NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Envision Pharma, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan, created August 1, 2013, is a defined contribution plan covering all full-time employees of Envision Pharma, Inc. who are age 21 or older, except union employees, nonresident aliens, employees who are residents of Puerto Rico, and leased employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various registered investment companies - mutual funds as investment options for participants. Employees become eligible to enroll in the Plan on the later of the first day of the month after the month in which they are initially hired or after they have completed one pay period of service. Employees enroll on-line, choosing their deferred percentage and investment allocations. Envision Pharma, Inc., the plan sponsor, contributes 100% of the first 3%, and 50% of the next 2% of base compensation that a participant contributes to the Plan. The matching contribution is invested directly according to the employees' investment allocations. The plan sponsor may also make a discretionary non-elective profit sharing contribution to all eligible employees, as defined in the Plan. To be eligible for any such discretionary non-elective profit sharing contributions, employees must have completed one year of service and be age 21 or older. Contributions are subject to certain statutory limitations.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocation of (a) the plan sponsor's matching contribution and, (b) plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions, plus the plan sponsor's matching contributions, plus actual earnings thereon. Vesting in the plan sponsor's discretionary non-elective profit sharing contribution portion of their accounts is based on years of service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, and are generally available for terms of 1-5 years except for the purchase of a primary residence. The notes are secured by the balance in the participant's account and, for the year ended December 31, 2019, bear interest at rates ranging from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN - Continued

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts. These accounts represent the portion of any discretionary non-elective profit sharing contributions made by the plan sponsor that were allocated to participants who later terminated their employment with the plan sponsor before becoming fully vested in those contributions, and are used to first pay any administrative expenses, then used to reduce plan sponsor contributions. At both December 31, 2019 and 2018, there were no forfeited non-vested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements on the modified cash basis, which is a comprehensive basis of accounting other than generally accepted accounting principles. Under this basis of accounting, transactions are recorded on the cash basis of accounting, except that certain securities are recorded at fair value, with the net appreciation (depreciation) recorded on the statement of changes in net assets available for benefits – modified cash basis. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with generally accepted accounting principles.

Investment Valuation and Income Recognition

Investments in registered investment companies - mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the plan sponsor determines the Plan's valuation policies. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Total investments at December 31, 2019 and 2018 include $104,013 and $76,629, respectively, of unallocated excess revenue sharing that is available to offset future administrative expenses that would otherwise be payable by the plan sponsor.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Payment of Benefits

Benefits are recorded when paid. No participants have withdrawn from the Plan that have not been paid.

Estimates

The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Adoption of New Accounting Standards

ASU 2018-13, *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement* (Topic 820), eliminates the disclosures for transfers between Level 1 and Level 2, the valuation process for Level 3 fair value measurements, the change in unrealized gains and losses for recurring Level 3 fair value measurements held at the end of the reporting period, as well as requiring certain modifications to reporting on Level 3 investments and certain investments at net asset value. The ASU also added certain disclosures that are not required for non-public entities. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted for certain provisions. Management has elected not to early adopt those provisions.

Risks and Uncertainties

The Plan provides for investment options in various registered investment companies - mutual funds with various levels of risk tolerance. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits – modified cash basis and the statements of changes in net assets available for benefits – modified cash basis. Annual reviews of the Plan's investment performance are performed and recommended changes are proposed for those investment vehicles that are not performing within the criteria established by the Plan's investment strategy. See Note 10 regarding the volatility in the market value of certain investments subsequent to December 31, 2019.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information included in the Plan's financial statements and supplemental schedule that was prepared by Reliance Trust Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information, including the information in the supplemental schedule, is complete and accurate.

Loan Offsets Treated as Distributions	(2,448)	
Balance – December 31,	$ 363,910	$ 325,833

NOTE 5 - FAIR VALUE MEASUREMENTS

In accordance with FASB ASC 820, fair value measurements, the Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits – modified cash basis as follows at December 31, 2019 and 2018:

December 31, 2019	Fair Value	Quoted Prices In Active Markets for Identical Assets Level 1
Registered investment companies - mutual funds	$39,234,753	$39,234,753
December 31, 2018		
Registered investment companies - mutual funds	$28,298,243	$28,298,243

FASB ASC 820, *Fair Value Measurements* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were available to the Plan.

