Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the "Custodian" of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Custodian as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Note 1—Description of the Plan

The following description of the Accesso Partners, LLC 401k Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution safe harbor plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was adopted on January 1, 2013, covering substantially all employees of the following companies: Accesso Partners, LLC (the "Employer") and related employers: Accesso Services, LLC, ADB Business, Inc., Kedem Strategies, Inc., and Mokatan Ventures, Inc. The Plan has been amended subsequently to include additional related employers: Sejel Investments, Inc., Shefa 26, Inc., and Accesso Resources, LLC. All of the related employers are referred to as the "Company".

Eligible employees of the related employers may elected to contribute to the Plan a percentage of their pretax annual compensation. These contributions are tax deferred within the meaning of Section 401(k) of the Internal Revenue Code ("IRC"). Earnings from these contributions accumulate in the Plan free of tax.

Plan Amendment – Effective November 25, 2019, the Plan was amended to allow the trustees under his own discretion to invest Plan assets, unless specifically directed otherwise by the Plan Administrator, the Employer, and investment manager, or other named fiduciary or, to the extent authorized under the Plan, a Plan participant. Additionally, effective April 1, 2018, the Plan was amended to change the service eligibility of the participants. The service requirement of one year of service was amended to require one hour of service within the first two months.

Administration of Plan Assets – The Plan is administered by the Company. The Plan's assets are maintained and administered by John Hancock Life Insurance Company (the "Custodian"). The Plan's recordkeeping services and maintenance of participant account records are managed by Heller Pension Associates, Inc. (the Recordkeeper).

Eligibility and Participation – Participation in the Plan is voluntary. Under the Plan, those eligible to participate are all employees of the Company who have attained the age of 21 and completed one hour of service within the first two months of employment who are not members of a collective bargaining unit and who are not non-resident aliens. Those eligible for employer match are all employees of the Company who have attained the age of 21 and completed one year of service who are not members of a collective bargaining unit and who are not non-resident aliens.

Contributions – The Plan is a Safe Harbor Plan which provides for catch-up contributions by participants who have attained age 50 before the close of the Plan year, to satisfy the alternative methods of meeting nondiscrimination requirements, and redefine employer matching contributions. Contribution amounts are limited in order to comply with Internal Revenue Service ("IRS") regulations. The participants' basic annual contributions cannot exceed $19,000, and an additional $6,000 for catch up contributions for participants who are 50 or older. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may designate certain contributions into the Plan as Roth elective contributions. Designated Roth contributions will be currently included in the gross taxable income of the participant, while distributions of designated Roth elective contributions and earnings thereon are generally excludable from the participant's taxable income.

The Company makes safe harbor matching contributions equal to 100% of the participant's contribution, up to 3% of eligible compensation plus 50% of the participant's contribution above the 1% up to a maximum of 2% of eligible compensation. Additional discretionary amounts may be contributed at the option of the Company's Board of Directors. There were no additional discretionary employer contributions for 2019.

Note 1—Description of the Plan (continued)

Participant Accounts – Each participant's account is credited and/or reduced with the participant's elective deferral contributions and distributions, the Company's contributions, and an allocation of the Plan's investment earnings/losses and investment fees, and any administrative expenses paid out of the Plan. Allocations are based on participant earnings (losses) or account balances, as defined in the Plan.

Vesting – Participants are fully vested in their elective contributions and any rollover contributions, plus or minus any earnings or losses thereon. Participants are immediately fully vested in any safe harbor match contributions. Participants vest ratably in any discretionary contributions made by the Employer, and the earnings or losses thereon, based on years of continuous service subsequent to entry into the Plan. Participants are fully vested when they become disabled or deceased while still employed by the Company.

Vesting on the discretionary employer contributions is determined according to the following schedule:

Years of Service	Percent Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures – Forfeitures occur when a participant terminates employment and has not fully vested in a portion of the Company's contribution amount. Forfeitures of employer contributions are used to reduce the amount that the Company must contribute as a safe harbor matching contribution or be used to pay Plan expenses. At December 31, 2019 and 2018, there were no forfeited nonvested accounts, nor were any forfeitures used during 2019 to reduce employer contributions or pay Plan expenses.

Notes Receivable from Participants – The Plan does not allow for notes receivable from participants.

Investment Options – The Plan's assets are held and managed by the Custodian. The participants direct the investment of their account balance and may select from various investment options maintained by the Custodian. Participants may change their investment option selections on any business day as defined by the Plan.

Hardship Distributions – Hardship distributions are permitted if the distribution is due to expenses incurred or necessary for medical care described in the IRC Section 213(d), purchase of a principal residence, payment of tuition, to prevent eviction from or foreclosure of the principal residence, or any other condition which the Commissioner of the IRS determines is deemed an immediate and financial need of the participant. Any distributions will be taken first from the participant's pre-tax deferral account and then from the participant's Roth Deferral account.

