SHERMAN GROUP RETIREMENT PLAN

Notes to Financial Statements

December 31, 2019

(1) Description of Plan

The following description of Sherman Group Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all eligible employees sponsored by JSSG Healthcare, LLC (the Company). Employees age 21 and older are eligible to make pre-tax contributions and receive employer matching and profit sharing contributions after three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was previously considered a small plan prior to the year ended December 31, 2019.

(b) Contributions

Participants may make contributions up to the annual amount allowed by Section 402 (g) of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make a discretionary matching contribution equal to a uniform percentage of a participant's salary deferrals. Discretionary profit sharing contributions are also allowed at the discretion of the Company's management. The Plan accepts direct rollovers of an eligible rollover distribution.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, (b) Plan earnings, and (c) charged with an allocation of investment and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

(e) Notes Receivable From Participants

Participants may borrow from their individual accounts a minimum of \$1,000, up to a maximum of 50% of the vested account balance. Under no event will the loan amount exceed \$50,000 of their vested account balance. In general, loan terms may not exceed five years, except for loans used to acquire a principal residence, in which case the Plan administrator may permit a longer repayment term. The loans bear an interest rate comparable to other similar types of loans. Principal and interest is paid ratably through payroll deductions.

(1) Description of Plan, Continued

(f) Payment of Benefits

Participants (or their beneficiaries) are eligible to receive vested benefits upon retirement, death, disability, or when they cease to be an employee of the Company. In addition, a participant can withdraw all or any portion of his or her vested account balance in the event of financial hardship, subject to certain restrictions.

(g) Forfeited Accounts

Forfeitures of non-vested accounts will be first used to pay any administrative expenses and then to reduce future employer contributions. No forfeitures occurred during the year ended December 31, 2019.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes both the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(e) Payment of Benefits

Benefits paid to participants are recorded when paid.

(f) Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees for recordkeeping and other services are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

(g) Subsequent Events

The management of the Plan has evaluated subsequent events through the date of the report which is the date the financial statements were available to be issued.

The United States is presently in the midst of a national health emergency related to the COVID-19 virus. The overall consequences of the COVID-19 on a national, regional and local level are unknown, but has the potential to result in a significant economic impact. The impact of this situation on the Plan and its future results and financial position is not presently determinable.

(3) Fair Value Measurements

A framework has been established for measuring fair value. That framework provided a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(3) Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

- Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Guaranteed investment contract - The non-benefit responsive guaranteed investment contract is valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 616,611	-	-	616,611
Guaranteed investment contract	<u>-</u>	<u>-</u>	<u>21,742</u>	<u>21,742</u>
	<u>\$ 616,611</u>	<u>-</u>	<u>21,742</u>	<u>638,353</u>

Level 3 Gains and Losses

The table below sets forth a summary of changes to the fair value of the Plan's Level 3 assets for the year ended December 31, 2019:

Balance at beginning of year	\$ 68,399
Investment loss	(1,259)
Contributions	1,688
Transfers out	(45,798)
Disbursements	<u>(1,288)</u>
Balance at end of year	\$ <u>21,742</u>

During the year ended December 31, 2019, there were transfers of \$45,798 out of the Level 3 fair value category. These transfers were primarily the result of changes in participants' asset allocation during the years.

Level 3 Gains and Losses, Continued

The following table summarizes quantitative information about significant unobservable inputs used in Level 3 fair value measurements as of December 31, 2019:

			Risk-adjusted discount rate

(4) Financial Certification

The financial information relating to the Plan's assets at December 31, 2019, as well as investment income and investment transactions for the year then ended, have been derived from information provided by Nationwide Life Insurance Company (Nationwide), and have been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent auditors.

Investments, at fair value:

Mutual funds	\$ 616,611
Guaranteed investment contract	<u>21,742</u>
Total investments, at fair value	\$ <u>638,353</u>
Net appreciation in fair value of investments	\$ <u>151,075</u>

(5) Party-In-Interest Transactions

Nationwide is the custodian of the Plan's assets; therefore, transactions with Nationwide qualify as party-in-interest. Fees incurred during the year ended December 31, 2019 amounted to \$9,185.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the accounts of the participants shall immediately be fully vested and nonforfeitable.

(7) Tax Status

The Plan adopted a volume submitter profit sharing plan through a third party administrator. This prototype plan received a favorable determination letter on March 31, 2014 from the Internal Revenue Service (IRS) indicating that the features, as then designed, conform with the applicable requirements of Section 401(k) of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions and the Department of Labor; however, there are currently no audits for any tax periods in progress.

(8) Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Transfers of Assets

Transfers of assets include a transfer of participant accounts out of the Plan and into another plan sponsored by the Company totaling \$593,247, net of a transfer of participant accounts into the Plan of (\$14,615). These transfers were the result of consolidating certain divisions within the Company.
