Collectively Bargained 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the SUEZ Water Resources Inc. Collectively Bargained 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. During 2018, Suez Water Resources elected to change the trustee who administers this plan from Vanguard Fiduciary Trust Company (“VFTC”) to Fidelity Management Trust Company (“FMTC”), or collectively the “Trustees”. This transfer took place on November 1, 2018.

General

The Plan is a defined contribution plan that covers the eligible employees of SUEZ Water Resources Inc. and its subsidiaries and certain affiliates (the “Company”) who are covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

All employees of the Company who are covered by a collective bargaining agreement that provides for participation in the Plan become eligible to participate in the Plan upon hire. Effective November 1, 2018, employees are automatically enrolled in the Plan at 3% pre-tax deferral percentage. Employees may elect not to participate in the Plan.

Contributions

The Plan permits participants to make pre-tax contributions of between 1% and 50% of their eligible compensation for the year, provided such contributions do not exceed the dollar limitation in effect under the Internal Revenue Code (the “Code”). The Plan also permits participants to make post-tax contributions between 1% and 50% of their eligible compensation for the year, provided such contributions do not exceed the allowable amount under the Code. The total of the participants’ pre-tax contributions and post-tax contributions may not exceed 50% of their compensation for the year and may not exceed the allowable amount under the Code. Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans. Currently, twenty-three union locals participate in the Plan, and the Company contributions for each union are defined in the plan document or in a subsequent Collectively Bargained Agreement.

The Company provides an enhanced 401(k) Company match and contribution for certain new hires and certain other employees not currently accruing benefits within a defined benefit plan. The enhancement increases the Company match to 50% of the first 8% of the participant’s contribution, with an additional employer contribution ranging from 1% to 4% of the employee’s base compensation, which increases during the employee’s career based on age. Employees do not have to contribute to the Plan in order to receive the age based contribution.

Collectively Bargained 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participants are fully vested in their contributions and earnings thereon immediately, and become fully vested in the Company's contributions and earnings thereon after one year of credited service. Full vesting also occurs upon attaining age 65, permanent disability or death, regardless of the participant's length of service.

Investment Options

All of the Plan's investment options are participant-directed into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with his or her contribution, the Company's matching contribution, if any, and Plan earnings or losses.

Forfeitures

Forfeitures of terminated, non-vested participants' accounts are first applied to restore any participant accounts of employees who are re-employed and any remaining amounts are used to pay plan expenses as applicable. Forfeitures from employees for the years ended December 31, 2019 and 2018 were \$2,110 and \$4,541, respectively. The available balance of forfeitures as of December 31, 2019 and 2018 were \$24,449 and \$13,789, respectively.

Payment of Benefits

Benefits may be paid upon death, disability, termination, normal retirement or attainment of age 59½ to the participants or their beneficiaries. These benefits are generally paid in lump-sum amounts equal to the value of the participant's vested interest in his or her account. The Plan also permits installment distributions not to exceed a ten-year period.

Notes Receivable from Participants

Participants may borrow from their accounts in amounts ranging from \$1,000 to \$50,000, provided the loan is not more than 50% of their vested account balances. The term of the loans range from one to five years, with longer terms permitted for the purchase of a primary residence. The maximum number of loans a participant may have outstanding at any time is three. The loans are secured by the balance in the participant's account and bear interest at a fixed interest rate, which is determined when the loan is made by reference to market and non-market interest rates (ranging between 4.25% and 8.25% at December 31, 2019). Interest is fixed for the term of the loan. Principal and interest are paid through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance, plus any accrued interest.

Administrative Expenses

Substantially all of the Plan's administrative expenses are paid for by the Company.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Transfers

Transfers in during 2019 and 2018 were \$24,160 and \$2,058, respectively, and represent assets transferred from the SUEZ Water Resources Inc. 401(k) Plan as a result of a change in the status of participants from non-bargained employees to bargained employees of the Company. Transfers out during 2019 and 2018 were \$841,950 and \$402,592, respectively, and represent assets transferred to the SUEZ Water Resources Inc. 401(k) Plan as a result of a change in the status of participants from bargained to non-bargained employees of the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation

The Plan's financial statements have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are stated at fair value generally by reference to published market prices valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Purchases and sales of investments are recorded on a trade date basis (the day the order to buy or sell is executed). Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

