Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2019 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in our audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. Notes to Financial Statements

1. Description of the Plan

The following brief description of the Macy's, Inc. 401(k) Retirement Investment Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is sponsored and administered by Macy's, Inc. ("Macy's," the "Company", the "Plan Administrator" or the "Employer"). The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and U.S. tax law. Effective October 1, 2006, the Plan was amended to establish a Macy's Employee Stock Ownership Plan ("ESOP") within the Macy's Stock Fund, under Section 4975(e)(7) of the Internal Revenue Code. This feature allows members with accounts in the Macy's Stock Fund to elect to either reinvest employer dividends into their Plan accounts or to receive these dividends in cash each quarter.

Eligibility

Effective January 1, 2016, Regular, Full-Time employees are eligible to immediately participate in the Plan. After one year of service of at least 1,000 hours and after reaching a minimum age of 21, employees are eligible for participation under the Company-Match Eligible Program in the Plan.

Contributions

Participants may elect to contribute an amount equal to 1% to 50% (subject to certain limitations) of the participant's eligible compensation. A participant may elect to make these contributions on a pre-tax basis pursuant to Section 401(k) of the Internal Revenue Code or on an after-tax basis, including Roth compensation deferrals. The Plan offers various investment options and participants direct the investment of their contributions into the various investment options offered by the Plan. A maximum of 25% of a participant's account balance and/or future savings may be elected for the Macy's Stock Fund.

Company contributions are made as soon as administratively feasible after year end. Company contributions, based on the appropriate matching contribution rate when combined with forfeitures, are contributed in cash directly to the Plan following the participants' investment elections. For the 2019 and 2018 Plan years, the contributions up to 6% of eligible compensation made by participants not eligible for pension credits were considered "basic savings" which were eligible for matching Company contributions. For such contributions, the Company contribution rates were equal to 100% on the first 1% of basic savings and 50% on the next 5% of basic savings.

MACY'S, INC.
401(k) RETIREMENT INVESTMENT PLAN

Notes to Financial Statements - Continued
December 31, 2019 and 2018

Forfeited nonvested accounts of participants who terminate employment are applied to participants' accounts in accordance with Plan provisions. During the 2019 and 2018 Plan years, forfeited nonvested accounts totaled approximately \$1,549,000 and \$1,107,000, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of each fund's earnings or losses. Allocations are based on participant account balances. As soon as administratively feasible after the end of each Plan year, the Company's applicable matching contributions are credited to the eligible individual accounts.

Vesting

Participants are immediately 100% vested in their own contributions and become 100% vested in the Company's contributions after 2 years of service. 100% vesting is also achieved through normal retirement, death or disability.

Participant Loans and Withdrawals

Participants may borrow from their accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. All loans must be repaid within five years and are also subject to certain other conditions as to security, a reasonable rate of interest and repayment schedules. The rate of interest applied to each loan is determined on the date of the loan by the Macy's, Inc. Pension and Profit Sharing Committee.

Participants are generally permitted to make withdrawals of their after-tax contributions and earnings thereon at any time. Withdrawals of pre-tax contributions are subject to the hardship rules of Section 401 of the Internal Revenue Code and Roth withdrawals are subject to a five-year holding period. At termination, participants may elect to receive the balance of their vested account either in the form of a lump sum payment or in a variety of annuity forms.

2. Summary of Significant Accounting Policies

a) Master Trust

The Plan entered into the Macy's, Inc. Defined Contribution Plans Master Trust, formerly known as The Federated Department Stores, Inc. Defined Contribution Plans Master Trust (the "Master Trust") Agreement with JP Morgan Chase Bank, formerly known as The Chase Manhattan Bank (the "Trustee"). As of December 31, 2019 and 2018 the Master Trust holds the assets of the Plan exclusively. Under the terms of the Master Trust, the Trustee serves as Trustee custodian for the Master Trust.

The Macy's, Inc. Pension and Profit Sharing Committee selects a group of investment managers who determine purchases and sales of diversified investments for the respective portions of the assets in the Master Trust managed by them.

b) Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with United States generally accepted accounting principles ("U.S. GAAP"). Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

c) Investments

Investments, where applicable, are reported at fair value as determined by quoted market prices on an active market (see Note 3). Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses on the sale of securities are reported on the average cost method.

