2019.

Note 10: Subsequent Events

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

The Plan has implemented certain requirements of the *Coronavirus Aid, Relief and Economic Security Act* (CARES Act) and the *Setting Every Community Up for Retirement Enhancement Act of 2019* (SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Subsequent events have been evaluated through _____ 2020, which is the date the financial statements were available to be issued.

21. The Plan operates under a standardized adoption agreement in connection with a Volume Submitter Defined Contribution Plan sponsored by Fidelity Management & Research Co. This prototype plan document has been filed with the appropriate agency and has obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.
22. The Plan has complied with the fidelity bonding requirements of ERISA.

23. The Plan has made no investments during the year that violate the terms of the Plan or Trust Agreement.
24. We have informed you of the existence of any unrecorded transactions, side agreements or other arrangements (either written or oral).
25. Except as disclosed in the financial statements, the Plan has:
 - (a) Satisfactory title to all recorded assets, and they are not subject to any liens, pledges or other encumbrances.
 - (b) Complied with all aspects of contractual agreements, for which noncompliance would materially affect the financial statements.
26. The financial statements disclose all significant estimates known to us. Significant estimates are estimates at the date of the statement of net assets available for benefits which could change materially within the next year. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.
27. With respect to any nonattest services you have provided us during the year, including preparation of the financial statements:
 - (a) We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.
 - (b) We have established and monitored the performance of the nonattest services to ensure that they meet our objectives.
 - (c) We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.
 - (d) We have evaluated the adequacy of the services performed and any findings that resulted.
28. We have reviewed the reports of all transactions processed by third-party servicers, and, based on our review, we believe the transactions shown in the reports are valid and in accordance with our instructions to the third-party processor. We also have had no communications from any of the Plan's service organizations regarding any fraud, noncompliance with laws and regulations or uncorrected misstatements.
29. Except as disclosed, we have complied with the Department of Labor's regulations concerning the timely remittance of participant contributions.

30. We have apprised you of all communications, written or oral, with regulatory agencies concerning the operation of the plan.
31. As applicable, we have complied with the Department of Labor's regulations concerning the services provider fee disclosures in accordance with Sec. 408(b)(2).
32. With regard to supplementary information:
- (a) We acknowledge our responsibility for the presentation of the supplementary information, including its form and content, in conformity with relevant regulatory requirements or other applicable criteria.
 - (b) We believe the supplementary information is fairly presented, both in form and content, in accordance with relevant regulatory requirements or other applicable criteria, in material respects.
 - (c) The methods of measurement and presentation of the supplementary information are unchanged from those used in the prior period.
 - (d) We believe the significant assumptions or interpretations underlying the measurement and/or presentation of the supplementary information are reasonable and appropriate.
 - (e) The supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.
 - (f) If the supplementary information is not presented with the audited financial statements, we acknowledge we will make the audited financial statements readily available to intended users of the supplementary information no later than the date such information and the related auditor's report are issued.
33. We understand the values of the assets and liabilities recorded in the financial statements could change rapidly, resulting in material future adjustments to investment values that could negatively impact the Plan. We acknowledge that you have no responsibility for future changes caused by the current economic environment and the resulting impact on the Plan's financial statements. Further, the plan sponsor is solely responsible for all aspects of managing the Plan, including questioning the quality and valuation of investments.
