NOTE 1 - DESCRIPTION OF PLAN

The following description of the rewardStyle 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan's prototype Plan document and related adoption agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of rewardStyle, Inc. (the "Company" or "Employer"). The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA), and the Internal Revenue Code (IRC).

Delaware Charter Guarantee & Trust Company (d/b/a Principal Trust Company), and Principal Life Insurance Company are the asset custodians ("Custodians") and are responsible for the custody and management of the Plan's assets at the direction of the plan administrator. Principal Life Insurance Company is the Plan's recordkeeper and is responsible for maintaining participants' accounts and executing participant-initiated transactions.

Effective January 1, 2019, the Plan was amended to remove the requirement for participants to take a loan before taking a hardship withdrawal and to remove the six-month suspension of participant contributions to the Plan after taking a hardship withdrawal.

Eligibility

All employees of the Company who have completed 30 days of service and have attained the age of 21 are eligible to participate in the Plan.

Contributions

Each year, participants may contribute a portion of their pretax annual compensation, up to the limits permitted under the IRC, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC. Participants are also permitted to make Roth after-tax contributions which, when combined with participant deferrals, may not exceed the IRC limit.

The Company makes matching contributions equal to 100% of participants' elective deferrals up to 4% of the participant's eligible compensation.

Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans into the Plan.

Vesting

Participants are immediately vested in their contributions and employer matching contributions, plus actual earnings thereon.

Participant accounts

Each participant's account is credited with the participant's contributions, the Employer's matching contributions, and an allocation of Plan earnings or losses and charged with an allocation of certain administrative expenses. Allocations of Plan earnings or losses are based on a participant's account balance in each investment option as a percentage of the total participants' account balances.

Investment options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and a guaranteed interest account as investment options for participants.

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of a. $50,000 less the highest outstanding loan balance of loans during a year ending on the day before the new loan is made or b. the greater of $10,000, less the balance of outstanding loans or 50% of their vested account balance, less the balance of outstanding loans. Note terms require repayment over a period not to exceed five years unless the loan is related to the purchase of a principal residence. Notes are secured by the vested balance in the participant's account and bear interest at prevailing market rates as determined by the plan administrator. Principal and interest are paid ratably through semi-monthly payroll deductions. A participant may only have one note receivable outstanding at any time.

Payment of benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Upon a participant's termination of service due to death, disability, or retirement, the participant or designated beneficiary may take a distribution from the Plan in the form of a lump sum payment. Cash out provision of the Plan allows the Plan, upon termination of employment, to distribute vested account balances of less than $5,000 without the participant's consent. Account balances exceeding $1,000 may be distributed to an Individual Retirement Account for the benefit of the participant. Account balances less than $1,000 may be distributed as a lump sum distribution.

In-service distributions are permitted for participants that attain age of 59½. The Plan also allows for hardship distributions for participants meeting Plan criteria for such distributions, from their salary deferral accounts.

Administrative expenses

Administrative expenses cover the routine expenses of services of lawyers, accountants, third party administrators, and other advisors. The Plan requires that certain expenses related to the Plan be paid directly by the Employer, but permits certain expenses incurred to administer the Plan to be paid from Plan assets. The expenses paid by the Employer are excluded from the accompanying financial statements. Transaction fees for certain participant-initiated transactions are charged to the specific account of the participant initiating any such transaction.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect reported amounts of assets and liabilities and the disclosures of contingent assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances.

Investment valuation and income recognition

The Plan's investments are reported at fair value, except for the Plan's investment in the guaranteed interest account (GIA), a fully-benefit-responsive investment contract, which is stated at contract value. See Note 3 for a description of fair value measurements. See Note 4 for additional information on the fully benefit-responsive investment contract.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Delinquent notes receivable are reclassified as distributions. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of benefits

Benefit payments are recorded when paid.

Subsequent events

In March 2020, an outbreak of coronavirus ("COVID-19") occurred globally causing significant fluctuations in financial markets. The extent of the impact on the Plan's net assets available for benefits, contributions, and benefit obligations will depend on the duration and continued spread of the outbreak, including any other further developments. Management has not yet determined the full financial impact of these events.

On March 27, 2020, Congress signed the Coronavirus Aid, Relief, and Economic Security Act, also known as the CARES Act. The Plan adopted the CARES Act provision allowing eligible Plan participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus related reasons. The Plan also adopted the CARES Act provision allowing participants with current loans the option of deferring their loan payments for up to one year.

