Note 1 - Description of the Plan

The following description of Southeast Mechanical Contractors 401(k) Plan (the "Plan") provides only general information. A more complete description of the Plan's provisions may be found in the Summary Plan Description, which has been distributed to all participants, and also in the Plan document, which is also available to all Plan participants upon request.

General: The Plan is a defined contribution plan that was originally established on February 15, 2002 by Southeast Mechanical Contractors, LLC d/b/a Southeast Mechanical Contractors (the "Sponsor" or "Employer") to provide benefits to eligible employees who are of age eighteen or older and have completed three months of service. Effective December 14, 2017 the Plan was amended and restated in its entirety. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, eligible participants may contribute a specific percentage or dollar amount of annual compensation, subject to certain guidelines prescribed by the Internal Revenue Code and other limitations specified in the Plan. Contributions to the Plan are pre-tax and are deductible from gross income for federal income tax purposes. In addition, the Plan allows for rollover contributions from other plans under certain conditions.

For the year ended December 31, 2019, total employer and participant contributions may not exceed the lesser of 100% of compensation or $ 56,000. Participants may contribute to the Plan a maximum of $ 19,000, as well as an additional $ 6,000 for eligible participants over 50 years of age.

The Plan Sponsor has made a Safe Harbor election for the Plan. The Sponsor's safe harbor contribution is dollar-for-dollar matching on salary deferrals up to four percent (4%) of qualified compensation. This safe harbor contribution is fully vested when made.

As determined annually by the Sponsor's management, the Sponsor may make a discretionary profit sharing contribution, which is allocated among the participants based on a pro rata formula. Discretionary profit sharing contributions of approximately $ 9,000 were made by the Sponsor for the year ended December 31, 2019.

Participants' accounts (self-directed): Each participant's account is credited with the participant's contribution, an allocation of the Sponsor's contribution and the Plan's gains or losses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested on their voluntary contributions, rollovers, and safe harbor matching, plus the earnings thereon. Vesting of the remainder of their accounts is generally based on years of continuous service according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Note 1 - Description of the Plan (continued)

Upon attainment of normal retirement age of 65 or if the participant becomes deceased or is disabled, the Plan provides for 100% vesting of Company contributions and earnings.

Notes receivable from participants: Participants may borrow from their account balance a minimum of $ 1,000 up to the maximum, which is the lesser of 50% of their vested account balance, reduced by any current outstanding loan balance, or $ 50,000, reduced by the highest outstanding loan balance during the one-year period ending the day before the loan is made. The loans are secured by the participant's account balance and bear interest determined by the Plan Administrator based on current rates charged on similar commercial loans, ranging from 4.25% to 6.50% as of December 31, 2019. Principal and interest are paid ratably through weekly payroll deductions. At December 31, 2019 and 2018, participant loans totaled $ 41,998 and $ 37,254, respectively. Interest income earned in connection with participant loans for the year ended December 31, 2019 was $ 2,432.

Hardship withdrawals: A participant who is experiencing a financial hardship, as defined in the Plan documents, may request a withdrawal of all or any portion of such participant's salary deferral contributions, excluding certain earnings.

Forfeitures: Any portion of a terminated participant's account which is forfeited and was not vested in accordance with the Plan agreement shall be used by the employer to defer plan costs. As of December 31, 2019, there was no balance in the non-vested forfeitures account nor were any forfeitures used to pay administrative expenses of the Plan.

Payment of benefits: Benefit payments and distributions of a participant's account are made upon the normal retirement age of 65, late retirement, termination from service with the Company, death, disability, or hardship. In-service distributions can be made only if the participant has attained age 60 and is fully vested in their account. Distributions may be made in lump-sum or installments. In addition, the Plan allows for automatic distribution of participant account balances that do not exceed $ 5,000.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting: The Plan's policy is to prepare its financial statements on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America. Consequently, additions to net assets are recognized when earned and deductions from net assets are recognized when the obligation is incurred.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded as earned. Related fees are charged directly to the borrowing participant's accounts and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment valuation and income recognition: At December 31, 2019 and 2018, the Plan's investments were primarily held in mutual funds. Investments are reported at their fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The net appreciation or depreciation in the fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. See Note 5 for discussion of fair value measurements.

