Report of Independent Auditor

To the Plan Administrator and Participants
New Era Life Insurance Company 401(k) Profit Sharing Plan & Trust
Houston, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of New Era Life Insurance Company 401(k) Profit Sharing Plan & Trust (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019, the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of New Era Life Insurance Company 401(k) Profit Sharing Plan & Trust as of December 31, 2019, and the changes in net assets available for benefits for the year ended December 31, 2019 in accordance with accounting principles generally accepted in the United States of America.

Other Matter – Supplementary Schedule

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, as of December 31, 2019 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Matter – 2018 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2018, were audited by other auditors whose report dated October 14, 2019, expressed an unmodified opinion on those statements.

Note 1—Description of the Plan

The following description of the New Era Life Insurance Company 401(k) Profit Sharing Plan & Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan with 401(k) option covering all employees of New Era Life Insurance Company ("Plan Sponsor", "Plan Administrator" or the "Company") except those who are covered by a collective bargaining agreement or are nonresident aliens. Employees are eligible to participate following the completion of one month of service and the attainment of 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Merrill Lynch ("Plan Custodian") serves as the trustee for the Plan.

Contributions – Participants may contribute up to 50% of pre-tax or post-tax annual compensation, as defined in the Plan, up to the maximum amount allowed by law ($19,000 for 2019). This Plan also allows for catch-up contributions up to $6,000 in 2019 for participants over 50 years of age. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or contribution plans.

The Plan Sponsor makes a matching contribution each pay period, equal to 50% of the contributing participant's elective deferral, up to 6.0% of the contributing participant's compensation. The Plan Sponsor may also make a discretionary profit sharing contribution to be determined each Plan year. The profit sharing contribution is allocated to each eligible employee in proportion to his or her compensation as a percentage of the compensation of all eligible employees. The Company elected not to make a profit sharing contribution for the year ended December 31, 2019.

Participant Directed Investments – Participants direct the investment of their contributions and the Plan Sponsor contributions into various investment options offered by the Plan. The Plan currently offers one money market fund and thirty-three mutual funds as investment options for participants. Participants may change their investment options at any time. There are no non-participant directed investments as December 31, 2019 and 2018.

Participant Accounts – Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contribution and (b) Plan earnings; and charged with an allocation of administrative expenses and any plan losses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts – Unvested balances relating to terminated employees revert to the Plan and may be used to fund Company contributions. Forfeitures of $3,940 were used to reduce employer contributions during 2019. At December 31, 2019 and 2018, the balance of forfeited non-vested accounts totaled $8,344 and $3,940, respectively.

Rollovers and Transfers – Participants who have a balance in another qualified employee benefit plan, as described in Section 401(a) of the Internal Revenue Code ("IRC"), may transfer or rollover the lump-sum values of their account directly into the Plan, provided it meets the requirements of the IRC.

Administrative Expenses – Administrative expenses represent a fee charged by the Plan Custodian for loan and distribution administration. The administration fee is reflected as a reduction of the applicable participant account. The Company has paid other expenses of operating and maintaining the Plan. In the event the Company does not continue to pay the Plan expenses, the Plan expenses will be paid by the Plan and charged on a pro-rata basis to the value of the participants' account balances.

Note 1—Description of the Plan (continued)

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A year of service is defined as 1,000 hours. A participant is 100% vested after six years of credited service, summarized as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Contributions become immediately vested in full upon death, disability, or retirement of a participant. Participants will become fully vested in the Company's contributions upon termination of the Plan.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. All notes receivable from participants must be repaid within 5 years, except those that are used for the purchase of a principal residence, in which case the repayment period may exceed five years, but shall in no event extend beyond the borrowing participant's normal retirement date. Participants will not be allowed to have more than one note receivable outstanding at any one time. In most cases, repayment of the note will be made through after-tax payroll deductions. If a participant defaults on the loan, the outstanding loan balance plus accumulated interest is deemed a distribution and reported as income to the participant subject to early withdrawal penalty.

Distributions During Employment – As a general rule, a participant's contributions will remain in the Plan as long as the participant remains employed by the Company. The Plan provides an exception to this rule for withdrawals of the participant's contributions if a participant becomes disabled. No other hardship withdrawals are permitted. Should a participant reach age 59½ and not elect to terminate employment, the participant can take an in-service distribution from their vested account balance.

Payment of Benefits – Benefits become available to participants on the earliest date of six events: (1) termination of employment prior to normal retirement age, (2) termination of employment due to total and permanent disability, (3) death of the participant (benefits are payable to the participant's spouse or beneficiary), (4) upon the participant's retirement, (5) when a participant reaches the age of 59½, or (6) minimum required distributions.

Terminating participants with balances under $5,000 and over $1,000 are automatically rolled into an individual retirement account, unless they request a lump-sum or rollover distribution. If the participant's account balance exceeds $5,000, the participant may choose to keep the funds in the Plan, request a direct rollover to another qualified plan, or take a lump-sum distribution. Participants with balances less than $1,000 are paid in lump-sum upon termination of employment, unless the participant requests a rollover distribution.