Level 1 - Fair Value Measurements

Fair value is based on unadjusted publicly quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

The fair value of the Plan's investment in registered investment companies - mutual funds, are based on publicly quoted net asset values of the shares held by the Plan at year-end.

Level 2 - Fair Value Measurements

Fair value is based on inputs, other than Level 1, that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability through corroboration with observable market data. The Plan currently uses no Level 2 inputs.

Level 3 - Fair Value Measurements

Fair value is based on significant unobservable inputs for the asset or liability. These inputs reflect the Plan's own assumptions through their investment advisors about the assumptions that market participants would use in pricing the asset or liability. The Plan currently uses no Level 3 inputs.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ADP, LLC is the record keeper and The Centurion Group, LLC is the investment advisor for the Plan and, in accordance with the ADP Retirement Plan Administrative Services Agreement effective May 29, 2013 between the plan sponsor and ADP, LLC, they provide administrative and investment advisory services to the Plan, thereby qualifying as parties-in-interest as defined in Section 406 of ERISA. ADP, LLC and/or The Centurion Group, LLC receive revenue from registered investment companies - mutual fund service providers for services they provide to the funds. This revenue is used to offset certain amounts owed to The Centurion Group, LLC for its advisory services to the Plan.

If the revenue received by ADP, LLC and/or The Centurion Group, LLC from such registered investment companies - mutual fund service providers exceeds the amount owed under that agreement, they will remit the excess to the Plan.

During 2019 and 2018, administrative fees paid to ADP, LLC from Plan assets were $3,880 and $3,455, respectively.

The Centurion Group, LLC provides investment advisory services thereby qualifying as a party-in-interest as defined in Section 406 of ERISA. Fees paid to The Centurion Group, LLC during 2019 and 2018 totaled $64,750 and $56,933, respectively.

In addition, the Plan received $90,650 and $79,707 respectively, in revenue sharing remittances during 2019 and 2018, as described above.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in all non-elective profit sharing contributions to the Plan.

NOTE 8 – ADMINISTRATIVE COSTS

Certain expenses incurred in connection with the Plan are paid directly by the plan sponsor and are not deducted from Plan assets.

Additionally, participants are assessed certain loan and distribution processing fees, which are paid directly from the accounts of the applicable plan participants. Also see Note 6 for additional detail.

NOTE 9 - TAX STATUS

The Internal Revenue Service (IRS) has determined that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

NOTE 9 - TAX STATUS – continued

The plan administrator evaluates tax positions taken by the Plan and recognizes a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress and management is not aware of any uncertain tax positions taken by the Plan. Tax years ended December 31, 2016 through December 31, 2019 remain open and subject to examination by major tax jurisdictions.

NOTE 10 – SUBSEQUENT EVENTS

During the year, management became aware that a small group of employees appear to have been incorrectly categorized as ineligible to participate in the Plan, as an excluded class of employee, during the years 2013 through 2019. Management worked with its record keeper and others to determine what corrective contributions were due to the Plan and, subsequent to year end, the corrective contributions and related lost earnings, which totaled $13,821, were remitted.

Subsequent to year end, management amended the Plan, effective January 1, 2020, to exclude temporary and seasonal part-time employees who are expected to work less than 1,000 hours per year from participation in the Plan. Additionally, effective July 1, 2020, management amended the Plan to add a Roth deferral option, a self-directed brokerage option, and other investment changes.

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The full impact of the COVID-19 pandemic continues to evolve as of the date of this report. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time. The market continues to experience significant volatility and the effect on future market values and general economic conditions remains undeterminable.

Effective April 7, 2020 the Plan adopted various provisions of the Coronavirus Aid, Relief and Economic Security ("CARES") Act that was signed into law on March 27, 2020 such as: participants may take a COVID-19 related distribution of up to $100,000 beginning on or after January 1, 2020 through December 31, 2020 without penalty; the maximum loan available under the plan is raised to $100,000 for loans issued between March 27 and September 22, 2020 and qualified Plan participants with outstanding participant loans may temporarily defer repayments for the period between March 27 and December 31, 2020.

Subsequent events were evaluated through October 12, 2020, which is the date the financial statements were available to be issued. Management has not identified any additional significant subsequent events requiring disclosure.