The Plan provides for investments in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, overall market volatility, political, currency and regulatory risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Dividend income is recorded on the ex-dividend date. Interest income from other investments is recorded as earned on an accrual basis.

Notes to Financial Statements - Continued
December 31, 2019 and 2018

d) Insurance Contracts

The Master Trust holds certain synthetic guaranteed investment contracts ("synthetic GIC's") which meet the fully benefit-responsive investment contract criteria and are reported at contract value. Insurance contracts have been put in place to cover various underlying fixed income instruments, primarily U.S. treasury bonds, other government bonds, mortgage-backed securities, asset-backed securities and corporate bonds. In determining the Net Assets Available for Benefits, the synthetic GIC's are recorded at their contract value, which is equal to principal balance plus accrued interest.

Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less benefits paid and expenses charged. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer.

Generally, crediting interest rates are reviewed and reset quarterly and guarantee a positive return. The average yield was 1.94% for 2019 and 3.06% for 2018 and the average crediting rate was 2.40% and 2.49% at December 31, 2019 and 2018, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The synthetic GICs do not permit the insurance company to terminate the agreement except under certain circumstances per the terms of the agreement. The Company and Plan may terminate the agreement upon 30 days' notice.

e) Participant Loans

Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest.

f) Payment of Benefits

Benefits are recorded when paid.

g) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Such estimates and assumptions are subject to inherent uncertainties, which may result in actual amounts differing from reported amounts.

h) New Pronouncements

In February 2017, the Financial Accounting Standards Board issued Accounting Standards Update No. 2017-06, "Plan Accounting: Defined Benefit Pensions Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965), Employee Benefit Plan Master Trust Reporting (ASU 2017-06)." The amendments in this update require a plan's interest in that master trust and any change in that interest to be presented in separate line items in the statements of net assets available for benefits and in the statements of changes in net assets available for benefits, respectively. Additionally, ASU 2017-06 removed the requirement to disclose the percentage interest in the master trust for plans with divided interests and requires that all plans disclose the dollar amount of their interest in each of those general types of investments, which supplements the existing requirement to disclose the master trust's balances in each general type of investments. The amendments in ASU 2017-06 are effective for fiscal years beginning after December 15, 2018 and should be applied retrospectively with early adoption permitted. The adoption of ASU 2017-06 in 2019 did not have a material impact on the Plan's financial statements.

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13, "Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement, (ASU 2018-13)," which amends ASC 820 to add, remove, and modify fair value measurement disclosure requirements. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. Upon issuance of ASU 2018-13, early adoption is permitted for the entire standard or only for the requirements that eliminate or modify disclosures. Certain requirements of the standard should be applied prospectively, while others are required to be adopted retrospectively. Adoption of ASU 2018-13 will not have a material impact on the Plan's financial statements.

i) Subsequent Event

In February 2020, the Company announced its Polaris strategy, a three-year plan designed to stabilize profitability and position the Company for sustainable profitable growth. In conjunction with this strategy the Company streamlined its organization with a net reduction in corporate and support functions of approximately 2,000 employees, consolidated corporate campuses and announced the closure of approximately 125 stores within three years.

In March 2020, the World Health Organization declared the outbreak of the novel coronavirus (COVID-19) as a global pandemic and the virus has continued to spread throughout the United States. As a result of this outbreak, in March 2020, the Company temporarily closed all stores and temporarily furloughed the majority of its employee population. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. Because values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

MACY'S, INC.

Notes to Financial Statements - Continued
December 31, 2019 and 2018

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000;
- Increase the available loan amount to the lesser of \$100,000 or 100% of the participant's vested account balance;
- Permit COVID-19 impacted participants to take out loans while on furlough; and
- Extend the period for loan repayments, if applicable, up to one year.

In June 2020, the Company announced a restructuring that will align its cost base with anticipated near-term sales as the business recovers from the impact of the COVID-19 pandemic, including the closure of stores from March 18 through May 4, 2020 and gradual re-opening. The Company will reduce corporate and management headcount by approximately 3,900. Additionally, Macy's, Inc. has reduced staffing across its stores portfolio, supply chain and customer support network, which it will adjust as sales recover. The Company is in the process of evaluating any impacts on the Plan in 2020.

