NOTE 1 - DESCRIPTION OF PLAN

The following description of the Orlando Telephone Company, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Orlando Telephone Company, Inc. (the "Company") who have completed three months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute up to 96% of eligible compensation, as defined in the Plan and subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employees are automatically enrolled into the Plan at a deferral rate of 3% upon becoming eligible to participate in the Plan. Participants may elect to change or discontinue his or her deferrals at any time. On January 1st of each year, the deferral rate will increase 1%, up to a maximum of 6%.

Each pay period, the Company makes matching contributions to the account of each eligible employee equal to 1% of eligible compensation plus up to 50% of the next 5% of eligible compensation that a participant contributes to the Plan. The Company may, at its discretion, make additional profit sharing contributions to the Plan on an annual basis. There were no profit sharing contributions for the 2019 Plan year.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of employer contributions, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their contributions, rollovers and employer match contributions plus actual earnings thereon. Vesting in the profit sharing contributions, plus earnings thereon, is based on years of continuous service. A participant is 100% vested after 3 years of credited service.

Payment of Benefits: Upon termination of service, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Benefit amounts under $5,000 are automatically distributed to participants in lump sum in lieu of other forms of distribution if not elected otherwise by the participant. Participants (or their beneficiaries upon the death of the participant) may elect to receive their vested account balances as a single lump-sum payment, partial distribution or in installment payments not to exceed the life expectancy of the participant or designated beneficiary. Active participants may also take in-service distributions from the Plan upon attainment of age 59½.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures: Participant forfeitures of profit sharing contributions may, at the discretion of the Company, be used to offset future employer contributions, pay administrative expenses of the Plan or be reallocated to remaining participants based upon their relative account balances.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and custodial fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 5. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer match contributions, profit sharing contributions and earnings thereon.

(Continued)

NOTE 4 - UNAUDITED INFORMATION - CERTIFIED INVESTMENTS

Substantially all information pertaining to the Plan's investments included in the financial statements, including the associated investment income (loss), was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mid Atlantic Trust Company, the custodian of the Plan. This information has not been audited by independent accountants.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds and exchange-traded funds: The fair values of mutual fund investments and exchange-traded funds are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(Continued)

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Investments measured at fair value on a recurring basis are summarized below.

	Fair Value Measurements at December 31, 2019 Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 4,759,281	$ -	$ -
Exchange-traded funds	1,542,721	-	-
Total investments	$ 6,302,002	$ -	$ -

	Fair Value Measurements at December 31, 2018 Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 3,658,149	$ -	$ -
Exchange-traded funds	1,091,281	-	-
Total investments	$ 4,749,430	$ -	$ -

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 7 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated April 10, 2014 indicating that the prototype document adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

(Continued)

NOTE 7 - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 8 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 1, 2020, which is the date the financial statements were available to be issued.

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The ultimate impact of the coronavirus on the Plan and the Company will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.

Effective January 1, 2020, the Plan was amended to exclude fringe benefits from eligible compensation.

Effective April 1, 2020, the Company terminated trust and custodial services with Mid Atlantic Trust Company and recordkeeping services with Paychex Retirement Services. Fidelity Management Trust Company and Fidelity Investments was appointed successor trustee and recordkeeper, respectively. Assets totaling $5,759,417 (unaudited) were transferred to Fidelity Management Trust Company on April 20, 2020.

Effective April 13, 2020, the Plan changed its name to Summit Broadband Inc. 401(k) Profit Sharing Plan and Trust, and adopted the Fidelity Volume Submitter Defined Contribution Profit Sharing/401k Plan prototype document.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Orlando Telephone Company, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Orlando Telephone Company, Inc. (the "Company") who have completed three months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute up to 96% of eligible compensation, as defined in the Plan and subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employees are automatically enrolled into the Plan at a deferral rate of 3% upon becoming eligible to participate in the Plan. Participants may elect to change or discontinue his or her deferrals at any time. On January 1st of each year, the deferral rate will increase 1%, up to a maximum of 6%.

Each pay period, the Company makes matching contributions to the account of each eligible employee equal to 1% of eligible compensation plus up to 50% of the next 5% of eligible compensation that a participant contributes to the Plan. The Company may, at its discretion, make additional profit sharing contributions to the Plan on an annual basis. There were no profit sharing contributions for the 2019 Plan year.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of employer contributions, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their contributions, rollovers and employer match contributions plus actual earnings thereon. Vesting in the profit sharing contributions, plus earnings thereon, is based on years of continuous service. A participant is 100% vested after 3 years of credited service.

Payment of Benefits: Upon termination of service, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Benefit amounts under $5,000 are automatically distributed to participants in lump sum in lieu of other forms of distribution if not elected otherwise by the participant. Participants (or their beneficiaries upon the death of the participant) may elect to receive their vested account balances as a single lump-sum payment, partial distribution or in installment payments not to exceed the life expectancy of the participant or designated beneficiary. Active participants may also take in-service distributions from the Plan upon attainment of age 59½.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures: Participant forfeitures of profit sharing contributions may, at the discretion of the Company, be used to offset future employer contributions, pay administrative expenses of the Plan or be reallocated to remaining participants based upon their relative account balances.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and custodial fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 5. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer match contributions, profit sharing contributions and earnings thereon.

(Continued)

NOTE 4 - UNAUDITED INFORMATION - CERTIFIED INVESTMENTS

Substantially all information pertaining to the Plan's investments included in the financial statements, including the associated investment income (loss), was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mid Atlantic Trust Company, the custodian of the Plan. This information has not been audited by independent accountants.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds and exchange-traded funds: The fair values of mutual fund investments and exchange-traded funds are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(Continued)

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Investments measured at fair value on a recurring basis are summarized below.

	Fair Value Measurements at December 31, 2019 Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 4,759,281	$ -	$ -
Exchange-traded funds	1,542,721	-	-
Total investments	$ 6,302,002	$ -	$ -

	Fair Value Measurements at December 31, 2018 Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 3,658,149	$ -	$ -
Exchange-traded funds	1,091,281	-	-
Total investments	$ 4,749,430	$ -	$ -

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 7 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated April 10, 2014 indicating that the prototype document adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

(Continued)

NOTE 7 - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 8 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 1, 2020, which is the date the financial statements were available to be issued.

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The ultimate impact of the coronavirus on the Plan and the Company will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.

Effective January 1, 2020, the Plan was amended to exclude fringe benefits from eligible compensation.

Effective April 1, 2020, the Company terminated trust and custodial services with Mid Atlantic Trust Company and recordkeeping services with Paychex Retirement Services. Fidelity Management Trust Company and Fidelity Investments was appointed successor trustee and recordkeeper, respectively. Assets totaling $5,759,417 (unaudited) were transferred to Fidelity Management Trust Company on April 20, 2020.

Effective April 13, 2020, the Plan changed its name to Summit Broadband Inc. 401(k) Profit Sharing Plan and Trust, and adopted the Fidelity Volume Submitter Defined Contribution Profit Sharing/401k Plan prototype document.

Effective January 1, 2021, the Company has decided to merge the Plan into the Insperity 401(k) Plan. As of report issuance, no formal amendment nor other Plan document has been executed as it pertains to this asset transfer.
