Fuerst Group 401(k) Plan

Notes to Financial Statements

Note 1 - Plan Description:

The following description of the Fuerst Group 401(k) Plan (the Plan), formerly known as KEEN, Inc. 401(k) Plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan that was established in September 14, 2005 and restated effective January 1, 2009. The Plan is sponsored by Fuerst Group, Inc., formerly known as Fuerst Corporation, and includes Fuerst Group, Inc. and KEEN, Inc. and its subsidiary as a participating employer (collectively, the Company) to provide benefits to eligible employees, as defined in the Plan agreement. Effective October 1, 2013, the Plan was amended to include employees of Chrome Industries and ROFU Accessories Group. Effective, January 1, 2015 the Plan was amended to included employees of ROFU Chico. The Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On December 27, 2018, the Trustees signed an amendment to merge the Fuerst Group Profit Sharing Plan into the Plan effective December 31, 2018. On the effective date, $6,059,764 of plan assets were transferred into the Plan pursuant to the Merger Agreement.

The Plan was amended effective January 1, 2019, the more significant of which includes the addition of a nonelective contribution and gateway contributions by the Company. In addition, the Plan may impose a minimum elective deferral percentage of 1%, or a minimum, flat dollar amount.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was enacted and signed into law. The CARES Act provided plan sponsors the ability to offer participants penalty-free distributions up to $100,000, increased loan limits and deferment of loan payments. The CARES Act also temporarily waived required minimum distributions for terminated participants in calendar year 2020. The Plan has implemented these provisions by executing an amendment to the Plan effective May 1, 2020. The Plan Sponsor is evaluating the financial impact of this legislative change.

b. Eligibility

Employees become eligible to enter the Plan on the first day of the month coinciding with or next month following the date of employment with the Company. In order to be eligible to receive the employer discretionary profit-sharing contribution, the employee must be employed on the last day of the year and have surpassed 1,000 hours. Participants may become eligible for qualified nonelective contributions based on calculations by the third party administrator for purposes of Plan compliance. Participants who are non-highly compensated employees, as defined by the Plan, and who receive an allocation of employer contributions during a plan year are eligible for gateway contributions.

c. Contribution

Participants may make salary deferral contributions up to the maximum amount of their eligible pre-tax compensation, not to exceed the amount allowable under current income tax regulations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans, subject to approval by the Plan Administrator.

The Company may make a discretionary matching contribution. For 2019, the Company matched employee contributions of up to 50% of the first 6% of participant's eligible compensation on a per pay period basis. The Plan allows for discretionary profit-sharing contributions by the Company. For 2019, the Company contributed 2.50% of eligible compensation. The Plan allows for nonelective contributions representing discretionary amounts to each participant paid by the Employer. The Plan also permits gateway contributions in an amount necessary to satisfy the minimum allocation gateway requirement as defined by the Plan.

d. Payment of Benefits

Upon termination of employment, the participants or their designated beneficiaries may elect to leave their account balances in the Plan, roll their account balance over into another qualified plan or IRA, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in his or her account. The Plan provides that if interest in the Plan is $5,000 or less, regardless of consent, a lump sum distribution will be made to the participant. The Plan also allows for hardship withdrawals by the participant as outlined in the Plan document. None of the participants have requested at December 31, 2019 and 2018 to withdraw from the Plan as of that date.

e. Participant Accounts

Each participant's account is credited with the participant's salary deferral contributions, the participant’s qualified rollover contributions, the Company's discretionary matching contributions, the Company’s discretionary profit-sharing contributions, Plan earnings or losses, and deduction of administrative costs.

f. Participant Investment Options

Upon enrollment in the Plan, a participant may direct their contributions and the Company's discretionary matching contributions in any of the selected investments offered by the Plan. Otherwise, these contributions will be automatically directed into a default investment per the Plan. Participants may change their investment options any time throughout the year (subject to specific limitations placed by certain investment funds) via the John Hancock Internet website, except for those investments in the frozen asset account, see Note 6 for details.

g. Vesting

Participants are immediately vested in their contributions, including rollovers of funds from other qualified retirement plans and earnings thereon. The portion of the participants' accounts attributable to the Company's discretionary matching contributions becomes 100% vested over three years of credited service as defined in the Plan. Participants shall be 100% vested in all qualified nonelective contributions amounts, regardless of years of credited service.

