NOTE A - DESCRIPTION OF PLAN

The following description of the H.A. Motors LLP Retirement Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a single employer, defined contribution plan covering all eligible employees of H.A. Motors LLP (the "Company") and its participating employers. The basic plan entry requirements include completion of 1 year of service and an age requirement of at least twenty-one years of age. Eligible employees are allowed to enroll in the plan on the first day of the month after meeting eligibility criteria. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The following companies are participating employers:

- H.A. Motors, LLP;
- Hanania AOJ, LLP;
- Hanania Blanding 1, LLP;
- Hanania Blanding 2, LLP;
- Hanania Collision Center;
- Hanania FOP, LLP;
- Hanania Miami, LLP;
- Hanania OPM, LLC;
- Hanania VOP, LLP;
- HH2 Motorcars, LLC
- HHH Motors, LLP;
- HHH Motors 2, LLC;
- Hanania-Crabtree Motorcars, LLC;
- Hanania-Richardson Motorcars, LLC; and
- Hanania-Stout Motorcars, LLC.

Contributions

Participants may contribute a percentage of their compensation to the Plan on a pre-tax basis through elective salary deferrals; however, annual contributions may not exceed the maximum allowed under the Internal Revenue Code in any calendar year. Participants of qualifying age may make additional "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations. The Company may make matching contributions as determined annually by the Company's Board of Directors. The Company may contribute additional discretionary amounts at the option of the Board of Directors.

Contributions made by the Company to the Plan are based on specific percentages of employee contributions. In 2019, the Company contributed an amount equal to 50% of the employee's contribution up to 4% of eligible compensation. There were no forfeitures used during the year.

NOTE A - DESCRIPTION OF PLAN (Continued)

Investment Options

The Plan currently offers investments in mutual fund accounts. The underlying investments are primarily stocks, bonds, and mutual funds. The Plan also has a fixed income account choice which seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. All assets in the fixed income account credited with interest using a declared monthly rate determined by Voya Institutional Trust Company ("VITC") and stated in advance.

Participants are permitted to direct the plan administrators as to respective percentages of their account balances to be invested. They are also permitted to change those percentages; and to direct the plan administrators to transfer a percentage of their accounts invested in the various accounts in accordance with guidelines established by the Plan. These balances can come from elective deferral contributions, participant and rollover contributions, and other contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, and allocations of Plan earnings or losses. The participant accounts are also charged with a portion of the administrative expenses of the Plan. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferred contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 0% vested until two years of service is completed and then participants become vested in 20% annual increments following two years of service. Participants are fully vested in Company contributions after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms cannot exceed five years, unless the proceeds are used to acquire a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. At December 31, 2019, outstanding loans bore interest rates ranging from 4.25% to 5.75%. Principal and interest is paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Excess Employee Contributions

At December 31, 2019 and 2018, the Plan had $90,020 and $45,250, respectively, recorded as excess contributions refundable to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

NOTE A - DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to retirement, attainment of age 59 ½, termination of employment, death, or disability, the participant's account may be distributed to the participant or beneficiary (in the event of the participant's death) through a lump sum payment. A participant is entitled to receive a lump-sum payment in an amount equal to the vested value of his or her account. Also, under certain hardship circumstances, a participant may withdraw a portion of the amounts credited to their account. Benefits are recorded when paid.

Forfeitures

An amount that a participant has lost the right to is called forfeiture. These amounts will first be used to pay plan administrative expenses where any excess amounts will then be used to restore previously forfeited account balances of participants who have been rehired and any additional excess amounts after that will be used to reduce Company matching contributions. There was no forfeitures used during the year. At December 31, 2019 and 2018, the unused forfeitures account balances were $28,889 and $5,042, respectively.

Administrative Expenses

The administrative expenses of the Plan are paid for in part by the Plan through charges to the participant accounts and in part by the plan sponsor directly. For the year ended December 31, 2019, plan expenses charged to participant accounts were $34,679. Net investment related expenses are included in net appreciation in fair value of investments.

