BUCKEYE AUTOMOTIVE FAMILY 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Buckeye Automotive Family 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Buckeye Honda, Buckeye Nissan and Spires Enterprises LLC. ("the Company") who have completed a ninety-day period of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions: Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan, subject to certain limitations established by the Internal Revenue Code. Participants may also contribute amounts representing rollover distributions from other qualified plans. The Plan allows participants who have attained the age of 50 by the end of the Plan year to make catch-up contributions in accordance with the provisions of Code Section 414(v). Participants direct these contributions into various investment options offered by the Plan. Each pay period, the Company makes matching contributions to the account of each eligible employee equal to 25% of the first 6% of eligible compensation that a participant contributes to the Plan. The Company may, at its discretion, make additional profit sharing contributions to the Plan on an annual basis. The Company did not make a discretionary profit sharing contribution for 2019. The Plan includes an automatic deferral clause that states the Company will automatically withhold 3% of an employee's Plan Compensation from each paycheck and deposit such amounts into the Plan as a Salary Deferral. The automatic deferral amount will increase each year by 1% of Plan Compensation up to a maximum of 6% of Plan Compensation unless the employee designates otherwise under a Salary Deferral election.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: Under the Plan, a participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based on continuous service, which vest at 20% per year beginning after two years of service and become fully vested after six years of service.

Forfeitures: Forfeitures of Company contributions are used to offset future Company contributions or administrative expenses of the Plan.

Investment Options: Upon enrollment in the Plan, a participant may direct contributions to a variety of investment options. Participants are allowed to change their investment options at any time.

Payment of Benefits: Upon termination of service, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Benefit amounts under \$1,000 are automatically distributed to participants. Participants (or their beneficiaries upon the death of the participant) may elect to receive their vested account balances as a single lump sum, annuity payments or in installment payments. Active participants may also take distributions from the Plan upon attainment of age 59½.

BUCKEYE AUTOMOTIVE FAMILY 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Withdrawals: A financial hardship provision is available, enabling a participant to withdraw an amount to cover an immediate and heavy financial need.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with market rates for similar loans. All loans are covered by demand notes and are repayable through payroll deductions.

Administrative and Investment Management Expenses: The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions, and include recordkeeping and custodian fees. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. All other expenses of the Plan are paid by the Company.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions and earnings thereon.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments other than the fully benefit-responsive investment contract are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contract, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

December 31, 2019 and 2018

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments:

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each pooled separate account provides for daily redemptions by the Plan. Each investment allows one transfer per 30-day period. The transfer restriction applies to all transfers out of each investment. Once the number of allowed transfers out is met, participants are not allowed to transfer back into the respective investment option until the holding period elapses. Contributions into each investment option are not impacted.

Collective Trusts: The fair value of participation units held in collective trusts is based on the net asset values of such funds, as reported by the managers of the collective trusts and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirements.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	<u>Total</u>	Fair Value Measurements at December 31, 2019, Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Collective trusts*	\$ 5,742,290	\$ -	\$ -	\$ -
Pooled separate accounts*	437,979	-	-	-
Mutual funds	<u>246,075</u>	<u>246,075</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 6,426,344</u>	<u>\$ 246,075</u>	<u>\$ -</u>	<u>\$ -</u>

	<u>Total</u>	Fair Value Measurements at December 31, 2018, Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Collective trusts*	\$ 4,491,378	\$ -	\$ -	\$ -
Pooled separate accounts*	431,087	-	-	-
Mutual funds	<u>187,681</u>	<u>187,681</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 5,110,146</u>	<u>\$ 187,681</u>	<u>\$ -</u>	<u>\$ -</u>

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 4 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS

Substantially all information pertaining to the Plan's investments included in the financial statements, including the associated investment income was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust). This information has not been audited by independent accountants.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Notes receivable from participants also reflect party-in-interest transactions.

The Plan holds units of pooled separate accounts managed by Principal Life Insurance Company, a fully benefit-responsive investment contract with Principal Life Insurance Company, and collective trusts issued by Principal Global Investors Trust Company, an affiliate of Principal Life Insurance Company and Principal Trust. Principal Life Insurance Company and Principal Trust are service providers to the Plan and, therefore, these transactions, and those of their affiliates, and payment of fees to Principal Life Insurance Company, Principal Trust, and their affiliates, qualify as party-in-interest transactions.

NOTE 6 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a fully benefit-responsive investment contract that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the Plan's fully benefit-responsive investment contract, by general type, is presented below:

	<u>2019</u>	<u>2018</u>
Traditional investment contract, at contract value	\$ 217,303	\$ -

The Plan holds a fully benefit-responsive investment contract with Principal Life Insurance Company ("Principal Life"; Issuer). Principal Life maintains the contributions in its general account. The Issuer guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is updated semi-annually based upon contract provisions. Principal Life's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which the Issuer may terminate the contract. Examples of circumstances which would allow the Issuer to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Issuer could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 7 - TAX STATUS

The Plan sponsor adopted the restated version of a non-standardized Prototype Plan Document. The Internal Revenue Service has issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended from the original prototype document, Plan management believes the Plan is designed and is currently being operated in accordance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Department of Labor or Internal Revenue Service; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 8 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 8, 2020, which is the date the financial statements were available to be issued.

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The ultimate impact of the coronavirus on the Plan and the Company will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.