Note 2 - Summary of Significant Accounting Policies (continued)

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued as it is earned and dividend income is recorded as of the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures in the financial statements and the reported amounts of additions to and reductions from net assets during the reporting period. Accordingly, actual results could differ from those estimates.

Administrative expenses: Certain administrative expenses are paid directly from Plan assets, which amounted to approximately $ 44,800 for the Plan year ending December 31, 2019. The Sponsor pays all other administrative expenses.

Date of management review: Subsequent events have been evaluated by management through October 12, 2020, the date the financial statements were available to be issued.

Note 3 - Information Certified by the Plan's Trustee

The Plan Sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, PAi Trust Company, Inc., the trustee of the Plan assets, has certified to the completeness and accuracy of all investments, including notes receivable from participants on the accompanying statement of net assets available for benefits as of December 31, 2019 and 2018; the related investment activity reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019; and the information reflected on the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2019.

Note 4 - Cash Receipts and Payments

All contributions to the Plan have been placed in investments referred to in Note 5. In addition, there have been benefit, withdrawal and corrective distribution payments of $ 461,003 to Plan participants during the year ended December 31, 2019.

Note 5 - Fair Value Measurements

In accordance with the Financial Accounting Standards Board in its Accounting Standards Codification, (ASC) No. 820, *Fair Value Measurements and Disclosures*, the Plan has defined and established a framework for measuring fair value and expanded disclosures about fair value measurements. Various inputs are used in determining the value of the Plan's investments. These inputs are summarized in three levels listed below:

Note 5 - Fair Value Measurements (continued)

- Level 1 - inputs are quoted market prices (unadjusted) in active markets for identical investments that the reporting entity can access at the measurement date.

- Level 2 - inputs are other than quoted prices included within Level 1 that are observable for the investments, either directly or indirectly (e.g. quoted prices in active markets for similar securities, securities valuations based on commonly quoted benchmarks, interest rates and yield curves, and/or securities indices).

- Level 3 - inputs are significant unobservable inputs (e.g. information about assumptions, including risk, market participants would use in pricing a security).

The inputs or methodology used for valuing securities are not necessarily an indication of the risks associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money Market funds: The fair value of money market funds is valued at the net asset value (NAV) of the shares based on the daily closing price as reported by the funds.

Fair values of investments held by the Plan are classified as follows:

	Total	Level 1	Investments Valued at NAV
At December 31, 2019:			
Mutual funds	$ 2,959,663	$ 2,959,663	$ -
Total	$ 2,959,663	$ 2,959,663	$ -
At December 31, 2018:			
Mutual funds	$ 2,525,127	$ 2,525,127	$ -
Money market funds	41	-	41
Total	$ 2,525,168	$ 2,525,127	$ 41

Note 6 - Tax Status

The Plan obtained its latest determination letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan, a volume submitter profit sharing plan with CODA, was in compliance with the applicable requirements of Internal Revenue Code Section 401(k) (IRC). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Trust is, therefore, exempt from federal income tax.

The Plan Administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax period in progress.

Note 7 - Parties-in-Interest

Section 3(14) of ERISA defines a party-in-interest to include fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the Trustee are considered party-in-interest transactions.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8 - Risks and Uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect a participant's account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 9 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become one hundred percent (100%) vested in their accounts.

Note 10 - Subsequent Event

In March 2020, the *World Health Organization* declared the outbreak of a coronavirus (COVID-19) a pandemic. As a result, the local and global financial markets are experiencing significant declines and creating economic uncertainties. At this time, it is unknown how this negative outlook will impact the Plan's financial statements. No adjustments have been made to the accompanying financial statements as a result of these current events.
