# News Corp 401(k) Savings Plan

## Notes to Financial Statements

December 31, 2019

### 1. Description of Plan

The following description of the News Corp 401(k) Savings Plan (the Plan) provides general information about the Plan's provisions. The Plan was amended and restated in its entirety effective January 1, 2017. The Plan is intended to qualify as a profit sharing plan under Code Section 401(a), and includes a cash or deferred arrangement that is intended to qualify under Code Section 401(k). The Plan is maintained for the exclusive benefit of eligible employees and beneficiaries as defined by the plan document. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan Sponsor.

### General

The Plan is a defined contribution plan and meets the requirements of Section 401(k) of the Internal Revenue Code of 1986, as amended (the Code), which permits employees to exclude contributions to the Plan from their current taxable income, subject to certain limits. The Plan is sponsored by NC Transaction, Inc. (the Company). It is subject to the regulations of the Employee Retirement Income Security Act of 1974, as amended (ERISA), and the Code.

The Plan's assets are held in the News Corp 401(k) Savings Plan Master Trust (Master Trust) along with the assets of the Move 401(k) Plan in a single trust. Fidelity Management Trust Company (Fidelity) serves as the trustee for the Master Trust.

Effective January 1, 2018, the Plan was amended to add Storyful Americas, LLC as an Employer.

Effective July 1, 2018, the Plan was amended to add News Corp Technology, LLC as an Employer.

### Assets Held in Trust

The Plan's investments are held in the Master Trust as of December 31, 2019 and 2018. Among other duties, Fidelity is responsible for the custody, recordkeeping and investing of Plan assets and for the payment of benefits to eligible participants. All contributions are invested by the trustee as designated by the Plan participants.

**1. Description of Plan (continued)**

**401(k) Eligibility for All but New York Post Union Employees**

On and after the effective date, all full-time employees, with the exception of New York Post Union employees, are eligible for Plan participation immediately upon their date of hire. Part-time Dow Jones employees may enroll in the Plan on the first day of the month after completing 500 hours and six months of employment; all other part-time employees may enter the Plan on the first day of the month following the completion of 1,000 hours of service within 12 months of employment. Participants can elect within the applicable timeframe not to enroll in the Plan.

**New York Post Union Eligibility**

On and after the effective date, with the exception of the Newspaper and Mail Deliverers Union of New York and Vicinity, all New York Post employees who are members of the Engineers Union, Machinists Union, Mailers Union, Paperhandlers Union, Pressmens Union, Stereotypers Union, and Typographical Union and have completed six months of service, along with the completion of 500 or more hours with the Company, are eligible to participate in the Plan, unless the employee is a transition employee. Transition employees must complete 500 hours of service in any six-month period with either the Company or an affiliate of the Company. Transition employees will receive credit for years of service credited under the predecessor plan.

**401(k) Contributions and Vesting for All but New York Post Union Employees**

Each year, Plan participants are entitled to contribute, subject to certain Internal Revenue Service (IRS) regulations, pretax contributions from 1% to a maximum of 70% of their compensation, as defined. The Plan also permits catch-up contributions up to the IRS maximum ($6,000 in 2019).

The Plan adopted a Safe Harbor compliant structure. The employer matching contribution on eligible employee deferrals is 100% of the first 1%, plus 50% of the next 5% of eligible compensation contributed. The Company also makes a 2% non-elective contribution of eligible compensation for all participants, except those HarperCollins employees receiving a RAP contribution. Certain grandfathered Dow Jones employees receive a non-elective contribution up to 4% based on date of hire.

**1. Description of Plan (continued)**

HarperCollins RAP participants receive an employer non-elective contribution which is calculated annually. The calculation of the employer non-elective contribution is based on an employee's years of service and age. In order to receive the employer discretionary contribution, a participant must be (i) an employee on the last payroll date of the Plan year, (ii) deceased during the Plan year, (iii) retired on or after normal retirement age during the Plan year, (iv) retired on or after early retirement age during the Plan year, or (v) determined to have a disability during the Plan year. HarperCollins RAP contributions ceased at the end of the 2019 plan year with the last contribution posting to participant accounts in March 2020.

Participants' voluntary contributions and actual earnings thereon become vested immediately. Participants' interest in the employer matching contribution shall follow a two-year cliff vesting. Participants' interest in the employer non-elective contribution shall follow a two-year cliff vesting, except RAP non-elective contributions which follow a three-year cliff vesting.

