Notes to the Financial Statements

1. Plan Description

The following description of the Glacier Clevite Heavywall Bearings Collective Bargaining 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Miba Bearings US LLC (the Company and/or the Plan Sponsor) and any participating affiliates, if applicable, who are a part of IAM Local 986 and are eligible to participate in the Plan upon completing the Plan's eligibility requirements, including having completed three months of service. The Plan was established in 1996 and was amended effective March 1, 2018 to incorporate changes to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Under the Plan, employees may contribute any combination of pre-tax elective deferrals and Roth deferrals from 1% to 90% of their eligible earnings subject to the maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. During 2019 and 2018, rollover contributions totaled \$0 and \$3,388, respectively.

A discretionary contribution may be made by the employer at the direction of the Company for which a participant must be employed on the last day of the Plan year to qualify. The Company made no discretionary contributions in 2019 and 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of the Company's contributions and plan earnings. Allocations are based on participants' eligible earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts subject to certain maximum and minimum amounts, as prescribed in the Plan and in the Internal Revenue Code and may only have one loan outstanding at any time. The minimum loan is \$500, and participants can borrow up to 50% of their vested account balance to a maximum of \$50,000. All loans are secured by the participant's account balance and bear interest at the prime interest rate plus 2%. Loans must be fully repaid through payroll deductions within 5 years unless the loan is issued for the purchase of a primary residence.

Vesting and Forfeitures

Participants are immediately 100% vested in their elective deferral and, if any, rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their

Glacier Cleveite Heavywall Bearings Collective Bargaining 401(k) Profit Sharing Plan & Trust

Notes to the Financial Statements

accounts, plus actual earnings thereon, is based on years of service. Participants are 0% vested in contributions made by the Company until they become fully vested after three years of service.

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future employer contributions. There were no forfeitures for 2019 and 2018.

Benefit Payments

Distributions are payable upon the retirement, death, disability, or termination of employment equal to the vested balance of a participant's account either in the form of a single lump-sum payment or have the payment paid as a direct rollover to an individual retirement account or other qualified plan. Normal retirement age is 65, with in-service withdrawals allowable at age 59 ½. Minimum distribution is required if a participant continues working for the Company after attainment of age 70 ½.

Hardship Withdrawals

Financial hardship withdrawals of a participant's deferral contributions are permitted in certain circumstances of immediate and heavy financial need, as defined in the Plan agreement.

Plan Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100% vested in their account balances.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. (See Note 5 for discussion of fair value measurements.)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Glacier Clevite Heavywall Bearings Collective Bargaining 401(k) Profit Sharing Plan & Trust

Notes to the Financial Statements

Administrative Expenses

The Plan paid administrative expenses of \$2,365 and \$1,330 for the years ended December 31, 2019 and 2018. Certain professional fees for the administration and audit of the Plan are paid by the Company on behalf of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balances plus any accrued interest. Notes receivable from participants are written off when deemed uncollectible. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Recently Issued Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement - Disclosure Framework* (Topic 820). The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The Company is currently assessing the timing and impact of adopting the updated provisions.

Subsequent Events

The Plan has evaluated events and transactions that occurred between January 1, 2020 and October 12, 2020 which is the date that the financial statements were available to be issued for possible recognition or disclosure in the financial statements.

Notes to the Financial Statements

3. Summary of Financial Data Certified by the Trustee

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Reliance Trust Company has certified as complete and accurate the following information at December 31, 2019 and 2018 including the comparable information in the accompanying supplemental schedule:

	2019	2018
Investments, at fair value	\$ 3,996,671	\$ 3,283,715
Net appreciation (depreciation) in fair value of investments	\$ 640,294	\$ (435,373)
Interest and dividends	148,598	170,383
Total investment income (loss)	\$ 788,892	\$ (264,990)

As directed by the plan administrator, no auditing procedures have been performed on the above certified information except to compare such information to the information included in the accompanying financial statements and supplemental schedule.

4. Income Tax Status

The Plan obtained its latest determination letter on July 8, 2014, in which the IRS gave the opinion that the form of the Plan that the Company has adopted is acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. This opinion relates only to the acceptability of the form of the Plan under the IRC. Although the plan has been amended since receiving the determination letter, the Plan administrator and tax council believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement* are described as follows:

Glacier Clevite Heavywall Bearings Collective Bargaining 401(k) Profit Sharing Plan & Trust

Notes to the Financial Statements

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds and Money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Common collective trust funds ("CCTs") are privately managed through investment companies and are not publicly quoted. CCTs are comprised, primarily, of shares of registered investment companies held through sub-accounts of an insurance company. The CCTs are valued using net asset value ("NAV") as a practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets held through sub-accounts of a separate account of an investment company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. The Plan has concluded that the NAVs reported by the investment companies approximate the fair value of the investments. There are currently no redemption restrictions or unfunded commitments on these investments.

Glacier Clevite Heavywall Bearings Collective Bargaining 401(k) Profit Sharing Plan & Trust

Notes to the Financial Statements

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

<i>December 31, 2019</i>	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,868,383	\$ -	\$ -	\$ 3,868,383
Money market funds	128,288			128,288
Total investments at fair value	\$ 3,996,671	\$ -	\$ -	\$ 3,996,671

<i>December 31, 2018</i>	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,159,787	\$ -	\$ -	\$ 3,159,787
Money market funds	123,928			123,928
Total investments at fair value	\$ 3,283,715	\$ -	\$ -	\$ 3,283,715

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of fair value hierarchy during 2019. In 2018, the Plan adjusted the investment offerings, eliminating certain investment options available under the Plan. The CCTs valued at NAV were eliminated in this process.

6. Parties-in-Interest

Parties-in-interest are defined under Department of Labor (DOL) regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employers and certain others. Professional fees for the administration and audit of the Plan are paid by the Company on behalf of the Plan.

7. Subsequent Events

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to significant deterioration and instability in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

Glacier Clevite Heavywall Bearings Collective Bargaining 401(k) Profit Sharing Plan & Trust

Notes to the Financial Statements

On March 27, 2020, President Trump signed into law the “Coronavirus Aid, Relief, and Economic Security (CARES) Act.” The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and elected not to adopt the provisions of the CARES Act.
