CORELLE BRANDS RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Corelle Brands Retirement Income Plan (the "Plan"), sponsored by Corelle Brands Holding Company, Inc (the "Company"), is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General—The Plan is a tax qualified defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Board of Directors is responsible for oversight of the Plan. The Benefits Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

Plan Document—Effective January 1, 2014, the Plan document was restated to incorporate all prior amendments, to comply with changes required by the Internal Revenue Service's (the "IRS") 2012 Cumulative List of Changes in Plan Qualification Requirements and as required for a Cycle C submission for a determination letter, to further amend the Plan to make certain Plan design changes and to add or modify certain administrative provisions.

Eligibility—All U.S. non-union and union employees are immediately eligible to contribute to the Plan, provided they are a regular employee 18 years of age or older. Non-union employees not normally expected to work more than 1,000 hours in a year are eligible to participate upon the earlier of the completion of 1,000 hours within the first 12 months of employment or upon completing 1,000 hours in any Plan year following.

Vesting—Participants are fully vested in their account for funds attributable to their own contributions, rollover accounts, and accounts transferred from other plans, plus actual earnings thereon.

Union participants at the Greencastle facility, Pressware facility and union participants at the Charleroi facility hired on or after July 22, 2006 are vested in their employer contribution account as follows:

Months of Vesting Service	Percent Vested
Less than 12	0%
12 but less than 24	25%
24 but less than 36	50%
36 but less than 48	75%
48 or more	100%

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019

Union participants at the Charleroi facility hired before July 22, 2006 are vested in their employer contribution account as follows:

Months of Vesting Service	Percent Vested
Less than 2 years	0%
2 years but less than 3 years	25%
3 years but less than 4 years	50%
4 years but less than 5 years	75%
5 years or more	100%

Effective July 1, 2008, union participants at the Monee facility are vested in their employer contribution account as follows:

Months of Vesting Service	Percent Vested
Less than 12	0%
12 but less than 24	25%
24 but less than 36	50%
36 but less than 48	75%
48 or more	100%

Effective October 1, 2007, participants not covered by a collective bargaining agreement are subject to the following vesting schedule:

Years of Vesting Service	Percent Vested
Less than 1 year	0%
1 year but less than 2 years	50%
2 years or more	100%

All participants are 100% vested in their employer contribution accounts, regardless of years of vesting service if any of the following events occur while they are actively employed by the Company: attainment of normal retirement age, death, permanent disability, or termination of the Plan.

Forfeitures—Nonvested amounts are forfeited as of the earlier of the date of distribution of the participant's vested account or after the last day of the Plan year in which the participant incurs a five-year break in service. Forfeitures are used to reduce Company contributions or pay Plan administrative expenses. At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$61,769 and \$366,431, respectively. During 2019, the amount of forfeitures used to reduce Company contributions was \$486,392.

Participant Accounts—Individual accounts are maintained for each Plan participant. Each participant account is credited with the participant's contribution, required Company contributions, qualified rollover monies, and allocation of the Plan earnings and losses. Participant accounts are charged with an allocation of administration expenses paid by the

CORELLE BRANDS RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019

Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments—Participants direct the investment of their contributions into various investment options offered by the Plan. In the event a participant fails to make an investment election with respect to all or any portion of his account subject to his investment direction, the trustee shall invest all or such portion of his account in the investment fund to be designated by the administrator. The Plan currently offers 27 investment options for participants.

Payment of Benefits—Upon retirement, death, total and permanent disability (as defined by the Plan), or termination of employment, the participant's benefit is generally paid in a lump sum or in two or more partial payments of at least \$1,000; provided, however, that the final such payment may consist of the participant's entire remaining account balance, if less than \$1,000. A small group of participants are eligible for a group annuity option form of distributions. Under certain circumstances, a participant may withdraw a portion of the account balance during employment with the Company.

Hardship Withdrawals—In the case of a financial hardship, a participant may receive a distribution not to exceed the lesser of the vested value of their account or the amount necessary to satisfy the financial hardship.

Notes Receivable from Participants—Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest equal to the "Prime Rate" (as reported in *The Wall Street Journal* on the date the loan is initiated). Participant loans shall be treated as segregated investments, and interest repayments shall be credited only to the Participant's Account.

