Standard International Management, LLC 401(k) Plan

Notes to Financial Statements
December 31, 2019

1. Description of Plan

The following description of Standard International Management, LLC 401(k) Plan (the "Plan"), is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan (a prototype plan) is a defined contribution plan covering eligible employees of Standard International Management, LLC, Standard High Line Employer, LLC, and Standard East Village Employer, LLC (collectively the "Adopting Employers").

The Plan is a qualified salary deferral savings plan under the provisions of the Internal Revenue Code ("IRC") sections 401(a) and 401(k). The Plan is subject to the applicable regulations of the Employee Retirement Income Security Act of 1974 ("ERISA") and the IRC.

Eligibility

All employees of the Adopting Employers are eligible for Plan participation upon completion of 3 months of service and who have attained the age of twenty-one.

An employee who has satisfied the eligibility requirements may enter the Plan at the date which he or she satisfies such eligibility requirements.

Employees who are covered under a retirement plan governed by the terms of a collective bargaining agreement and certain non-resident aliens who have no earned income from sources within the United States are not entitled to participate in the Plan.

Assets Held for Investment

All Plan assets are held with Principal Trust Company ("Principal"), the custodian, and record-keeper over all of the Plan's assets. Among other duties, Principal is responsible for the custody of the Plan assets and for the payment of benefits to eligible participants. Plan contributions are invested in certain funds offered by Principal, as designated by the Plan participants.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in any of the investment options offered by the Plan. There is no limit as to how often a participant may change their investment options. Participants may make or change such investment options by giving instruction to the Plan's custodian. Participants should refer to each fund's prospectus for a more complete description of the risks associated with each fund.

1. Description of Plan *(continued)*

Contributions

Participants may elect to have a percentage or specified dollar amount deducted from their eligible compensation as defined by the Plan on a pre-tax basis. A participant may elect to increase, decrease or suspend deductions according to procedures established by the Adopting Employers. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. There is an annual limit as to the amount that can be deducted from compensation that is determined by the IRC.

The Plan calls for the Adopting Employers to make matching contributions on behalf of those participants who have made salary deferral contributions and are actively employed by the Adopting Employers on the last day of the Plan year. The matching contribution is a discretionary percentage of the participant's salary deferral contributions determined by the Adopting Employers at the end of the Plan year. These matching contributions will only apply to a participant's salary deferred contributions that do not exceed a dollar amount or percentage of included compensation that is determined by the Adopting Employers.

Rollover contributions are comprised of transfers made to the participants from their former employers' qualified plans and transferred to the Plan.

Participant Accounts

A self-directed separate account is maintained for each participant by the custodian, which is credited with the participant's contributions and allocations of (a) the Adopting Employers' contributions and (b) Plan earnings and (losses), net of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Upon entrance into the Plan, participants are 100% vested in their salary deferral contributions and related investment income, gains and losses, net of administrative expenses. Effective January 1, 2014, for employees hired after January 1, 2014, matching contributions provided by the Adopting Employers vest 33% after two years of service, 67% after three years of service and 100% after four years of service.

1. Description of Plan *(continued)*

Payment of Benefit

A participant may elect to receive benefit payments at the normal retirement age of 65 or at an early retirement date. The Plan also provides for distribution of benefits upon death or disability. Upon retirement, death or disability, the participant becomes 100% vested and all amounts credited to the participant's account shall be distributed to the participant or his or her beneficiary in either a lump-sum payment or a single-sum payment of a portion of the account balance.

In-service distributions may be made from a participant's account at any time upon or after the occurrence of the following events:

- Participant's attainment of age 59½
- Due to hardships, as defined in the Plan document
- Participant becoming disabled
- Attainment of normal retirement age

A participant may apply to the Plan administrator for a hardship withdrawal at any time. This withdrawal must be for an immediate financial need for which funds are not reasonably available from other resources. Hardships include post-secondary educations expenses for the participant, spouse or dependents; medical expenses to the extent not otherwise reimbursed under the Adopting Employers' medical programs; expenses for the purchase of a principal residence or material alterations thereto for repair of damage; payments to prevent eviction from or foreclosure on a principal residence; and burial or funeral expense of the participant's parent, spouse or dependents.

Notes Receivable from Participants

Loans to participants are allowed in accordance with the provisions of the Plan document. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The amount available for borrowing will be reduced by the amount of his or her highest outstanding loan balance, if any, during the previous one-year period. These loans are secured by the balance in the participant's account and bear interest as determined at the time of the loan origination.

Principal and interest is paid ratably through bi-weekly payroll deductions over a period of time not to exceed five years. If the proceeds are used to construct or rehabilitate a participant's principal residence, the Plan administrator may permit a longer repayment term. Principal and interest repaid is reinvested based on the participant's present investment allocation selection.