**401(k) Contributions and Vesting for New York Post Union Employees**

Each year, Plan participants are entitled to contribute, subject to certain IRS regulations, pretax contributions from 1% to a maximum of 70% of their compensation, as defined. The Plan also permits catch-up contributions up to the IRS maximum ($6,000 in 2019).

The Company contributes a profit-sharing contribution to each eligible employee's account based on each specific participating union's bargaining agreement. Some of the unions are based on an amount per shift up to a maximum per week and per year. Other unions use a percentage of eligible pay up to an annual maximum. These contributions are independent of the employee's deferral election and are immediately vested, along with the earnings thereon.

**Participant Accounts**

A separate account is maintained by the trustee for each participant to record his or her pretax and the Employer's matching contribution and Plan earnings.

**1. Description of Plan (continued)**

**Forfeitures**

Forfeitures (normally unvested interests of terminated participants' matching contribution accounts) are used to reduce future matching contributions or to pay administrative expenses. Forfeitures used during the year ended December 31, 2019 totaled approximately $714,000 and $468,000 for reduction of employer matching contributions and payment of administrative expenses, respectively. The total unallocated forfeitures amount in the Plan at December 31, 2019 and 2018 were approximately $302,000 and $409,000, respectively.

**Notes Receivable from Participants**

Participants may borrow from the Plan a minimum of $1,000 and a maximum amount not to exceed the lesser of $50,000 or 50% of the participant's vested account balance, except for transferred assets from HarperCollins RAP. The loans are payable over a period not to exceed five years or, if the proceeds are used to purchase the participant's principal residence, the fixed rate loans are payable over a period not to exceed 20 years, and bear interest at prime plus 1%. The loans are secured by the pledge of the participant's interest in the Plan.

At December 31, 2019, interest rates ranged from 4.25% to 9.00%, with various maturities through September 2039. Participants are required to repay outstanding loan balances when they leave the Company, or the loan balances will be treated as taxable distributions to the participants. Participants may prepay their loans at any time without penalty.

**Payment of Benefits**

Plan participants or beneficiaries are eligible to receive a benefit payment equal to their vested account balance upon termination of employment, retirement, death or permanent disability, as stipulated in the Plan document. Such benefits shall be made in a lump-sum payment, a qualified rollover to an IRA or another employer's tax qualified retirement plan or an installment payment for retirees, subject to certain restrictions as defined in the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan document. Hardship withdrawals are strictly regulated by the IRS and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

**1. Description of Plan (continued)**

**Administrative Expenses**

Recordkeeping fees and loan setup fees of the Plan were charged to the participants' accounts. All other administrative fees were paid by the Company.

**Investment Options**

Upon enrollment in the Plan, a participant may direct employee and employer contributions in 1% increments among various investment options offered by the Plan. Additionally, participants may redirect their investment balances among these various investment options.

**Plan Termination**

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time, subject to the provisions set forth in ERISA. In the event of Plan termination, the accounts of all participants affected shall become fully vested and non-forfeitable. Assets remaining in the trust fund will be distributed to the participants and beneficiaries in proportion to their respective account balances.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared under the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

**Notes Receivable from Participants**

Loans are measured at unpaid principal balance, plus accrued but unpaid interest.

**2. Summary of Significant Accounting Policies (continued)**

**Plan's Participation in the Master Trust**

The assets of the Plan are commingled for investment purposes in the Master Trust with the assets of the Move 401(k) Plan as of December 31, 2019 and 2018.

Under the terms of the Master Trust agreement, participating plans do not have a right or title to any specific assets of the Master Trust, but the plans have an undivided beneficial interest (i.e., accumulated share) in the Master Trust. Fidelity determines the current value of the entire Master Trust and the accumulated share of each of the plans in such manner as Fidelity in its reasonable discretion shall prescribe, but in accordance with a method consistently applied. The fair value of each plan's initial contribution to the Master Trust, as applicable, represented each plan's respective accumulated share at the date the Master Trust was created. The Plan's interest in the net assets and investment income of the Master Trust as of December 31, 2019 and 2018 and for the year ended December 31, 2019, as reflected in the financial statements, was determined based on the beginning of the year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses. Participants should refer to the Master Trust agreement for more complete information.

**Valuation of Investments**

The Plan's investment in the Master Trust is stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date. In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement* (ASC 820), the Master Trust classified its investments based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value (see Note 8). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

**2. Summary of Significant Accounting Policies (continued)**

The Plan assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's accounting.