h. Forfeitures

Forfeitures are credited when participants separate from service before they are 100% vested in the Company's discretionary matching contribution or discretionary profit sharing contribution portions of their accounts plus actual earnings thereon. Amounts of participants' forfeited nonvested accounts may be used to reduce employer contributions that may be required or be used to pay any administrative expenses of the Plan. As of December 31, 2019 and 2018, forfeited accounts totaled $88,857 and $33,971, respectively.

i. Notes Receivable from Participants

Participants may borrow up to the lesser of $50,000 or 50% of the participant's account balance. The loans are secured by the participant's balance. Such loans bear a reasonable interest at the available market financing rates and must be repaid to the Plan within a reasonable period of time. The Plan Administrator establishes the specific terms and conditions of such loans. Outstanding loans as of December 31, 2019 carry interest rates from 4.25% to 6.50%.

j. Administration

The Company appointed Brady Fuerst, formerly Rory W. Fuerst and Lisa Fuerst, as the Trustee of the Plan, and contracted with John Hancock Life Insurance Company (U.S.A.) (the Custodian) as the custodian and Improved Funding Techniques, Inc. as the third-party administrator. Wells Fargo Advisors is the custodian of certain non-participant directed investments.

Note 2 - Summary of Significant Accounting Policies:

a. Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

b. Investment Valuation and Income Recognition

Certain investments of the Plan are held by the Custodian and invested based upon instructions received from participants. Investments in interest bearing cash, common stocks, and exchange-traded funds are deemed nonparticipant directed investments. The Plan's investments in pooled separate accounts, common stock, and exchange-traded funds are valued at fair value as of the last day of the Plan year. The guaranteed interest account is valued at cost plus accrued interest which approximates fair value. Interest bearing cash is valued at cost, which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments in the Statement of Changes in Net Assets Available for Plan Benefits includes both the unrealized appreciation (depreciation) in the aggregate fair value of investments and realized gains and losses on sale of investments purchased and sold as well as held during the year.

The market volatility of equity-based investments may substantially impact the value of such investments at any given time.

It is likely that the value of the Plan's investments, both in total and in individual participant accounts, has fluctuated since December 31, 2019.

The 2019 novel coronavirus (COVID-19) has adversely affected, and may continue to adversely affect economic activity globally, nationally and locally. Following the COVID-19 outbreak in January 2020, the values of investment securities have fluctuated significantly. These economic and market conditions and other effects of the COVID-19 outbreak may continue to adversely affect the Plan. The extent of the adverse impact of the COVID-19 outbreak on the Plan’s participants’ account balances and the amounts reported in the 2019 Statement of Net Assets Available for Plan Benefits cannot be predicted at this time.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as an adjustment to net appreciation (depreciation) in fair value of investments.

c. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent loans are treated as distributions based upon the terms of the plan document.

d. Interest Bearing Cash

Interest bearing cash consists primarily of cash and money market funds. The Plan considers investments with maturities of three months or less at the time of purchase which are not held for long-term investment as cash and cash equivalents.

e. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

f. Benefits to Participants

Benefits are recorded when paid.

g. Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework–Changes to the Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

h. Subsequent Events

The Plan Administrator evaluated subsequent events from December 31, 2019 through October 12, 2020, the date the financial statements were available to be issued, and there were no material subsequent events that required recognition or disclosure except as described in Notes 1(a) and 2(b):

Note 3 - Information Certified by John Hancock Life Insurance Company (U.S.A.):

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by John Hancock Life Insurance Company (U.S.A.) (the Custodian) and furnished to the Plan Administrator.

The Plan Administrator has obtained certifications from the Custodian, that information provided to the Plan Administrator by the Custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

December 31,	2019	2018
Investments, at fair value:		
Pooled separate accounts	$ 31,699,605	$ 23,192,785
Guaranteed interest fund	$ -	$ 2,816
Notes receivable from participants	$ 333,022	$ 243,180
Non-interest bearing cash	$ 127,910	$ 32,649

The Custodian also certified to the completeness and accuracy of $5,653,907 of net appreciation in fair value of investments and $18,546 of interest from notes receivable from participants for the year end December 31, 2019.

