NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

NOTE 1 - DESCRIPTION OF THE PLAN

General

The following description of Jacques Moret, Inc. 401(k) Plan and Trust ("the Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

The Plan is a participant-directed, defined contribution plan covering all employees of Jacques Moret, Inc. and Affiliates, H. Best Ltd., and SBH Intimates Inc. and Subsidiary (collectively "the Company," "Employer" or "Sponsor"). Employees are eligible to participate if they have three months of service, are not covered by a collective bargaining agreement, and have attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's Trustee oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Trustee.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan, up to the limit allowable under federal law. Participants who have attained age fifty before the end of the Plan year are eligible to make catch up contributions. Contributions are subject to certain statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Participants direct the investment of their contributions and the Employer's contributions into various investment options offered by the Plan.

Employer Contributions

As per the Plan documents, the Company may decide to make matching contributions to the Plan at its own discretion. In 2019, the Company decided not to make any matching contributions to the Plan.

Rollover Contributions

A participant may, with the consent of the Plan Administrator, make a rollover contribution to the Plan at any time. Rollover contributions are assets transferred to the Plan from a qualified savings plan in which employees participated prior to their employment by the Employer.

Participant Accounts

Each participant's account is credited with the participant's contributions and Employer's discretionary contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN - Continued

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of continuous service, or upon death, or termination because of disability. The vesting schedule of the Employer's contribution is stated as follows:

Years of Service	Percentage
Less than 3	0
3 or more	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest rates ranging from 4.25% to 6.50%. Principal and interest are either deducted from the participant's account or paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his/her account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his/her account as a lump-sum distribution.

Forfeited Accounts

As of December 31, 2019 and 2018, forfeited non-vested accounts totaled $7,480 and $7,340, respectively. These accounts will be used to pay for administrative expenses and to reduce future Employer contributions. There were no forfeitures used in 2019 and 2018.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from these estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (losses) on investments bought and sold, as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees relating to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of the fair value of investments.

Reclassifications

Certain amounts in the prior year financial statements have been reclassified to conform to the current year presentation.

NOTE 3 - INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The statements of net assets available for benefits as of December 31, 2019 and 2018, the investment activities included on the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018, and the accompanying notes to the financial statements were prepared in part or entirely from information certified as complete and accurate by the Custodian in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified is as follows:

NOTE 3 - INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED) - Continued

	2019	2018
INVESTMENTS	$31,464,218	$26,528,559
TOTAL INVESTMENT INCOME (LOSS)	5,074,740	(1,284,771)
NOTES RECEIVABLE FROM PARTICIPANTS	477,355	502,661

During 2019, the Plan's investments, including gains and losses on investments bought and sold, as well as those held during the year, appreciated in value by $5,074,740.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

a. Quoted prices for similar assets or liabilities in active markets,

b. Quoted prices for identical or similar assets or liabilities in inactive markets,

c. Inputs other than quoted prices that are observable for the asset or liability,

d. Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

NOTE 4 - FAIR VALUE MEASUREMENTS - Continued

Pooled Separate Accounts

Valued at their accumulation unit value ("AUV") which approximates fair value. The AUV is determined daily based on the net asset value ("NAV") of shares of the underlying fund and the separate account charges (i.e. the daily asset charge). The Plan's investments in the pooled separate accounts may be redeemed daily. There are no redemption fees or notice periods and no unfunded commitments.

Fixed Account

The fixed account available through an annuity contract issued by Voya Retirement Insurance and Annuity Company (Voya). Voya does not consider this investment to be either a fully benefit-responsive contract or a Guaranteed Investment Contract. It is valued at fair value by using the credited rate which is communicated and credited to the Plan on a daily basis. The credited interest rate, account balances and formulas may be observable through the Plan's contract and related communications.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at fair value as of December 31, 2019

NOTE 4 - FAIR VALUE MEASUREMENTS - Continued

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to and permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Equity Funds

Equity funds invest in stocks. The objective of an equity fund is growth through capital gains and dividends. Stock funds may have a specific style, for example, value or growth and include investments in different sized companies and geographic regions.

Lifecycle Funds

Lifecycle funds invest in a variety of different types of equities and fixed income securities to achieve their stated investment objective. The objective of an asset allocation fund can vary and includes, but is not limited to, target date funds and investment styles. Target date funds automatically rebalance their investments to create a portfolio for a certain retirement date. Investment styles can vary in risk and include investments in different sized companies and geographic regions, with different weights on equity and debt.

NOTE 4 - FAIR VALUE MEASUREMENTS - Continued

Moderate Allocation Funds

Moderate allocation funds invest in a combination of stocks and bonds seeking to balance growth of principal and current income. Some funds have fixed asset allocations and others allow managers discretion to allocate between equities and bonds, depending on their view of return and risk.

Bond Funds

Bond funds invest primarily in fixed income securities that have been determined to be appropriate for their investment goals. Funds in this asset class vary greatly in their risk profiles depending on the credit quality of the underlying investments and the average duration of the portfolio.

NOTE 5 - RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are pooled separate investment accounts and a fixed account managed by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company is the Custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for administrative services amounted to $36,551 for the year ended December 31, 2019.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of Plan termination, participants will become 100% vested in their Employer contributions.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined, and informed the Company by a letter dated March 10, 2011, that the Plan and the related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal, state or local tax authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

NOTE 8 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - PROHIBITED TRANSACTIONS - LATE CONTRIBUTIONS

A Form 5330 will be filed in 2020 for late deposit of participant contributions for various periods during 2019. The total late contributions were $753.

NOTE 10 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 12, 2020, the date on which the financial statements were available to be issued, and has concluded that no events or transactions took place, which require disclosure herein.

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of multiple business segments. This rapidly changing pandemic has generated significant uncertainty in the global economy and volatility in financial markets. Due to the ongoing economic uncertainty and volatility caused by COVID-19, the resulting financial impact to the Plan cannot be reasonably estimated.

The government passed the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" on March 27, 2020. The Plan has implemented certain changes allowable under the CARES Act which include permitting eligible plan participants to request penalty-free distributions of up to $100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, permitting suspension of loan payments due for up to one year and permitting individuals to stop receiving 2020 required minimum distributions.