Reclassifications

Certain items in the 2018 financial statements have been reclassified to conform to the presentation in the 2019 financial statements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America, the cash basis recording of benefits paid. Benefits are expensed when paid.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts which is 100% of contract value.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts, changes therein and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The investment assets are reported by the custodian at their fair market value and are valued daily using publicly available quoted market prices. The change in market value from year to year are reported as unrealized gains and losses. The Plan does not share in the realized gains of the investments, just in the change in market value. In addition, certain investment assets generate interest and dividend income for the Plan. See Note E for discussion of fair value measurements.

NOTE C - UNAUDITED INFORMATION CERTIFIED BY CUSTODIAN

VITC holds the Plan's investment assets and has certified that all information pertaining to investments included in the financial statements is complete and accurate. This investment information has not been audited by the independent auditors.

The accompanying financial statements include the following unaudited information as of December 31, 2019 and 2018 and for the year ended December 31, 2019 that was obtained from data prepared and certified to be complete and accurate by the Plan's custodian:

	2019	2018
Investments*	$ 4,783,848	$ 3,665,508
Net appreciation in fair value of investments	$ 707,917	
Interest and dividend income, excludes participant loan interest	$ 159,847	

Investment balances and information is included in supplemental Schedule H.

*All investments are certified at fair value (participant loans are not included in certification from custodian with interest income of $11,286).

NOTE D - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE E - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Fixed Income Account

The fixed income account credited interest rate, account balance and formulas upon which payments may be based are observable through the contract and related communications. Fund balances are provided on statements and are classified within Level 2 of the valuation hierarchy.

Mutual Funds

The mutual funds are actively traded with publicly quoted pricing inputs. The Net Asset Values of the funds are available in an observable market and are classified within Level 1 of the valuation hierarchy.

NOTE E - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2019			
	Level 1	Level 2	Level 3	Fair Value
Fixed income account	$ -	$ 108,863	$ -	$ 108,863
Mutual funds	4,674,985	-	-	4,674,985
Total investments at fair value	$ 4,674,985	$ 108,863	$ -	$ 4,783,848

	December 31, 2018			
	Level 1	Level 2	Level 3	Fair Value
Fixed income account	$ -	$ 124,418	$ -	$ 124,418
Mutual funds	3,541,090	-	-	3,665,090
Total investments at fair value	$ 3,541,090	$ 124,418	$ -	$ 3,665,508

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE G - TAX STATUS

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the Internal Revenue Code ("IRC"). The Plan is relying on the IRS approval of the standardized prototype plan that it is utilizing. The IRS has determined and informed the custodian by a letter dated September 1, 2014 that the prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan has determined that it does not have any material unrecognized tax benefits or obligations as of December 31, 2019. The 2016, 2017, and 2018 tax years remain subject to examination by major tax jurisdictions.

NOTE H - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Plus: Prior year Participant contributions not recorded on Form 5500	2,932
Increase in net assets available for benefits per Form 5500	$ 1,114,006

NOTE I - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares in a fixed income account and mutual funds managed by VITC. VITC is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were $34,679 for the year ended December 31, 2019.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 12, 2020, the date that the financial statements were available to be issued.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical areas in which the Company operates. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst other provisions, provide immediate and temporary relief for tax qualified retirement plans and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document.

While it is unknown how long the adverse conditions associated with the coronavirus will last, it has negatively impacted the market price of the Plan assets. The impact of coronavirus on companies continues to evolve rapidly and its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

Effective January 1, 2020, employees of the Company will be automatically enrolled at 6% into the Plan once they become eligible.

Effective April 23, 2020, H1 Pittsburgh Motorcars, LLC, H1 St. Augustine Motors, LLC, and H2 St. Augustine Motors, LLC became participating employers in the Plan.