Note 4 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets

- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement on a recurring basis and recognized in the accompanying Statement of Net Assets Available for Plan Benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled Separate Accounts: Valued at the net asset value (NAV) of the fund as determined by the Custodian. NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. NAV of a pooled separate account is calculated based on a compilation of observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund.

Guaranteed Interest Fund: Valued at fair value based on the expected receipt of interest at credit rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. The Plan's investment in group annuity contracts are held with the Custodian. The group annuity contract promise contract value for a benefit event (termination, death, disability, and retirement); however, there is a possible market value adjustment, which is also called a surrender charge, when funds are withdrawn prior to their maturity. Thus, the group annuity contracts are not considered fully benefit-responsive and, therefore, fair value is the relevant measurement attribute. The Plan's investment in group annuity contacts are valued at fair value. Fair value is determined by withdrawal value prior to maturity as reported by the Custodian. The effective interest rates range from 1.58% to 1.96% at December 31, 2018.

Interest Bearing Cash: Short-term money market instruments are valued at cost, which approximates fair value based on quoted market prices available on an active market.

Common Stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Exchange-Traded Funds: Valued based on quoted prices in markets on which the funds are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

December 31, 2019	Level 1	Level 2	Level 3	Total
Nonparticipant directed:				
Interest Bearing Cash	$ 1,761			$ 1,761
Common Stocks	793,175			793,175

	$1,091,808	$ -	$ -	1,091,808
Investments measured at NAV using practical expedient (a)				31,699,605
Investments, at fair value				$ 32,791,413

December 31, 2018	Level 1	Level 2	Level 3	Total
Participant directed:				
Guaranteed Interest Fund			$ 2,816	$ 2,816
Nonparticipant directed:				
Interest Bearing Cash	$ 127,044			127,044
Common Stocks	498,955			498,955
Exchange-Traded Funds	222,278			222,278
	$ 848,277	$ -	$ 2,816	851,093
Investments measured at NAV using practical expedient (a)				23,192,785
Investments, at fair value				$ 24,043,878

(a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2019		2018				
Category	Number of Funds	Fair Value	Number of Funds	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled Separate Account (a)	41	$ 31,699,605	108	$ 23,192,785	N/A	No limit	None

(a) Significant investments include 1) the Balanced Fund which provide a balance between a high level of current income and growth of capital with a greater emphasis given to income and capital growth, respectively; 2) the Growth Funds which seek to provide long term growth of capital by investing in stocks of domestic and international issuers; and 3) Lifecycle Targeted funds which use asset allocation strategies designed for expected retirement dates.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2019:

	Guaranteed Interest Fund
Balance, beginning of year	$ 2,816
Net depreciation	(298)
Transfer to other Plan investments	(2,518)
Balance, end of year	$ -

Note 5 - Investments:

During 2019, the Plan's investments (including investments bought, sold, and held during the year) appreciated in fair value by $5,880,269 as follows:

Participant directed:		
Pooled Separate Accounts	$	5,653,907
Nonparticipant directed:		
Common Stocks		174,881
Exchange-Traded Funds		51,481
	$	5,880,269

Note 6 - Frozen Asset Account:

Certain participants of the Plan were allocated certain investments in common stock, exchange-traded funds, and money market funds. To obtain full realization on these investments, the Trustees elected not to liquidate these funds when the Plan merged with another qualified plan on January 1, 2005 and then again on December 31, 2018. These assets are maintained in Frozen Asset Accounts with participants restricted from making any additional investment or making withdrawals from these funds. These assets are nonparticipant directed.

Note 7 - Income Tax Status:

The Internal Revenue Service has determined and informed the Plan Administrator by a letter dated March 8, 2016 that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that is more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 8 - Plan Termination:

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, all participants immediately become 100% vested in their entire account.

Note 9 - Related Party and Party-in-Interest Transactions:

The Plan investments in pooled separate accounts and guaranteed income fund are managed by the Custodian. Any purchase and sales of these funds are open market transactions at fair market value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Company.

Note 10 - Risks and Uncertainties:

The Plan provides for various investment options in any combination of the pooled separate accounts, common stock, exchange-traded funds, and other investments offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the nature of risk associated with investment securities, it is at least reasonably possible that changes in the level of risk in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

All of the Plan's investments are held with the Custodians.
