QVC, Inc. 401(k) Matched Savings, Retirement and Success Sharing Plan

Notes to Financial Statements

December 31, 2019 and 2018

1. Description of the Plan

The following description of QVC, Inc. 401(k) Matched Savings, Retirement and Success Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees as of their first day of employment with QVC, Inc., and its domestic subsidiaries (the Company). Eligible employees may make elective contributions to the Plan immediately, but must complete one year of credited services (as defined in the plan document) and attain age 21 to receive a Company matching contribution.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Investment Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Eligible employees may elect to contribute an amount equal to not less than 1 percent and not more than 50 percent of their annualized compensation, subject to the limitation of the Internal Revenue Code (IRC) of \$19,000 for the 2019 plan year. For the 2019 plan year, the Company contributes \$1 for each \$1 contributed by an eligible participant up to a maximum of 3 percent of their compensation, plus \$.50 for each \$1 contributed in excess of 3 percent of their compensation but not in excess of 6 percent. The maximum matching contribution will be 4.5 percent of compensation. The Plan also allows for discretionary profit sharing contributions to eligible participants. Eligible participants must meet certain other requirements, as outlined in the Plan's provisions, to receive discretionary profit sharing contributions. The company did not make any discretionary profit sharing contributions for the year ended December 31, 2019.

Eligible employees who have attained the age of 50 before the close of a plan year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations of, the IRC. The limit for 2019 was \$6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Vesting

Participants are immediately vested in their contributions and Company matching contributions plus actual earnings thereon. Participants are vested in their share of the discretionary profit sharing contributions once they have reached three years of credited service.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contributions, as well as allocations of (a) the Company's discretionary profit sharing contribution and (b) the Plan's earnings.

Each participant is charged an annual plan administration fee in the amount of \$50 regardless of participant earnings, account balances, or specific participant transactions. This fee is automatically deducted from each participant's account and is intended to cover fees for legal, accounting, recordkeeping and other administrative expenses.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

December 31, 2019 and 2018

Notes Receivable From Participants

Participants may borrow from their fund accounts, subject to certain limitations, a minimum of \$750 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Only one note per participant may be outstanding at any time. Generally, terms range from one to five years; however, terms may range from one to ten years if borrowing is for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions or by check. Interest charged on a participant's note is determined at the time the note is taken and is based upon the prevailing interest rate for a note of its type. The rates for the notes outstanding at December 31, 2019 range from 4.25 percent to 6.25 percent. Loans are secured by the balance in the participant's account.

Payment of Benefits

Upon termination of service for any reason, a participant is eligible to receive the vested interest in his or her account in a lump sum. If such vested interest is greater than \$1,000, then the participant may elect to defer distribution for a specified period of time ending no later than the normal retirement age of 65. A financial hardship withdrawal can be made only for an immediate and heavy financial need that, among other things, cannot be satisfied through certain other sources available to the participant. In addition, a participant is eligible for in-service distributions starting at the age of 59.5 years.

Forfeited Accounts

At December 31, 2019 and 2018, available forfeited nonvested accounts were \$170,667 and \$151,189, respectively. These accounts may be used to pay certain administrative fees of the Plan or to reduce future Company contributions. In 2019, forfeited accounts were used to reduce the Company contributions by \$47,762. Additionally, in 2019, there were no forfeited accounts that were used to pay administrative fees.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

December 31, 2019 and 2018

Notes Receivable From Participants

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable are recorded as distributions based upon the terms of the Plan provisions. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Standard

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, *Fair Value Measurement*. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which FASB finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 12, 2020, the date the financial statements were available to be issued.

In March 2020, the World Health Organization recognized the novel strain of coronavirus, COVID-19, as a pandemic. On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was enacted and signed into law. The plan opted into the provisions of the CARES Act that allows participants to take penalty free withdrawals with a limit of \$100,000 through December 2020, loan limit increases to \$100,000, and the suspension of required minimum distributions for 2020.

Beginning January 1, 2020, the Plan's assets were administered under a new contract with Vanguard Group (Vanguard), the custodian of the Plan. The Plan's investments were liquidated at December 31, 2019 and transferred into Vanguard in January 2020 and therefore are included as cash at December 31, 2019 in the accompanying Statements of Net Assets Available for Benefits. In addition, the assets of HSN, Inc. Retirement Savings Plan were merged into the Plan's asset as of January 1, 2020.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The money market fund is valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The common collective trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokeragelink accounts consist of cash equivalents, common stock, mutual funds and fixed income securities and are valued based upon the fair value of their underlying assets derived principally from quoted market prices and other observable inputs from or corroborated by observable market data by correlation or other means.

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

4. Information Certified by Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2019 and 2018. Accordingly, Fidelity Management Trust Company, (Fidelity) the custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

5. Administration of Plan Assets

During the year ended December 31, 2019, the Plan's assets were administered under a contract with Fidelity, the custodian of the Plan. Fidelity invested funds received from contributions, investment sales, interest, and dividend income and made distribution payments to participants.

6. Related-Party and Party In Interest Transactions

Certain Plan investments are managed by Fidelity, the custodian of the Plan, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues notes to its participants which are secured by the participants' account balance. These transactions qualify as party in interest transactions that are exempt from the prohibited transaction rules.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan.

Notes to Financial Statements

December 31, 2019 and 2018

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their Company contributions.

8. Tax Status

The IRS has determined and informed the Company by a letter dated September 28, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

There were no investment concentrations as of December 31, 2019 due to the redemption of investments to cash, pending the transfer of assets to Vanguard. As of December 31, 2018, the Plan had investments of \$202,139,233 that were concentrated in three funds.
