INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Participants of
The Great Lakes Brewing Co. Employee Stock Ownership Plan and Trust

Report on the Financial Statements

We have audited the accompanying financial statements of The Great Lakes Brewing Co. Employee Stock Ownership Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant

accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Great Lakes Brewing Co. Employee Stock Ownership Plan and Trust as of December 31, 2019 and 2018, and changes in net assets available for benefits for the year ended December 31, 2019 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules I and II, referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 - SUMMARY OF PLAN

The following brief description of The Great Lakes Brewing Co. Employee Stock Ownership Plan and Trust (the Plan), is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Great Lakes Brewing Co. Employee Stock Ownership Plan and Trust is a defined contribution plan covering all employees of The Great Lakes Brewing Co. (the Company). It became effective on January 1, 2018 and is designed to primarily invest in employer securities. The plan operates, in relevant part, as an employee stock ownership plan ("ESOP") and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 ("IRC"), and Section 407(d)(6) of the Employee Retirement Income Security Act of 1974 ("ERISA"). Accordingly, the Plan is administered by individuals appointed by the Board of Directors of the Company. Mark Mills, CPA, is the Plan's Trustee. As of December 31, 2019 and 2018, the Plan held 8,709.1220 and 4,818.2767 shares, respectively, of the Company's common stock.

The more significant provisions of the Plan are as follows:

Basis of Presentation

The financial statements of The Great Lakes Brewing Co. Employee Stock Ownership Plan and Trust have been prepared using the accrual basis of accounting, in conformity with generally accepted accounting principles.

Eligibility

All employees of the Company are eligible to participate in the Plan once they have performed one year or more of service. The Plan excludes from eligibility employees covered by a collective bargaining agreement, leased employees, those employed by affiliates not participating in the Plan, or those employed under an arrangement that precludes participation. The plan provides for quarterly entry dates.

Investment Options

Investments are held in a trust created under the Plan. Investments consist of shares of closely-held common stock of The Great Lakes Brewing Company Co. The common stock account is made up of shares of Class A common stock that have been contributed to the Plan by the Company and have been allocated to the participants.

NOTE 1 - SUMMARY OF PLAN (CONTINUED)

Contributions

Participants may not contribute to the Plan. The Company, at its discretion, may make a contribution to the Plan in the form of cash or company stock without regard to accumulated net profits of the Company and is determined by the Board of Directors. The contribution is allocated to participants according to their eligible compensation.

Vesting Requirements

A separate account is maintained for each participant to record their share of contributions, forfeitures and plan earnings. The participant's portion of the Company contribution becomes fully vested after 3 years of service. Prior to three years of service, the contributions are 0% vested.

Forfeitures

Non-vested account balances remaining in terminated participant accounts on the last day of their employment will be forfeited as of the date of termination of employment. Forfeited balances are removed from the participant account and allocated among the remaining active participants in the Plan on the last day of the year. The total value of forfeitures removed from participant accounts and allocated to remaining participants in the year ending December 31, 2019 was \$4,410.

Voting Rights

Each participant is entitled to exercise certain voting rights attributable to the voting shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. Currently, the only shares of stock allocated to ESOP participants are voting shares.

Benefit Payments

In general, each participant receives the value of their vested individual account in equal annual installments over a period not to exceed 5 years (longer if the account value exceeds certain thresholds). Upon normal retirement, death, or disability retirement, distribution generally will commence as soon as administratively possible after the retirement date. Upon termination of a participant for reasons other than attainment of Normal Retirement Age (62), death, or disability, distribution generally will commence as soon as administratively possible after the Plan year in which their normal retirement date occurs, unless an earlier distribution election is made, which may not be earlier than the close of the fifth Plan year following their termination. Regardless of a participant's termination event, if they have attained age 55, they may elect to receive a lump sum distribution of the value of their individual account. Furthermore, if the value of their account is less than \$5,000, distribution will be made as soon as administratively possible.