On termination of service due to death prior to retirement, a participant's vested balance will be paid to the participant's spouse or beneficiary in a lump sum or in installments payable over any period which does not exceed the life expectancy of the beneficiary.

Note 1—Description of the Plan (continued)

On termination of service due to retirement, a participant will receive benefits in the form of a lump-sum payment. An election to change to other benefit options can be made (with consent of the participant's spouse, if applicable).

If the participant becomes disabled and is eligible for Social Security disability benefits or is determined disabled by a physician selected by the Plan Sponsor, the full value of the participant's account becomes 100% vested.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Significant estimates of the Plan include the estimate of the fair value of investments.

Income Recognition – The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation or depreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments. Purchases and sales of securities are recorded on a settlement date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned daily and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Investment Valuation – Money market and mutual funds are reflected in the accompanying Statements of Net Assets Available for Benefits at their estimated fair values. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As further described at Note 3, fair value at December 31, 2019 and 2018, is based primarily on the quoted market prices of the underlying securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their value. Because of the inherent uncertainty of these valuations, the estimated values may differ from the actual fair values that may or may not be ultimately realized.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain administrative expenses, including legal and accounting, are paid by the Plan Sponsor and accordingly, are not reflected in the accompanying financial statements of the Plan. Certain transaction processing fees are charged to participants and therefore are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of the fair value of investments.

Income Tax – U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there were no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 2—Summary of significant accounting policies (continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan document. For the year ended December 31, 2019, $10,962 was recorded as interest income on notes receivable from participants.

Recently Issued Pronouncements – Plan management is not aware of any recently issued accounting pronouncements applicable to the Plan's financial statements.

Management's Review – The Plan Administrator has evaluated subsequent events through October 13, 2020, which is the date the financial statements were available to be issued.

Note 3—Fair value of investments

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Plan utilizes a fair value hierarchy which requires classification based on observable and unobservable inputs when measuring fair value. The fair value hierarchy distinguishes between assumptions based on market data (observable inputs) and an entity's own assumptions (unobservable inputs). The hierarchy consists of three levels:

Level 1 – Valuation input based on quoted market prices in active markets for identical assets or liabilities;

Level 2 – Valuation input based on inputs other than level one inputs that are either directly or indirectly observable; and

Level 3 – Valuation input based on unobservable inputs developed using estimates and assumptions, which are developed by the reporting entity and reflect those assumptions that a market participant would use.

The following tables present the assets and liabilities that are measured at fair value on a recurring basis by level within the fair value hierarchy as reported on the statements of net assets available for benefits at December 31, 2019 and 2018. Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

December 31, 2019	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investments:				
Money market	$ 3,002,532	$ -	$ -	$ 3,002,532
Mutual funds	16,872,791	-	-	16,872,791
Investments at fair value	$ 19,875,323	$ -	$ -	$ 19,875,323

Note 3—Fair value of investments (continued)

December 31, 2018	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investments:				
Money market	$ 2,089,568	$ -	$ -	$ 2,089,568
Mutual funds	14,624,441	-	-	14,624,441
Investments at fair value	$ 16,714,009	$ -	$ -	$ 16,714,009

The following are descriptions of the valuation methodologies used for assets measured at fair value:

Mutual funds are valued based on quoted market prices in active markets.

Money market funds are valued at cost plus accrued earnings, which approximates fair value.

The prices for these instruments are obtained through the Trustee with whom the Plan has historically transacted both purchases and sales of investment securities. Prices obtained from these sources include market quotations and other information. The fair value measurements consider observable data that may include market quotes, market spreads, and cash flows, among other things. Management reviews the data and assumptions used in pricing the securities by its Trustee to ensure the lowest level of significant input is market observable data.

There have been no changes in the methodologies used as of December 31, 2019 and 2018. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan has no financial instruments which were valued using Level 2 or Level 3 inputs as of December 31, 2019 and 2018. The Plan recognizes any transfers between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the year ended December 31, 2019.

Note 4—Related party and party-in-interest-transactions

The Company provided certain Plan administrative services without compensation during the year ended December 31, 2019. In addition, the Company paid a total of $18,918 in Plan expenses for administrative, record keeping, investment management, and audit services, which are not included in the accompanying financial statements.

The Plan Custodian receives fees for administration and investment management. The Plan paid fees to the custodian in the amount of $90,963, which were offset against the investment income, for the year ended December 31, 2019.

Note 5—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6—Tax status

The Plan obtained its latest determination letter on April 10, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan's Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8—Fidelity bond

The Plan was covered by a fidelity bond which exceeded the amount required under ERISA at the beginning of the Plan's fiscal year. The Company was in compliance with the ERISA bonding requirements.

Note 9—Subsequent events

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has incurred a significant volatility in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.