3. Investments

All of the Plan's investments are included in the Master Trust and are held by the Trustee.

The Trustee under the Master Trust, in accordance with the trust agreement, invests all contributions to the Plan among several investment funds. The funds are:

Stable Value Fund - consisting primarily of high quality fixed-income and stable value products.

S&P 500 Stock Index Fund - consisting primarily of shares of companies included in the S&P 500 Composite Stock Price Index.

Small/Mid Cap Stock Fund - consisting primarily of small and medium capitalization domestic equity securities.

International Stock Fund - consisting primarily of stocks of companies not based in the United States of America.

Macy's Stock Fund - consisting primarily of the Company's registered common stock.

Target Retirement Date Funds - consisting primarily of institutionally priced Vanguard mutual funds, which hold a mixture of equity securities and fixed income instruments.

Self-Directed Brokerage - consisting primarily of SEC registered mutual funds.

Investments held by the Plan are stated at fair value in accordance with ASC Topic 820. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). ASC Topic 820 establishes a framework for

MACY'S, INC.
401(k) RETIREMENT INVESTMENT PLAN

Notes to Financial Statements - Continued
December 31, 2019 and 2018

measuring fair value and requires additional disclosures about fair value measurements. The ASC Topic 820 fair value hierarchy consists of three levels: Level 1 fair values are valuations based on quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access; Level 2 fair values are those valuations based on quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable data for substantially the full term of the assets or liabilities; and Level 3 fair values are valuations based on inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Macy's, Inc. common stock is reported at fair value as determined by quoted market prices in active markets defined as Level 1 in accordance with the fair value hierarchy set forth in ASC Topic 820. The money market funds and pooled funds are required to publish its net asset value (NAV) on a daily basis and to transact at their NAV. As such, the Plan's investments are deemed to be actively traded and have readily determinable fair values as defined by U.S. GAAP. The money market funds include fixed-income securities with maturities of three months or less. The pooled funds contain a mix of domestic common stocks and bonds, international common stocks and bonds, and cash and cash equivalents. The Plan can redeem these investments daily, and there are currently no redemption restrictions on these investments. The self-directed brokerage mutual funds trade daily with daily liquidity. They include fixed income funds, equity funds, balanced funds, index funds, international funds and specialty funds such as real estate and health funds. The Plan has no unfunded fund commitments at December 31, 2019.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The investments of the Plan that are measured at fair value on a recurring basis as of December 31, 2019 and 2018, and their level within the fair value hierarchy, are as follows:

5. Related Parties

Certain Master Trust investments are shares of the JP Morgan Prime Money Market Fund totaling approximately \$20,340,000 and \$19,309,000 at December 31, 2019 and 2018, respectively. JP Morgan Chase Bank is the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

In addition, the Plan paid the Trustee approximately \$290,000 in administrative expenses, principally Trustee fees, in both 2019 and 2018. In addition to expenses incurred by third party service providers, administrative expenses include salaries and benefits for Macy's associates who provide services to the Plan. Macy's allocated approximately \$545,700 and \$593,400 in administrative expenses to the Plan in 2019 and 2018, respectively.

The Plan holds shares of the common stock of Macy's, Inc., the Plan Administrator. Macy's, Inc. common stock held by the Plan was 4% and 8% of the Plan's total investments at December 31, 2019 and 2018, respectively.

6. Plan Amendments and Termination

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. In the event the Plan is terminated, the Company would have no further obligation to make contributions, and all sums credited to individual accounts (after expenses) would be distributed to participants.

7. Federal Income Taxes

The Plan obtained its latest favorable determination letter on March 24, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires management to evaluate tax positions taken by the Plan. The financial statement impact of the tax position is when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

8. Administrative Expenses

The Plan pays reasonable and necessary expenses incurred for the ongoing administration of the Plan. Administrative expenses include third party service providers and salaries and benefits for Macy's associates who provide services to the Plan.

9. Legal Proceedings

The Plan is involved in various proceedings that are incidental to the operations of the Plan. As of the date of this report, the Plan Administrator does not expect that any of such proceedings will have a material adverse effect on the Plan's financial statements.
