Employees Savings Plan
Notes to Financial Statements

1. Description of the Plan

The following description of the Thruway Fasteners, Inc. Employees Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan, established effective January 1, 2001, is a defined contribution plan covering substantially all employees of Thruway Fasteners, Inc. (the "Plan Sponsor"). The Plan was amended and restated effective January 1, 2016 to include the Plan Sponsor safe harbor contribution. Employees must be at least 20½ years of age and have completed 3 months of service in order to become a participant in the Plan and begin making elective deferrals and receiving Plan Sponsor safe harbor contributions. Prior to the Plan being amended effective January 1, 2018, the eligibility requirement to make deferrals was 6 months of service. Prior to the Plan being amended effective July 1, 2018, the eligibility requirement for Plan Sponsor safe harbor contributions was 12 months of service. In accordance with the Plan agreement, the following classes of employees are excluded from eligibility:

- Union employees covered by a collective bargaining agreement;
- Non-resident aliens; and
- Leased employees

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Participants may elect to contribute a specific percentage or dollar amount up to 50% of their annual compensation as a pre-tax contribution, limited by the amount imposed by law. Additionally, participants age 50 or older may elect to make a catch-up contribution limited to the amount imposed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (i.e., rollovers).

The Plan Sponsor safe harbor matching contribution is equal to 100% of salary deferrals up to 3% of employee compensation, plus 50% of salary deferrals between 3% and 5% of employee compensation.

Vesting – Participants are immediately vested in their salary deferral, rollover contributions, Plan Sponsor contributions and actual earnings thereon.

1. Description of the Plan (continued)

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, Plan Sponsor contributions and the participant's share of Plan earnings. Participant accounts are decreased by participant distributions and each participant's share of Plan expenses and losses. The allocation of earnings and losses to participant accounts is based upon the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits – Upon termination of service due to retirement, death, disability, or as required by law, a participant may elect to receive installment distributions or a lump-sum distribution in an amount equal to the vested value of their account. The Plan permits in-service distributions for participants older than age 65, and for participants older than age 59½ who are permanently disabled.

Forfeitures – The non-vested account balances of participants who have ceased employment with the Plan Sponsor are forfeited upon the distribution of vested balances. The Plan Sponsor may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. The balance in the forfeiture holding account amounted to $11,097 and $10,965 as of December 31, 2019 and 2018, respectively.

Income Taxes – The Plan delegated authority to Actuarial Consulting Services, Inc. to adopt the Actuarial Consulting Services, Inc. Non-Standardized 401(k) Profit Sharing Plan #10-005. The Plan relies on an opinion letter issued by the Internal Revenue Service ("IRS") as evidence that the Plan is qualified under section 401 of the Internal Revenue Code (the "Code"). Accordingly, no provision for income taxes has been included in the accompanying financial statements. The Plan has been amended since the effective date of the IRS letter. However, the Plan Administrator believes that the Plan is operating in compliance with the requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America ("GAAP") require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management is not aware of any uncertain tax positions that would cause the Plan to lose its tax status or to otherwise be subject to other taxes or penalties.

1. Description of the Plan (continued)

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan agreement to discontinue its contributions at any time and to terminate its participation in the Plan, subject to the provisions of ERISA. In the event of partial or complete Plan termination, participants will become fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared using the accrual method of accounting in accordance with GAAP.

Investment Valuation and Income Recognition – The Plan's investments in registered investment companies are stated at fair value, as determined by Great-West Trust Company, LLC (the "Trustee"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

The Plan's investment in a guaranteed interest account is reported at contract value and represents the value paid if the funds were withdrawn prior to their maturity. Interest is credited on contract balances using a single interest crediting rate applied to all contributions made regardless of the timing of the contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting.

The Plan presents in the accompanying statements of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments which consists of the realized gains and losses and the unrealized net appreciation or depreciation of those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses – Certain accounting and administrative expenses of the Plan are paid by the Plan Sponsor. Expenses relating to investment activity are paid by the Plan.

Payment of Benefits – Benefits are recorded when paid.

Party-in-Interest Transactions – Certain Plan investments are managed by the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Use of Estimates – The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Accounting Changes – During the year ended December 31, 2019, the Plan adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2016-01, *Financial Instruments – Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*, which updates certain aspects of the recognition, measurement, presentation and disclosure of financial instruments. The adoption of ASU 2016-01 did not have an impact on the Plan's recognition of net assets.

Subsequent Events – The Plan has evaluated subsequent events, for recognition or disclosure, through October 1, 2020, the date the accompanying financial statements were available to be issued. During the first and second quarters of 2020 through the date the accompanying financial statements were available for issuance, employee benefit plans have been impacted as a result of the spread of COVID-19 (Coronavirus). The Plan is currently assessing potential adverse impacts to its operations, which includes volatility in the fair market value of the Plan's investments as well as regulations applicable to employee benefit plans under the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act waives all required minimum distributions (RMDs) for calendar year 2020 and provides participants with penalty-free access to their balances up to $100,000 subject to certain eligibility criteria if distributed prior to January 1, 2021.

3. Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplementary information is complete and accurate:

	2019	2018
Mutual funds, at fair value	$ 8,981,055	$ 7,492,668
Guaranteed investment contract, at contract value	116,343	195,932
	$ 9,097,398	$ 7,688,600

The Trustee also certified interest and dividend income totaling $287,681 and $344,365, and net appreciation (depreciation) in fair value of investments of $1,244,043 and ($739,558) for the years ended December 31, 2019 and 2018, respectively.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date. Investments utilizing Level 1 inputs as its primary measure of fair value include mutual funds totaling $8,981,055 and $7,492,668 at December 31, 2019 and 2018, respectively.
- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security. There were no assets of the Plan that utilized Level 2 inputs as its primary basis for calculating fair value as of December 31, 2019 or 2018.

4. Fair Value Measurements (Continued)

- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets of the Plan that utilized Level 3 inputs as its primary measure of fair value as of December 31, 2019 or 2018.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

5. Guaranteed Investment Contract with Insurance Company

The Plan has entered into a fully benefit-responsive investment contract (the "Contract") with Great-West Life & Annuity Insurance Company of New York and Great-West Trust Company, LLC (collectively "Great-West"), referred to as they Key Guaranteed Portfolio Fund in the supplemental schedule. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the Contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on capital market developments, the performance of the separate account assets backing the contract, and the expected and actual contributions and withdrawals of all of the plans participating in the contract. Great-West guarantees that the crediting interest rate will never be less than 0%. Such interest rates are reviewed quarterly for resetting.

5. Guaranteed Investment Contract with Insurance Company (continued)

Certain events limit the ability of the Plan to transact at Contract value with the Contract issuer. Such events include the following: 1) amendments to the Plan documents including complete or partial Plan termination or merger with another plan; 2) premature termination of the Contract; 3) changes to the Plan's prohibition on competing investment options; 4) bankruptcy of the Plan Sponsor or other Plan Sponsor events that significantly affect the Plan's normal operations; or 5) the failure of Great-West to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.
