NOTE 1 – DESCRIPTION OF PLAN

Tifco Industries, Inc. Employees' 401(k) Plan (the Plan) is a qualified retirement plan adopted by TIFCO Industries, Inc. (the Company) to provide employees with the opportunity to save for retirement on a tax-deferred basis. The Plan was originally effective January 1, 1967, and has since been amended and restated to conform to new tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

Eligibility – All employees of the Company, except for union employees, who have completed six months of service are eligible to participate in the Plan upon reaching an entry date. The entry date is the first day of the Plan year coinciding with or next following the date the employee satisfies the eligibility requirement.

Contributions – Participants may elect to defer an amount of compensation into the Plan not to exceed a dollar limit that is set by law. Participants who have attained age 50 before the end of a calendar year may elect to defer additional amounts as catch-up contributions. Participants may modify or revoke their election at any time. Participants are also permitted to deposit into the Plan distributions they have received from other plans and certain IRAs as rollover contributions.

The Company may contribute a discretionary percentage of participants' salary deferrals which will be determined each year. For 2019, the Company contributed a matching amount equal to 25% of participant contributions up to 6%. The Company may also make a discretionary profit sharing contribution. For 2019, the Company elected not to make a profit sharing contribution.

Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, rollovers, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and rollovers plus actual Plan earnings thereon. Vesting in employer contributions and actual Plan earnings thereon is based on vesting years of service. Participants become 100% vested after six years of credited service.

Investment Options – Participants direct the investment of their interest in the Plan. The Plan currently offers mutual funds and a money market fund as investment choices for participants. Participants may exchange or transfer money between investment securities at any time.

Payment of Benefits – If a participant terminates employment for any reason, including retirement, and the value of their vested benefit does not exceed $5,000, they will be entitled to a lump-sum distribution within a reasonable time after termination of employment. If the vested benefit exceeds $5,000, they must elect to receive the benefit in either a single lump-sum payment or installments over a period of not more than their assumed life expectancy.

Distributions from a participant's account before they terminate employment are permitted upon attainment of age 59½ or if the participant incurs a proven financial hardship.

Notes Receivable From Participants – Loans are available to participants on a reasonably equivalent basis. No loan in an amount less than $1,000 will be made. The maximum loan will be the lesser of $50,000 reduced by the excess of their highest outstanding balance of loans from the Plan during the prior one-year period or ½ of their vested account balance.

All loans are adequately secured and charged a reasonable rate of interest. Generally, the term of the loan may not exceed five years unless used by the participant to purchase a principal residence.

Forfeited Accounts – The non-vested portion of a terminated participant's account balance remains in the Plan as a forfeiture. Forfeitures may be used for the payment of Plan expenses. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $7,473 and $2,087, respectively. In 2019, Plan expenses of $10,387 were paid from forfeited non-vested accounts.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Excess Participant Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 and 2018 excess contributions to the applicable participants prior to March 15, 2020 and 2019, respectively.

Benefits Paid to Participants – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through October 13, 2020, the date the financial statements were available to be issued. See *Note 10* for a discussion of subsequent events.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund – Valued at the daily closing price reported as reported by the fund. The money market fund is an open-end mutual fund that is registered with the SEC. This fund is required to publish its daily NAV and to transact at that price. The money market fund is deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 17,160,107**	**$ -**	**$ -**	**$ 17,160,107**

Investments at fair value	**$ 18,972,539**	**$ -**	**$ -**	**$ 18,972,539**

	2018			
	Level 1	Level 2	Level 3	Total

Investments at fair value	$ 16,500,391	$ -	$ -	$ 16,500,391

NOTE 4 – CERTIFIED INVESTMENTS

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, dividends, and interest for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Newport Trust Company, the trustee of the Plan.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Newport Trust Company. Newport Trust Company is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA.

NOTE 6 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested. The Company will direct the distribution of participants' accounts in a manner permitted by the Plan as soon as practical.

NOTE 7 – TAX STATUS

The Company adopted a prototype non-standardized profit sharing plan with CODA sponsored by Newport Retirement Services LLC. The prototype plan received its latest opinion letter on March 31, 2008, in which the IRS stated that the prototype plan was acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net asset available for benefits.

NOTE 10 – SUBSEQUENT EVENTS

In March 2020, the World Health Organization declared the outbreak of the coronavirus disease (COVID-19) as a pandemic. The outbreak in the United States has negatively impacted economies and global financial markets. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration. Because of the uncertainty of the duration or impact of this pandemic, the near- and long-term financial impact cannot be reasonably estimated at this time.

In April 2020, the Plan adopted the applicable provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) enacted March 27, 2020. The CARES Act took immediate effect and allows for qualifying participants who experience adverse effects due to COVID-19 to take "coronavirus-related distributions" with a repayment or rollover during the three-year period beginning the date after the distribution date, increase the Plan's loan limits, and extend loan repayment deadlines. The CARES Act also permits the Plan to postpone required minimum distributions for one year. Full impact on the Plan is unknown at this time.
