INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
Freedom First Federal Credit Union 401K Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Freedom First Federal Credit 401K Plan which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2019, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information in Note 4 and Note 5, which was certified by the trustee, Lincoln Financial Group, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2019 and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Basis Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements

Other Matter

The supplemental schedule of Schedule of Assets Held at End of Year as of December 31, 2019, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Basis of Accounting

We draw attention to Note 2 in the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

FREEDOM FIRST FEDERAL CREDIT UNION
401K PLAN
Notes to Financial Statements
December 31, 2019

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Freedom First Federal Credit Union 401K Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Freedom First Federal Credit Union (Company) adopted the Plan as of January 1, 2019 and began making contributions to the Plan as of March 1, 2019. Prior to March 1, 2019, the Company participated in the Pentegra Defined Contribution Plan for Financial Institutions (Pentegra DC Plan). As of March 1, 2019, the Company terminated its participation in the Pentegra DC Plan and the total assets of \$5,649,304 of the Pentegra DC Plan were transferred to the Plan.

The Plan is a defined contribution plan covering all full-time employees of the Company (Company), who have 60 days of service and have attained age eighteen. The Company makes contributions once the employees have one year of service and have attained age eighteen. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers forty-three various mutual funds and one stable value account as investment options. The Plan has a tiered structure for Company contributions based on years of service. The maximum Company contribution is 50% of each participant's salary deferrals up to 3%, plus 100% on the next 3% up to 6% of each participant's salary deferrals. The Company may contribute additional profit-sharing amounts at the discretion of the Company's board of directors. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's matching contributions and profit-sharing contributions, and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the respective participant's vested account.

Vesting

Participants are immediately vested in their elective contributions of salary deferrals, including Roth 401(K) deferrals, "catch-up contributions," and rollovers, plus earnings thereon. Vesting in the remaining portion of their respective accounts is based on years of service, as defined in plan documents. A participant is 100% vested after five years of service.

Payment of Benefits

Upon termination of service due to death or retirement, or other reasons, a participant may elect to receive either a single lump-sum payment equal to the total value of the participant's vested interest in his or her account, or partial withdrawals over time. An in-service distribution is permitted under certain situations and generally is limited to the amount of the participant's accounts that are 100% vested.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate equal to 2% above the prime rate. The interest rate is fixed for the duration of the note. Principal and interest are paid ratably through biweekly payroll deductions.

Forfeited Accounts

Forfeitures of terminated participants' nonvested amounts and excess employer matching contributions are used to reduce current and future employer contributions. Total forfeitures were \$6,193 for the year ended December 31, 2019, which were used to reduce the 2019 employer match contributions.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through October 5, 2020, which is the date the financial statements were available to be issued.

Basis of Accounting

The accounts of the plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis of accounting: investment income is recognized when received, and contributions income and benefits paid are recognized on the accrual basis of accounting. Accordingly, the financial statements are not intended to present the net assets available for benefits and the changes in net assets available for benefits of the Plan in conformity with generally accepted accounting principles.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded when received. Net appreciation or depreciation of investments consists of the realized gains or losses and unrealized appreciation or depreciation of these investments.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting may require the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities for the reported periods. Actual results could differ from those estimates.

Excess Contributions Payable

Amounts payable to participants totaling \$15,464 for contributions in excess of amounts allowed by the IRS are recorded as accounts payable, with a corresponding reduction to the 2019 contributions. The Plan distributed the 2019 excess contributions prior to March 15, 2020.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Fees for the administration of notes receivable from participants and administrative fees charged for benefit payments are included in administrative expenses and are charged directly to the participant's account.

NOTE 3 – FAIR VALUE MEASUREMENT

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There were no plan assets requiring the use of level 2 or level 3 inputs for the periods presented.

Level 1 Fair Value Measurements:

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Net asset value per share:

Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of financial position.

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019. The carrying value of notes receivable from participants included in the accompanying statement of net assets available for benefits approximated fair value at December 31, 2019, and are thus not included in the following table.

NOTE 4 – INVESTMENTS

Unaudited information certified by the Plan Trustee.

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974. Accordingly, the December 31, 2019 Statement of Net Assets Available for Benefits (Modified Cash Basis), the investment activities included on the Statement of Changes in Net Assets Available for Benefits (Modified Cash Basis) for the year ended December 31, 2019, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Plan Trustee, Lincoln Financial Group.

As permitted, the investment information certified as complete and accurate by Lincoln Financial Group was not audited by the independent auditors except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule. The Plan's financial information that was certified by Lincoln Financial Group includes plan cash and investments as of December 31, 2019 of \$7,073,274, and net investment appreciation and gains of \$762,659 for the year then ended.

The following presents investments that represent five percent or more of the Plan's net assets as of December 31,

NOTE 5 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2019, the Plan entered into a benefit-responsive investment contract with The Lincoln National Life Insurance Co. (Lincoln Life). Lincoln Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Lincoln Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all of a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2019 was \$57,419. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.7%.

Certain events limit the Plan's ability to transact at contract value with Lincoln Life. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 - RELATED PARTY TRANSACTIONS

Substantially all plan investments are invested in mutual funds managed by Lincoln Financial Group, who is the trustee as defined by the Plan. Certain plan investments may also have internal expenses that compensate Lincoln Financial Group or its affiliates. Therefore, these transactions qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules under ERISA.

NOTE 7– PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a termination, all participants will become 100% vested in their respective employer contributions.

NOTE 8 – TAX STATUS

The Plan operates under a prototype non-standardized profit-sharing plan with a cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan's assets are invested in mutual funds whose underlying assets are invested in stocks, bonds, and fixed income securities. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Internal Revenue Service Form 5500 as of December 31:

	<u>2019</u>
Net assets available for benefit per financial statements	\$ 7,326,857
Excess contributions payable, end of year	15,464
	<hr/>
Net assets available for benefit per Form 5500	<u><u>\$ 7,342,321</u></u>

The following is a reconciliation of contributions per the financial statements to the Internal Revenue Service Form 5500 as of December 31:

	<u>2019</u>
Contributions per financial statements	\$ 1,035,610
Excess contributions payable, end of year	13,991
	<hr/>
Contributions per Form 5500	<u><u>\$ 1,049,601</u></u>

Contributions are recorded when received on the Form 5500.

The following is a reconciliation of net appreciation (depreciation) in fair market value of investments per financial statements to the Internal Revenue Service Form 5500 as of December 31:

	<u>2019</u>
Net appreciation in fair market value and gains of investments per financial statements	\$ 762,659
Earnings on excess contributions payable, end of year	1,473
	<hr/>
Net appreciation in fair market value and gains of investments per Form 5500	<u><u>\$ 764,132</u></u>

NOTE 11 – SUBSEQUENT EVENTS

The plan was amended on April 17, 2020 for the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). The CARES Act enacted temporary changes that allow affected participants, who would otherwise not be eligible, to withdraw funds from their account without being penalized. The CARES Act also expands the current note receivable limits for affected participants.