Contributions—Eligible union participants are automatically enrolled to contribute 5% of eligible compensation per payroll period if an affirmative contribution election was not made in the time prescribed by the Plan Administrator. Greencastle Union employees are automatically enrolled to contribute 7%. Eligible non-union participants are automatically enrolled to contribute 6% of eligible compensation per payroll period if an affirmative contribution election was not made in the time prescribed by the Plan Administrator. Employees may contribute up to 50% of eligible compensation on a combined pre- and post-tax basis, subject to IRS limits. Participants may elect to invest their contributions or exchange funds among alternative investment options.

The Company is required to make various contributions based upon collective bargaining agreements and/or Plan eligibility for such contributions. Company contributions may include:

Employer Matching Contributions: Equal to a percentage of elective deferrals made by certain eligible union and non-union employees during the Plan year. The amount of matching contribution varies by union and non-union status.

CORELLE BRANDS RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019

Employer Performance Contributions: Based upon the Company meeting certain financial goals, performance contributions are discretionary for non-union participants and certain union participants. The Company made performance contributions of \$386,301 for the year ended December 31, 2019.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan.

Basis of Accounting—The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Valuation of Investments—Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants—Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. An allowance for credit losses of \$200,030 and \$191,837, respectively, has been recorded as of December 31, 2019 and 2018.

Payment of Benefits—Benefit payments to participants are recorded upon distribution.

Administrative Expenses—The Plan stipulates that administrative expenses may be paid by either the Plan or the Company. Forfeitures may also be used to cover administrative expenses.

CORELLE BRANDS RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019

Subsequent Events—The Plan has evaluated subsequent events through September 2, 2020, the date the financial statements were available to be issued and concluded that other than the event described below, no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in United States and globally, including mandates from federal, state and local authorities, leading to an overall decline in economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets, however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time. Due to COVID-19, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted in 2020. Portions of the CARES Act make changes to existing law including relating to the amount and circumstances permitting penalty-free distributions. Plan Management intends to evaluate the CARES Act to determine if changes to the Plan are necessary as a result.

On April 10, 2020, the Plan was amended effective as of May 15, 2020 in response to the economic changes related to COVID-19. Employer contributions shall cease for non-union employees effective for pay dates on or after May 15, 2020

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CORELLE BRANDS RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued using the NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the funds, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no participant redemption restrictions for these investments, the redemption period is applicable only to the Plan.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 82,146,838	\$ -	\$ -	\$ 82,146,838
Common collective trusts measured at net asset value {a}	-	-	-	45,158,187
Total assets at fair value	\$ 82,146,838	\$ -	\$ -	\$ 127,305,025

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 105,668,093	\$ -	\$ -	\$ 105,668,093
Total assets at fair value	\$ 105,668,093	\$ -	\$ -	\$ 105,668,093

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

CORELLE BRANDS RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019

For years ended December 31, 2019 and 2018, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 4 - PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 5 - CERTIFIED INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2019 and 2018, and investment income for the year ended December 31, 2019, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the trustee of the Plan.

NOTE 6 - BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a traditional investment contract which meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. As of December 31, 2019 and 2018, the investment contract at contract value was \$38,641,392 and \$40,275,483, respectively.

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be the lesser of 3% or a rate that is not less than 1% determined by using the six-month average of the five-year Constant Maturity Treasury Rate minus 1.25%. The crediting rate is reviewed every six months for resetting. The contract cannot be terminated before the scheduled maturity date.

CORELLE BRANDS RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (the "IRC") or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan sponsor and other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include in the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE 7 - FEDERAL INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated July 22, 2014 that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

CORELLE BRANDS RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 - RELATED PARTY TRANSACTIONS

The Plan reimburses certain administrative expenses to the Company. During 2019, the Plan paid \$126,222 of administrative expenses to an affiliate of John Hancock Trust Company LLC. Certain Plan investments are shares of funds managed by John Hancock Trust Company LLC, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

NOTE 10 - SERVICE CREDIT ACCOUNT

The Plan has a service agreement with John Hancock Trust Company LLC to pay for administrative fees incurred by the Plan. Through this agreement, John Hancock Trust Company LLC earns fees through the Plan's investments in various funds. If the total fees earned by John Hancock Trust Company LLC through the various funds exceed a stated dollar amount, the excess is deposited into a Service Credit Account maintained by the Plan. The funds in the account may be utilized to pay for qualified plan expenses, reduce employer contributions or may be allocated to participant accounts on a pro-rata basis. During 2019, deposits to the service credit account totaled \$97,022. As of December 31, 2019 and 2018, the funds in the Service Credit Account totaled \$0 and \$94,052, respectively.