Benefit distributions are recorded when paid to participants and are made in the form of cash or rollover to another eligible retirement plan. If sufficient cash is not available in the Plan at the date of distribution, the Company may purchase, or make a cash contribution to the ESOP to purchase, the shares credited to the participants' accounts and distribute the proceeds in cash. While the Company is subject to share ownership restrictions, there will be no distributions of stock.

NOTE 1 - SUMMARY OF PLAN (CONTINUED)

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account if they remain employed. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage increases to 50 percent. Participants who elect to diversify will have the shares cashed out and the balance transferred to the Company 401(k) account, where the participant can direct the investment of the account. Based on the initial effective date of the Plan, diversification will not become applicable before the 2028 Plan year.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants that is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting, in conformity with generally accepted accounting principles.

Contributions

Contributions due from the Company, if any, are accrued when approved by the Board of Directors. Such accrued contributions are funded by the Company prior to filing its federal income tax return, including extensions.

Administrative expenses

The expenses necessary to administer the Plan are paid by the Plan or Plan sponsor including, but not limited to, those involved in retaining necessary professional assistance from an attorney, an accountant, an actuary or an investment advisor.

Valuation of Investments

An independent annual stock valuation was performed on the closely-held common stock to determine its fair value as of December 31, 2019. Cash is valued at carrying value.

THE GREAT LAKES BREWING CO.
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (CONTINUED)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from estimates.

Risk of Uncertainties

The Plan invests primarily in employer stock, although it may provide that certain assets be held in various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in value in the near term would materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

NOTE 3 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments in 2019 and 2018 are shares of The Great Lakes Brewing Co. common stock, which shares have been contributed to the Plan by the Company. The Great Lakes Brewing Co. is the plan sponsor, and therefore, these transactions qualify as party-in-interest transactions. Certain fees for administrative expenses are with the custodian and are not considered prohibitive transactions under ERISA.

NOTE 4 - INCOME TAX STATUS

The Plan is intended to constitute an employee stock purchase plan within the meaning of IRC Section 423. Issuance of shares under this plan is not intended to result in taxable income to participants in the Plan, based on provisions of the IRC. Accordingly, the Plan is designed to be exempt from income taxes. The Company believes the Plan has been operated in accordance with the IRC, and therefore, no provision for income taxes has been reflected in the accompanying financial statements.

The plan obtained its latest determination letter on May 12, 2020, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Service.

THE GREAT LAKES BREWING CO.
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 4 - INCOME TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - PLAN TERMINATION

Although it has expressed no intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 6 – INVESTMENTS

The Company stock is held at the offices of Tucker Ellis LLP, which is accessible only by top Company management.

Crowe LLP, the Third Party Administrator of the Plan, maintained the recordkeeping for the common stock accounts in 2019 and 2018. The accounts are credited with earnings/losses on the underlying common stock investment and charged for plan withdrawals. These investments are included in the financial statements at fair value, as determined by an independent appraisal, completed annually.

Net depreciation on the value of investments totaled \$41,245 for the year ended December 31, 2019.

NOTE 7 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

THE GREAT LAKES BREWING CO.
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 7 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2019 and 2018.

Common Stock - Closely Held, Class A Voting Shares: Valued at fair value per an independent evaluation. The evaluation is based primarily upon the Company's stated stockholders' equity and an analysis and consideration of the financial and other results for the year ended December 31, 2019.

Cash: valued at carrying value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019

NOTE 9 - PARTICIPANTS SEPARATED FROM SERVICE WITH A DEFERRED VESTED INTEREST

As of December 31, 2019, 45 participants with vested account balances totaling \$61,556 have separated from service and have not been paid.

NOTE 10 - SUBSEQUENT EVENTS

Subsequent events were reviewed through October 8, 2020, the date the financial statements were available for issue. There were no subsequent events to report as of that date.

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The Plan invests in Common Stock of the Plan Sponsor. This investment is exposed to various risks, such as interest rate, market and credit risks. It is at least reasonably possible that changes in the fair value of the investment will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. The impact of COVID-19 continues to evolve rapidly and the Company is not able at this time to estimate its full impact on the Plan's financial statements.
