RENTAL CONCEPTS, INC. PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

1. Description of Plan:

General:

The following description of the Rental Concepts, Inc. Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan, established January 1, 1997, is a defined contribution plan covering all employees of Rental Concepts, Inc. (dba Fleet Response) (the "Company") who meet the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's Plan Committee is responsible for oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions:

Participants may elect to contribute up to 90% of their compensation into the Plan on a pre-tax or post-tax basis (Roth). The amount a participant can contribute is limited to the annual amount set by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company may make discretionary matching contributions to each participant's account as determined annually by the Company's Plan committee. There were no employer discretionary matching contributions made in 2019.

The Company may make a discretionary profit sharing contribution to the Plan. The amount of the discretionary profit sharing contribution is determined annually by the Company. Employer discretionary profit sharing contributions totaled \$200,000 in 2019.

The Company made Safe Harbor Qualified Non Elective Contributions (QNEC) of 3% allocated to participants based on their eligible compensation totaling \$234,767 in 2019.

Vesting:

Participants are immediately vested in their pre-tax, post-tax and QNEC contributions plus earnings thereon. Participants vest in discretionary matching and profit sharing contributions in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 3	0%
3 or more	100%

Forfeitures of nonvested accounts are retained in the Plan and can be used to pay Plan expenses or reduce future employer contributions.

1. Description of Plan (continued):

Vesting (continued):

Forfeitures totaling \$1,620 in 2019 were used to reduce Plan expenses. The forfeiture account totaled \$700 at December 31, 2019 and \$1,012 at December 31, 2018.

Participant accounts:

Separate accounts for each participant are maintained by the trustees. Income (loss) is allocated to participant accounts based on participant's individual fund elections and the earnings (losses) of those funds.

The Plan's stable value fund is reported at contract value, as provided by Reliance Trust Company (Reliance) and PNC Bank, National Association (PNC), the trustees of the Plan.

Participants may direct their contributions, including the employer's portion, into any combination of a number of investment funds.

Notes receivable from participants:

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Note transactions are treated as transfers between investment funds and the participant notes fund. Repayment of a note must be made over a period not to exceed five years, unless the note is used to purchase a principal residence, in which case the note is to be repaid over a reasonable period of time that may exceed five years. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. The interest rate on the notes range from 3.25% to 6.50% at December 31, 2019 and from 3.25% to 6.25% at December 31, 2018. Principal and interest may be paid through payroll deductions or cash on a timely basis.

Payment of benefits:

Participants may elect to withdraw a specified portion of their contributions prior to their termination of employment subject to certain restrictions under the Plan. If participants suffer serious financial hardship, as defined by the Plan, they may withdraw a portion of their vested account in order to meet their financial needs. Once participants attain age 59-1/2, they may also elect to withdraw from their account, any amount not to exceed their invested portion. All accounts are subject to distribution upon the participant's termination, retirement, total disability or death.

On termination of service for any other reason than death, the participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest or an annuity over the life of a participant or the joint lives of the participant and a designated individual.

Benefits are recorded when paid.

1. Description of Plan (continued):

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements (Note 6). Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses (Note 6). Investment related expenses are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Investment valuation and income recognition:

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative expenses:

Certain administrative functions are performed by employees of the Company. No such employee or the Company receive compensation from the Plan. These transactions qualify as party-in-interest transactions.

2. Summary of significant accounting policies:

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make note repayments and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Recent accounting pronouncement:

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurements*. This ASU is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurements*. This ASU is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. The Plan is currently evaluating the impact of this ASU and will implement it upon its effective date.

3. Investments:

The following table presents the current value of investments at December 31, 2019 and 2018. All investments are participant-directed.

	<u>2019</u>	<u>2018</u>
Investments:		
Collective trusts	\$ 9,084,277	
Mutual funds	594,722	\$ 7,376,705
Stable value collective trust	<u>463,584</u>	<u>424,619</u>
	<u>\$ 10,142,583</u>	<u>\$ 7,801,324</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

RENTAL CONCEPTS, INC. PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2019 AND 2018

4. Fair value (continued):

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 or 2018.

For mutual funds, fair value is based on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The fair value of the collective trusts and the stable value fund are valued based on the unit value of the fund. Unit values are determined by the trust company sponsoring such fund by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. The Morley Stable fund contains fully benefit-responsive investment contracts, whose fair value is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	<u>Level 1</u>	<u>Total</u>
Mutual funds	<u>\$ 594,722</u>	\$ 594,722
Investments measured at net asset value (a)		<u>9,547,861</u>
Total investments at fair value		<u>\$ 10,142,583</u>

4. Fair value (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Total
Mutual funds	<u>\$ 7,376,705</u>	\$ 7,376,705
Investments measured at net asset value (a)		<u>424,619</u>
Total investments at fair value		<u>\$ 7,801,324</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments measured using the net asset value per share practical expedient:

The following table presents the fair value, unfunded commitments, redemption frequency, and redemption notice period for the plan investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019:

6. Information certified by trustee:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained and derived from information supplied to the plan administrator and certified as complete and accurate by Reliance and PNC, the trustees of the Plan, in accordance with Section 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

7. Income tax status:

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is therefore not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan is a prototype plan and has received a favorable determination letter from the Internal Revenue Service. Management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan termination:

The Company expects to continue the Plan but reserve the right at any time within its sole discretion to reduce, suspend or discontinue contributions to the Plan or to terminate the Plan. In the event of termination, all affected participants will become 100% vested in their accounts.

9. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent events:

On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic with multiple jurisdictions in the United States declaring a state of emergency. Certain states, including Ohio, had issued “stay-at-home” orders for non-essential businesses, as defined. As a result, economic uncertainties have arisen which has contributed to significant volatility for businesses and in financial markets. The pandemic may have continued adverse impact on economic and market conditions that could result in a global economic slowdown for an extended period of time. Consequently, there is and will continue to be uncertainty and risk with respect to the Company, the Plan, its investments and its financial results. Management has, and will continue to monitor the situation and make operational changes in an attempt to minimize any future financial impact to the Company and the Plan.

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 13, 2020, the date the Plan’s financial statements were available to be issued.
