Note 1. Plan Description

The following description of the Schneider Packaging Equipment 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Schneider Packaging Equipment Co., Inc. (the Company or Plan Sponsor) who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 92% of pretax or taxed annual compensation, as defined in the Plan, subject to Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catchup contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Employees are automatically enrolled in the Plan with a 3% payroll deduction and a 1% increase in their payroll deduction annually, up to a maximum of 6%, unless the employee submits notice to decline participation. The Company matches 50% up to 6% (total of 3%) of compensation that a participant contributes to the plan. The participant contributions and the employer matching contributions may be allocated to various investment options as directed by the participant.

In addition, the Company may also make discretionary contributions on the participants' behalf. This type of contribution shall be within the discretion of the Board of Directors of the Company and determined by a resolution. Participants must have one year of service to be eligible to receive a discretionary contribution. For the years ended December 31, 2019 and 2018, the Company elected not to make a discretionary contribution.

A participant may make a rollover contribution to the Plan of amounts, which he or she has received from another qualified plan.

Participant accounts: Each participant's account is credited with the participant's contribution and the employer's matching contributions plus allocations of: (a) the Company's discretionary contribution, (b) Plan earnings and (c) administrative expenses. Allocations are based on participant contributions, earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. A participant is 100% vested in employer matching contributions and employer non-elective contributions plus actual earnings after five years of credited service per the schedule below.

	Vested Percentage
Years of service:	
Less than one	0%
At least one, but less than two	20%
At least two, but less than three	40%
At least three, but less than four	60%
At least four, but less than five	60%
Five or more	100%

Note 1. Plan Description (Continued)

Payment of benefits: On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments, either annually or more frequently. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Withdrawals: The Plan provides for hardship withdrawals where participants shall be permitted to withdraw a portion of their participant accounts. The amount of the withdrawals may not exceed the amount required to meet the immediate financial need created by such hardship, and participants must demonstrate that such amount is not reasonably available from other financial sources available to them.

Forfeitures: At December 31, 2019 and 2018, forfeited non-vested accounts totaled $21,484 and $8,880, respectively. Forfeitures can be utilized to reduce Plan expenses or employer contributions. In both 2019 and 2018, no forfeitures were used to reduce Plan expenses.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from one to five years or up to 25 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate (4.25% to 6%) commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through weekly payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. At December 31, 2018, the fair value of the Plan's insurance company general account equals contract value. The statements of changes in net assets available for benefits is prepared using the contract value basis for fully benefit responsive investment contracts.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (U.S GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

Note 2. Summary of Significant Accounting Policies (Continued)

Purchases and sales are recorded on trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Loans to participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The participants pay for certain loan and administrative fees of the Plan. Other administrative expenses of the Plan have been paid by the Plan Sponsor.

Recently adopted accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*, which changes the fair value measurement disclosure requirements of Accounting Standards Codification (ASC) 820. The key provisions include new, eliminated and modified disclosure requirements. The new guidance is effective for fiscal years beginning after December 15, 2019, including interim periods therein. Early application is permitted. The Plan elected to early adopt this new ASU for the year ended December 31, 2019, and the impact is reflected in Note 3 of the financial statements. The adoption of this new accounting pronouncement did not have a material impact on the financial statements.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 3. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques uses need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Investments in the pooled separate accounts are investments in registered investment companies and are reported at fair value based on the quoted market price of the fund which represents the net asset value of the share (participation units) held at year end.

Insurance company general account: Investments in the general account are valued at contract value, which equals fair value.

C*ommon collective trust fund:* A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that the securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

	Assets at Fair Value as of December 31, 2019			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,766,802	$ -	$ -	$ 11,766,802
Common collective trust (a)	-	-	-	579,124
Total assets at fair value	$ 11,766,802	$ -	$ -	$ 12,345,926

Note 3. Fair Value Measurements (Continued)

	Assets at Fair Value as of December 31, 2018			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 94,633	$ -	$ -	$ 94,633
Pooled separate accounts	10,287,261	-	-	10,287,261
Insurance company general account	-	265,456	-	265,456
Common collective trust (a)	-	-	-	4,092
Total assets at fair value	$ 10,381,894	$ 265,456	$ -	$ 10,651,442

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value December 31,		Unfunded	Redemption	Redemption
Investment	2019	2018	Commitment	Frequency	Notice Period
Common collective trust fund	$ 579,124	$ 4,092	N/A	Daily	30 Days

Note 4. Investment Contract With Insurance Company

As of and for the year ended December 31, 2018, the Plan held a fully benefit-responsive group annuity contract with Transamerica Financial Life Insurance Company (TFLIC). TFLIC maintains the contributions in a general account which is credited with contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The effective credited interest rate is set semi-annually and is effective on the first day of January and July. There is no stated minimum or maximum interest rate.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan agreement (including complete or partial Plan termination or merger with another plan), (2) changes to a Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for an exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The fully benefit-responsive contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 5. Financial Information Certified by the Custodians

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the custodians and furnished to the Plan Administrator. The Plan Administrator has obtained certification from Mid Atlantic Trust Company, the current custodian, as of and for the year ended December 31, 2019, and Transamerica, the former custodian, as of and for the year ended December 31, 2018, that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets at December 31:

	2019	2018
Investments at fair value	$ 12,345,923	$ 10,651,442
Notes receivable from participants	104,647	118,140

The current custodian has also certified to the completeness and accuracy of $1,932,938 of net appreciation in fair value of investments and $349,789 of dividends and interest income and $4,066 of interest income from notes receivable from participants for the year ended December 31, 2019.

Note 6. Income Tax Status

The Employer has adopted the Paychex Inc. prototype non-standardized profit sharing plan with CODA. The Plan received its latest determination letter from the IRS dated April 10, 2014, which states that the prototype plan is acceptable under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, is not subject to federal income tax under present law. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of December 31, 2019 and 2018, and for the year ended December 31, 2019.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan by action of its Board of Directors subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their employer contributions.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Related Party Transactions and Parties-In-Interest Transactions

Mid Atlantic Trust Company is the Plan's current custodian and, therefore, transactions with the custodians qualify as parties-in-interest transactions. Fees incurred and paid directly by the Plan participants for recordkeeping, loan and benefit payment processing were approximately $3,990 for the year ended December 31, 2019.

Note 10. Subsequent Event

The Plan evaluates events occurring after the date of the financial statements to consider whether or not the impact of such events needs to be reflected and/or disclosed in the financial statements. Such evaluation is performed through the date the financial statements are available for issuance, which was October 13, 2020, for these financial statements.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic. This has resulted in volatility in financial markets. The Plan Sponsor cannot reasonably estimate the length or severity of this pandemic, but we currently anticipate an impact on the financial statements in fiscal year 2020.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which changes the Plan to, among others, allow certain eligible individuals to receive COVID-19 related withdrawals, relief for loan repayment, suspend required minimum distributions and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
