RACI Intermediate Holdings, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2019 and 2018

1. Description of the Plan

The following description of the RACI Intermediate Holdings, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of RACI Intermediate Holdings, LLC and Subsidiaries (the Company) who have completed six months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Senior management of the plan sponsor is responsible for oversight of the Plan. The plan sponsor's senior management determines the appropriateness of the Plan's investment offerings, monitors investment performance.

In connection with the Company's 2019 acquisition of Parker Young Construction, LLC and FireStar, Inc., the Plan was amended on July 1, 2019 to allow for the participation of the former employees of Parker Young Construction, LLC and FireStar, Inc. As a result of this plan amendment, the Plan accepted rollover contributions from these former employees of approximately \$4.4 million.

Contributions

Each year, participants may contribute up to 90 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company contributes a safe harbor matching contribution equal to 100 percent on the first 3 percent of eligible earnings deferred by participants and an additional 50 percent on the next 2 percent of eligible earnings deferred by participants. In addition, the Company may make discretionary matching contributions. During the year ended December 31, 2019, the Company made no discretionary matching contributions to the Plan. In addition, the Company may contribute a discretionary profit sharing contribution at the option of management of the Company. During the year ended December 31, 2019, the Company made no discretionary profit sharing contributions to the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's safe harbor matching contributions, as well as allocations of the Company's discretionary matching contributions (if any) and discretionary profit sharing contributions (if any) and the Plan's earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

RACI Intermediate Holdings, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2019 and 2018

Vesting

Participants are vested immediately in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution and discretionary profit sharing contribution portion of their accounts is based on years of continuous service. Participants are 100 percent vested after four years of credited service. Participants become an incremental 25 percent vested after each of the first four years of service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 7.50 percent at December 31, 2019, which are based on the prime rate as published in the Wall Street Journal plus two percent. Principal and interest is paid ratably through bi-weekly and weekly payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence. See also Note 12.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may receive a lump-sum distribution equal to the value of the participant's vested interest in their account. In addition, the Plan allows for hardship distributions if certain criteria are met. In September 2019, the Plan adopted the provisions of the Bipartisan Budget Act of 2018 that allowed for the elimination of the six-month suspension and loan requirements related to hardship withdrawals. See also Note 12.

Forfeited Accounts

At December 31, 2019 and 2018 (compiled), there were no forfeited non-vested accounts. Forfeited non-vested accounts used in 2019 were not significant.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Senior management of the Company determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 3 for discussion of fair value measurements.

RACI Intermediate Holdings, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2019 and 2018

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants before March 15, 2020.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Standards

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, *Fair Value Measurement*. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the FASB finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

RACI Intermediate Holdings, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2019 and 2018

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the fund's trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,312,284	\$ -	\$ -	\$ 9,312,284

(a) Certain investments that were measured NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

For years ended December 31, 2019 and 2018, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

4. Administration of Plan Assets

The Plan's assets are administered under a contract with Reliance Trust Company, the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

RACI Intermediate Holdings, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2019 and 2018

5. Related-Party and Party In Interest Transactions

Certain of the Plan's investments are managed by the trustee, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their discretionary Company contributions.

7. Tax Status

The Plan adopted a prototype plan offered by the recordkeeper of the Plan. The prototype plan received an opinion letter dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2019 and 2018, the Plan had investments of approximately \$2.3 million and \$1.8 million (compiled), respectively, that were concentrated in two and three funds, respectively.

9. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2019. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2019 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

Notes to Financial Statements

December 31, 2019 and 2018

10. Delinquent Participant Contributions

For the year ended December 31, 2019, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions, which totaled \$80,781, were corrected outside the Department of Labor Voluntary Fiduciary Correction Program in 2020. Additionally, the Company has compensated participants for lost earnings resulting from the delay in contributions.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2018 (compiled):

Net assets available for benefits on the Statement of Net Assets Available for Benefits	\$ 4,768,726
Less: participant contributions receivable at December 31, 2018	(13,446)
Less: employer contributions receivable at December 31, 2018	<u>(8,784)</u>
Net assets per Form 5500	<u>\$ 4,746,496</u>

The following is a reconciliation of the net increase on the financial statements to Form 5500 for the year ended December 31, 2019:

Net increase on the Statement of Changes in Net Assets Available for Benefits	\$ 5,310,348
Add: participant contributions receivable at December 31, 2018	13,446
Add: employer contributions receivable at December 31, 2018	<u>8,784</u>
Net income on Form 5500	<u>\$ 5,332,578</u>

12. Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 2, 2020, the date the financial statements were available to be issued and determined that there have been no events that have occurred that would require adjustments to the disclosures in the financial statements except for the matters described in the following paragraphs.

During 2020, the Plan adopted certain provisions of the Setting Every Community Up for Retirement Enhancement (SECURE Act) related to required minimum distributions and the limitation of life-time or "stretch" distributions to remain compliant under the applicable laws and regulations. Participants should consult the plan document or summary plan description for additional information.

The Coronavirus 2019 (COVID-19) pandemic emerged at the end of 2019 and could materially and adversely affect the Plan, its operations and its performance. Government-imposed stay-at-home orders, social distancing and various other orders and guidelines have caused market performance of the investments to decline. Additionally, on March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law which provides plan, plan sponsor and participant relief. If adopted by the Plan, key features of the CARES Act could have a significant effect on the operations of the Plan. The Company has agreed to implement certain provisions of the CARES Act as it relates to the Plan.

RACI Intermediate Holdings, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2019 and 2018

The most significant item within these provisions provides for the waiving of required minimum distributions for the 2020 plan year. Additionally, the CARES Act provisions provide for significant changes to loans and distributions. Loan limits are increased to the lesser of \$100,000 or 100 percent of participants' vested account balances through September 27, 2020. For distributions, participants negatively impacted by COVID-19 can withdraw up to \$100,000 without being charged a 10 percent early withdrawal penalty for the 2020 plan year. The mandatory 20 percent tax withholding for such distributions is also suspended.

The extent to which the COVID-19 pandemic may affect the results of the Plan's operations will depend on future developments, including the duration of the outbreak and the effectiveness of actions taken to contain and treat the disease.