Following is a description of the valuation methodologies used for assets measured at fair value by the Master Trust at December 31, 2019 and 2018:

Shares of registered investment company funds (or mutual funds) are valued at the net asset value (NAV) of shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded.

The short-term investment fund is valued at cost plus interest earned, which approximates fair value.

Self-directed brokerage accounts primarily consist of mutual funds, common stocks, interest bearing cash, and corporate obligations. Mutual funds are valued at the NAV of shares held by the Plan and common stock is valued at the closing price and both are reported on active markets on which the individual securities are traded. Interest bearing cash is valued at cost plus interest earned, which approximates fair value. Corporate obligations are valued using pricing models maximizing the use of observable inputs for similar securities, which include basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Units held in collective trusts are valued at the net asset value (NAV) of shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded. There are no redemption restrictions or unfunded commitments on the collective trusts held by the Master Trust.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

## 2. Summary of Significant Accounting Policies (continued)

### Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Master Trust's gains and losses on investments bought and sold, as well as held, during the year.

### Recent Accounting Pronouncement

In February 2017, the FASB issued Accounting Standards Update (ASU) 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting* (ASU 2017-06). ASU 2017-06 requires a plan to present its interest in a master trust and the change in that interest in separate line items in the statement of net assets available for benefits and in the statement of changes in net assets available for benefits, respectively. It also requires a plan to disclose the master trust's investments and other assets and liabilities, as well as the dollar amount of its interest in these balances. ASU 2017-06 is effective for entities for fiscal years beginning after December 31, 2018, with retrospective application to all periods presented. The Plan has adopted ASU 2017-06.

## 3. Information Certified by the Trustee

Certain investment information disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity. Such information includes the Plan's interest in the Master Trust and the net assets available to participating plans of the Master Trust at December 31, 2019 and 2018, notes receivable from participants at December 31, 2019 and 2018, net investment income from the Master Trust and interest income on notes receivable from participants for the year ended December 31, 2019.

## 4. Risks and Uncertainties

The Master Trust's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Master Trust's concentration of credit risk and market risk is dictated by the Plan's provisions, as well as those of ERISA and the participants' investment preferences.

**4. Risks and Uncertainties (continued)**

The Master Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

**5. Transactions with Parties-in-Interest**

The Master Trust's investments in mutual funds managed by the trustee and loans are considered to be party-in-interest transactions. These investments amounted to $1,055,281,620 and $1,156,633,669 as of December 31, 2019 and 2018, respectively. Fees paid by the Plan Sponsor for the year ended December 31, 2019 were not significant.

**6. Tax Status**

The Plan received a determination letter from the IRS, stating that the Plan is qualified under Section 401(a) of the Code, dated July 11, 2017. Subsequent to the receipt of the determination letter, the Plan was amended. The Plan Administrator believes that the Plan has been designed to comply with and is operating in accordance with the applicable requirements of the Code and therefore, believes the Plan, as amended, is qualified and the related trust is tax exempt.

GAAP requires the Plan Administrator to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**9. Subsequent Events**

Management has evaluated subsequent events through October 8, 2020, which is the date the financial statements were available to be issued, and has concluded no subsequent events occurred that required recognition.

Effective January 1, 2020, the Plan was amended to include Roth 401(k) after-tax contributions for participants of the Plan.

In March 2020, the World Health Organization declared the outbreak of coronavirus/COVID-19 a pandemic, which has continued to spread throughout the U.S. and the world, resulting in governmental authorities implementing numerous containment measures, including travel bans and restrictions, quarantines, shelter-in-place orders, and business limitations and shutdowns. The extent of the impact of COVID-19 on the Plan's net assets available for benefits, if any, will depend on future developments, including the duration and continued spread of the outbreak.

In March 2020, the U.S. Senate passed the Coronavirus Aid, Relief and Economic Security Act (CARES Act). Management reviewed and implemented certain provisions of the CARES Act related to loan payment deferrals, distributions and withdrawals from the Plan.

In May 2020, the Company sold New America Marketing (NAM). Employees of the NAM ceased to be eligible employees in the Plan and non-vested active participants became 100% vested in their employer contributions.

Management has decided to merge the Move 401(k) Plan into the Plan. The merger is currently scheduled to be effective on January 1, 2021.
