Notes to Financial Statements

A. DESCRIPTION OF PLAN

The following description of the Southland Paving, Inc. (Company) Employees Profit Sharing/401(k) Plan (plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions:

1. *General.* The plan is a defined contribution plan covering all full time employees of the Company, who have one year of service and are age twenty-one or older. Except for non-union construction trade employees of the Company who are performing services under a public contract subject to provisions or regulations under the Davis-Bacon Act or any state or municipal "prevailing wage" law or ordinance who has completed one hour of service. It is subject to the provisions of ERISA and all subsequent acts and regulations.

2. *Contributions.* Each year, participants may contribute up to 20 percent of eligible compensation, as defined in the plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Additionally, for eligible participants, the Company makes a safe harbor contribution equal to 3 percent of compensation, as defined. Participants direct the investment of their contributions into various investment options offered by the plan. The plan currently offers various pooled separate funds and guaranteed investment contracts as investment options for participants. The Company, at the discretion of the Company's board of directors, also may make matching and profit sharing contributions. Prevailing wage contributions are at an hourly rate prescribed for fringe benefits pursuant to each Federal, State, County, or Publicly funded contract entered into by the Company. Contributions are subject to certain limitations.

3. *Participant Accounts.* Each participant's account is credited with the participant's contribution and an allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting.* Participants are immediately vested in their contributions and allocations of the Company's prevailing wage and safe harbor contributions plus actual earnings thereon. Vesting in the Company's match and profit sharing contributions portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 6 years of credited service.

5. *Notes Receivable from Participants.* Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account, and bear interest at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

6. *Payment of Benefits.* Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in his or her account. Other withdrawals from participants' account balances may be made under certain circumstances as defined in the plan document.

7. *Forfeited Accounts.* At December 31, 2019 and 2018, forfeited nonvested accounts totaled $0 and $106, respectively. These amounts will be used to pay Plan expenses or reduce future Company contributions to the Plan. Also, in 2019, $7,045 of adminstrative expenses and $427 of Company contributions were paid from forfeited nonvested accounts.

B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes thereon, disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis, except for notes receivable from participants which are on a cash basis . Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits
Benefits are recorded when paid.

Corrective Distributions
Includes all distributions due to excess deferrals, excess contributions, and excess annual additions.

Subsequent Events
The plan has evaluated subsequent events through September 29, 2020 , the date the financial statements were available to be issued.

Subsequent Event - Impact of COVID - 19
The spread of COVID – 19 has caused global business disruptions beginning in January 2020. The COVID – 19 pandemic has created significant volatility and disruption in the financial markets and could impact participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. There is uncertainty around the extent and duration of this disruption. When normal economic conditions can resume is highly uncertain and cannot be predicted. Therefore the financial impact on the Plan cannot be reasonably predicted.

C. CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends, and interest on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus Trust Company (the custodian of the Plan). The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing the information with the information included in the financial statements and supplemental schedule.

D. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurement, provides the* framework for measuring fair value. That framework provides a a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: ● quoted prices for similar assets or liabilities in active markets; ● quoted prices for identical or similar assets or liabilities in inactive markets; ● inputs other than quoted prices that are observable for the asset or liability; ● inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: The Plan's interest in the collective trust funds is valued at the NAV practical expedient of the underlying investments. The practical expedient would not be used if it is determined to be probable that the funds would sell the investments for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

D. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2019 and 2018:

	Fair Value Measurements at December 31, 2019			
	(Level 1)	*(Level 2)*	*(Level 3)*	*Total*
Total Assets in the Fair Value Hierarchy	$ 9,858,896	$ -	$ -	$ 9,858,896
Investments measured at NAV				$ 211,326
Total investments at fair value				$ 10,070,222

	Fair Value Measurements at December 31, 2018			
	(Level 1)	*(Level 2)*	*(Level 3)*	*Total*
Total Assets in the Fair Value Hierarchy	$ 8,076,035	$ -	$ -	$ 8,076,035
Investments measured at NAV				$ 106
Total investments at fair value				$ 8,076,141

The following table summarizes investments for which fair market value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2019	*Fair Value*	*Unfunded commitments*	*Redemption frequency*	*Redemption notice period*
WTRISC CIT III for MetLife GAC	211,326	n/a	Daily	60 days
December 31, 2018	*Fair Value*	*commitments*	*frequency*	*notice period*
WTRISC CIT III for MetLife GAC	106	n/a	Daily	60 days

E. RELATED-PARTY TRANSACTIONS

The Company is a party in interest to the plan. However there were no transactions with the Company other than the payment of certain admiration expenses to the plan. These transactions qualify as exempt party in interest transactions.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the Company contribution portion of their account.

G. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

H. TAX STATUS

Effective January 1, 2015, the Plan adopted a Volume Submitter Profit Sharing Plan with CODA. Davis-Bacon Pension Plans, Inc., the sponsor of this prototype plan, obtained its latest Internal Revenue Service (IRS) determination letter on September 30, 2014, in which the IRS stated that the form of the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the plan has been amended since receiving the determination letter, the plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