1. Description of Plan *(continued)*

Plan Termination

Although it has not expressed any intent to do so, the Adopting Employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested with the Adopting Employers' contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP"), using the accrual basis of accounting, which recognizes revenue when it is earned and expenses as they are incurred.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the reported amounts of additions and deductions to net assets available for benefits during the period. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows US GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

2. Summary of Significant Accounting Policies *(continued)*

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for the investment in the group annuity contract which is valued at contract value. Separate accounts are reported at the value reported to the Plan by the insurance company, which represents the fair value of the underlying investments comprising the accountings. The group annuity contract is valued at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses

All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value ("NAV") and to transact at that price. The common/collective trusts are valued at the NAV of units held by the Plan. The NAV of the common/collective trusts, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Pooled separate accounts are reported at the value reported to the Plan by the insurance company, which represents the fair value of the underlying investments comprising the accounts.

Pursuant to US GAAP guidance, alternative investments where fair value is measured using NAV are not categorized within the fair value hierarchy.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold during the year as well as those held at year end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest is recorded on the accrual basis.

Payment of Benefits

Benefit payments are recorded when paid.

2. Summary of Significant Accounting Policies *(continued)*

Expenses

With the exception of the Plan's record-keeping fees and participant loan expenses (loan setup and loan maintenance fees) which are charged to the individual participant's account and are included in administrative expenses, all other administrative expenses incurred by the Plan are paid by the Adopting Employers. Investment related fees are included in the appreciation (depreciation) in fair value of investments.

Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to reduce future employer contributions or pay Plan administrative expenses. At December 31, 2019 and 2018 forfeited non-vested accounts amounted to $38,436 and $62,598, respectively. During the year ended December 31, 2019, the Adopting Employers used forfeited funds of $19,068 to reduce employer contributions and $44,200 to pay certain expenses, as allowed by the Plan.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

3. Information Certified (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, the custodian of the Plan has certified to the completeness and accuracy of all the investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, and the supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment and interest on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019.

4. Tax Status

The Plan's prototype Plan document preparer has obtained an opinion letter dated August 8, 2014 from the Internal Revenue Service stating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust was tax exempt as of the financial statement date.

4. Tax Status *(continued)*

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a liability if the Plan has taken an uncertain position that more likely than no would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions for periods since 2016; however, there are currently no examinations for any tax periods pending.

5. Investments

The following are the classes and major categories of the Plan's investments at December 31, 2019 and 2018 grouped by fair value hierarchy:

Description	Level 1	Level 2	Other Investments Measured at NAV *	Total

Common/Collective Trusts - Principal Trust Target Date Funds

The Plan offers 12 non benefit-responsive common/collective trusts called the Principal Trust Target Date Funds ("Target Date Funds"). These Target Date Funds include: the Principal Trust Target 2010 Fund; the Principal Trust Target 2015 Fund; the Principal Trust Target 2020 Fund; the Principal Trust Target 2025 Fund; the Principal Trust Target 2030 Fund; the Principal Trust Target 2035 Fund; the Principal Trust Target 2040 Fund; the Principal Trust Target 2045 Fund; the Principal Trust Target 2050 Fund; the Principal Trust Target 2055 Fund; the Principal Trust Target 2060 Fund; and the Principal Trust Income Fund. The unit value of each of these Target Date Funds is determined on a daily basis. Units are issued and redeemed at their unit value. Net investment income and realized and unrealized gains and losses on investments are not distributed to participants, but are reflected in the unit value.

7. Party-in-Interest Transactions

The Plan invested in Principal Trust Company investments during the Plan year. These investments are considered party-in-interest transactions because Principal Trust Company served as custodian of the Plan at December 31, 2019; however, they are exempt from the prohibited transactions rules under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Certain employees of the Adopting Employers who may be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

7. Party-in-Interest Transactions *(continued)*

The Adopting Employers failed to transmit to the Plan certain lost earnings on participants' contributions totaling an immaterial amount within the period prescribed by DOL regulations. These contributions relate to the 2016, 2017, 2018 and 2019 Plan years. Delays in remitting these amounts to the Plan were due to an administrative oversight. The Adopting Employers have made the necessary corrections to satisfy both the DOL's and IRS' guidance for this matter and have implemented procedures to reduce the time needed to transmit participants' contributions and loan repayments to the Plan.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent to year end, the COVID-19 pandemic has resulted in substantial volatility in the global financial markets. As a result, the Plan's investments have incurred a significant decline in their fair value since December 31, 2019. Because the value of the Plan's investments has and will continue to fluctuate in response to changing market conditions, the amount of losses, if any, that will be recognized in subsequent periods, cannot be determined.

9. Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 8, 2020, and has determined that there were no subsequent events or transactions which would require recognition or disclosure in the financial statements.

On March 27, 2020, the "Coronavirus Aid, Relief and Economic Security (CARES) Act" was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented provisions that include special coronavirus distributions up to $100,000, an increase in the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance and an extension of the period for loan repayments, if applicable, up to one year.