Management of the Plan has evaluated subsequent events through October 13, 2020, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Such fair value is a market-based measurement, not an entity-specific measurement. U.S. GAAP establishes a three-level valuation hierarchy based upon observable and unobservable inputs. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions.

The fair value hierarchy consists of three level of inputs that may be used to measure fair value as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities;

Level 2 - Observable inputs other than Level 1 prices such as quoted market prices for similar assets or liabilities; quoted prices for identical or similar assets in markets that are not active; or inputs other than quoted prices that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; and

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

In instances where the determination of fair value measurement is based on inputs from the different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The following is a description of valuation methodologies used for fair value measurement of investments:

Mutual funds: Valued at quoted prices in active markets, based on the number of shares held by the Plan and are classified within level 1 of the valuation hierarchy.

Collective investment trusts: Valued at the net asset value (NAV) of units of the collective trust, using independent pricing services approved by the Custodian. The NAV is calculated daily and is based on the fair value of the underlying investments held by the fund less its liabilities. The net asset value is used as a practical expedient to estimate fair value as reported by the issuer. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Investments in this category can be transferred once every 30 days at the current net asset value per share based on the fair value of the underlying assets. Participants are not allowed to transfer back into this category until the 30-day period has expired. New contributions are allowed during this time period. As of December 31, 2019 and 2018, there were no unfunded commitments on these investments.

The methods used to value investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 4,350,443	$ -	$ -	$ 4,350,443

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 500,643	$ -	$ -	$ 500,643
Investments measured at net asset value				2,028,905
				$ 2,529,548

NOTE 4 - GROUP ANNUITY CONTRACT

The Plan has a Group Annuity Contract (the “contract”) with Principal Life Insurance Company under which the Custodian maintains certain participant directed contributions in the GIA which is commingled with the general assets of the Custodian. The GIA is considered a fully benefit-responsive guaranteed interest contract and is reported at contract value on the Plan’s financial statements. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The GIA can be terminated by the Custodians if the total value of the investments or the annual contribution amounts fall below minimum levels as stated in the contract.

Certain events might limit the ability of the Plan to transact at contract value with the account issuer. The plan administrator believes that occurrence of such events which would limit the Plan’s ability to transact at contract value with participants is not probable.

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

The plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such an election, the plan administrator instructed the Plan’s independent auditor not to perform any auditing procedures with respect to the Plan’s investment information, and related activity, certified by the Custodians as accurate and complete, except for comparing such information to corresponding information included in the Plan’s financial statements and supplemental schedules.

The Custodians have certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate as of December 31, 2019 and 2018 and for the year ended December 31, 2019:

	2019	2018
Investments:		
Investments, at fair value	$ 4,350,443	$ 2,529,548
Investments, at contract value	16,743	4,233
	$ 4,367,186	$ 2,533,781

Investment income:	
Net appreciation in fair value of investments	$ 642,102
Interest and dividends	104,348
	$ 746,450

The Custodians have certified Schedule H, line 4i - schedule of assets (held at end of year), except for notes receivable from participants, as of December 31, 2019, included in the accompanying supplemental schedules.

NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions conducted by the Custodians, recordkeeper and their affiliates, as well as the Company, on behalf of the Plan, qualify as party-in-interest transactions.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue-sharing arrangements. These fees reduce fund earnings thereby impacting Plan earnings applied to participants' accounts.

The Plan's agreement with the Custodians allows the Custodians to earn compensation in the form of short-term interest ("float") on certain items before they are invested, allocated or applied in accordance with the Plan's instructions.

During the Plan year ended December 31, 2017 and 2019, the Company inadvertently failed to deposit $154,428 and $323, respectively, of participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL) regulations. There were no late deposits in 2018. The DOL considers late deposits to be non-exempt prohibited transactions. Lost earnings for the 2017 and 2019 late deposits were remitted to the Plan in 2019 and 2020. The lost earnings and excise tax payments were made from the Company's assets and not from assets of the Plan.

NOTE 7 - INCOME TAX STATUS

The Plan adopted a prototype non-standardized plan through Principal Life Insurance Company, which received an opinion letter from the Internal Revenue Service dated March 31, 2014. The letter states that the prototype plan document satisfies the applicable provisions of the IRC. The Plan has been amended since receiving the opinion letter. The plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the IRS or other applicable taxing authorities. The plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan. In the event of termination of the Plan, the net assets of the Plan will be distributed in compliance with the applicable provisions of ERISA.