Payment of Benefits – Upon separation of service due to termination, death, disability, or when the participant attains normal retirement age, a participant or beneficiary may elect to receive a cash distribution equal to their vested account balance, as defined, as a 1) lump-sum payment, 2) a single sum payment of a portion of the account balance, or 3) periodic installments over a period of time to satisfy required minimum distribution rules under the Plan not to exceed the life expectancy of the participant or beneficiary. If a participant's vested account balance does not exceed $5,000, the value of the vested interest in the account may be distributed in a lump sum.

Note 2—Summary of significant accounting policies

General – Plan assets held under the Plan are not subject to any outside liens, pledges, or other security interests. The Custodian does not insure any Plan assets.

Basis of Accounting – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition – Investments held by the plan are recorded at fair value. Fair value is define as the exchange price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value determinations are made based upon a hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Three levels of inputs may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodology used for Plan instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy, if applicable. There have been no significant changes in the methodology used at December 31, 2019 and 2018.

Pooled Separate Accounts – These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value, and is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Transactions (purchases and sales) may occur daily. These investments measured using the NAV practical expedient are exempt from classification under the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recognized when earned. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2—Summary of significant accounting policies (continued)

Benefits Paid to Participants – Benefits are recorded when they have been processed and paid by the Plan.

Administrative Expenses – Fees and expenses of the Plan for legal, accounting, and other administrative services may be paid directly by the Company or, at the Company's discretion, may be paid in whole or in part out of Plan assets.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of additions to and deductions from net assets during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Note 3—Information certified by the Custodian (unaudited)

The Plan management has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. John Hancock Life Insurance Company, the Custodian of the plan, has certified to the completeness and accuracy of the following data included in the accompanying financial statements.

- Investments at fair value, as shown on the statements of net assets available for benefits as of December 31, 2019 and 2018.
- Net appreciation in fair value of investments as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019.
- Schedule of Assets (Held at Year End) – Schedule H, Part IV, Line 4i as of December 31, 2019.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4—Fair value of investments

Below are the Plan's financial instruments as of December 31, 2019 and 2018, carried at fair value on a recurring basis as described in Note 2.

	As of December 31	
	2019	2018
Investments:		
Pooled separate accounts measured at NAV*	$ 6,292,039	$ 4,358,495

* Amounts are unaudited. See Note 3.

Note 4—Fair value of investments (continued)

Pooled separate accounts are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. As of December 31, 2019 and 2018, pooled separate accounts had no unfunded commitments, and redemptions are processed daily with a no notice period.

Note 5—Party-in-interest transactions

Certain Plan investments and the related transactions as of December 31, 2019 and 2018, and for the year ended December 31, 2019, were in investment funds managed by the Custodian; therefore, these investments and transactions qualify as party-in-interest transactions. As described in Note 2, the Plan incurred expenses related to Plan operations and investment activity in the amount of $54,102 for the year ended December 31, 2019.

Note 6—Income tax status

The underlying standardized volume submitter plan has received a determination letter from the IRS dated March 31, 2014, stating that the written form of the underlying document is qualified under Section 401(a) of the IRC, and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the IRC. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The underlying standardized volume submitter plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

The Plan has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Participants are not taxed currently on the contributions to the Plan or on income earned by the Plan. Distributions of benefits to participants, their estates or beneficiaries, generally are subject to income tax at the time of distribution. The rate and amount of the tax will depend on the method and form of the distributions, the employee's age, length of service, and status when distribution is made.

Note 7—Plan termination

Although it has not expressed any intent to do so, the Company reserves the right at any time to amend, modify, or terminate the Plan without the consent of any participant or beneficiary subject to the provisions of ERISA. In the event of such termination, the Plan provides that the participants shall become fully vested in their accounts.

Note 8—Risk and uncertainties

The Plan provides for various investment options which are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in the fair value of investments will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, the financial position of the Plan sponsor may have a significant impact on the Plan. Specifically, this includes the ability of the Plan administrator to continue to make contributions under the matching program and/or the stability of the Company's operations. Other external factors which may affect the Plan and the Plan assets include legislation or regulations established by the IRS, ERISA, and/or the U.S. Department of Labor.

Note 9—Delinquent participant contributions

During the year ended December 31, 2018, the Company's failed to remit certain employee contributions to the Plan in a timely manner constituted a lending of such monies to the Company. As such, these transactions represented nonexempt transactions between the Company and the Plan as identified in the schedule of delinquent participant contributions.

The contributions made to the Plan that were not corrected as of December 31, 2018 of $13,839 were corrected on April 26, 2019 outside of the Voluntary Fiduciary Correction Program (VFCP). Additionally, the Company remitted $712 to the Plan on April 26, 2019 for the loss of earnings for the late remittances.

Note 10—Subsequent events

The Plan has evaluated events through October 12, 2020, the date the financial statements were available to be issued. No events have occurred subsequent to the date of the financial statements that would require adjustment to, or disclosure in, the financial statements, except as follows:

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. Global financial markets have experienced significant volatility resulting from the spread of COVID-19. The extent and the impact of COVID-19 on the Plan's net assets available for benefits, contributions, and benefit payments will depend on future developments, including the duration and continued spread of the outbreak.