The Plan holds an investment in the Vanguard Retirement Savings Trust, a common and commingled trust (the "Trust") that invests solely in the Vanguard Retirement Savings ("VRST") Master Trust. The Plan's investment in the Trust is valued at the unit value of the Trust. The Trust values its investments in the VRST Master Trust similarly. The underlying investments of the VRST Master Trust are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts

SUEZ Water Resources Inc.
Collectively Bargained 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

that are backed by bond trusts and bond mutual funds. The contracts are comprised of: (a) traditional investment contracts issued by insurance companies and banks which are not transferable but provide for benefit-responsive withdrawals by plan participants at contract value, and (b) alternative investment contracts consisting of investments together with contracts under which a bank or other institution provides for benefit-responsive withdrawals by plan participants at contract value. For fully benefit-responsive investment contracts included in the VRST, contract value is the relevant measurement attribute because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying defined contribution plan.

The Plan also holds an investment in the Prudential Core Plus Bond Fund. This Fund was established by the collective trust of Prudential Trust Company as a vehicle to invest in a diversified portfolio of debt securities. The Fund will be invested primarily in fixed income securities in the U.S. investment grade sectors, as well as U.S. fixed income securities rated below investment grade, the debt of developed international markets and the debt of emerging markets. The Fund may also invest in fixed income comingled vehicles. The fund is valued at unit value.

3. Fair Value Measurements

Accounting Standards Codification topic ("ASC") 820, Fair Value Measurements and Disclosures, defines fair value, and establishes a framework for measuring fair value in US GAAP and disclosing fair value measurements. It also applies under other accounting pronouncements that require or permit fair value measurements. The fair value hierarchy for disclosure of fair value measurements under ASC 820 is as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Quoted prices, other than quoted prices included in Level 1, that are observable for the assets or liabilities, either directly or indirectly.
- Level 3: Valuation inputs are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during 2019 and 2018.

- Mutual funds: Valued at quoted prices (unadjusted) in an active market at year-end.
- Self-directed brokerage accounts: Self directed brokerage accounts include cash, non-interest cash and mutual funds, which are valued at quoted prices (unadjusted) in an active market of the underlying investments held by the Plan at year-end.

SUEZ Water Resources Inc.
Collectively Bargained 401(k) Plan

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

- Common collective trust funds: The fair value of the common collective trust funds are determined by the custodian of the common collective trust funds based on the underlying assets, which represent the net asset value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair values of the Plan's investments were as follows at December 31, 2019 and 2018:

	Level 1	Level 2	Level 3	Total
At December 31, 2019:				
Mutual Funds	\$ 84,908,631	\$ -	\$ -	\$ 84,908,631
Self-Directed Brokerage Accounts	495,026	-	-	495,026
Total investments in the fair value hierarchy	<u>\$ 85,403,657</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 85,403,657</u>
Common Collective Trust Funds (a)				<u>4,410,350</u>
Total investment at fair value				<u>\$ 89,814,007</u>
At December 31, 2018:				
Mutual Funds	\$ 71,696,234	\$ -	\$ -	\$ 71,696,234
Self-Directed Brokerage Accounts	119,368	-	-	119,368
Total investments in the fair value hierarchy	<u>\$ 71,815,602</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 71,815,602</u>
Common Collective Trust Funds (a)				<u>4,618,894</u>
Total investment at fair value				<u>\$ 76,434,496</u>

(a) Certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. Related Party Transactions

The Plan invests in shares of mutual funds managed by an affiliate of VFTC and by FMTC. VFTC and FMTC act as trustees for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

SUEZ Water Resources Inc.
Collectively Bargained 401(k) Plan

Notes to Financial Statements (continued)

4. Related Party Transactions (continued)

Total administrative expense paid by the Plan to parties-in-interest amounted to \$70,796 and \$16,725 for the years ended December 31, 2019 and 2018, respectively.

Effective November 1, 2018, Fidelity receives revenue from certain investments in the Plan. Fidelity and the Employer have agreed that if this revenue exceeds an agreed upon revenue rate, Fidelity shall make an amount equal to such excess available to the Plan to pay ERISA qualified plan administrative expenses. Effective May 1, 2019, this revenue is eligible to be allocated to participants accounts. For the year ended December 31, 2019, an excess of \$2,403 was made available to the Plan. No revenue was used to pay for ERISA qualified plan administrative expenses, or allocated to participant accounts for the year ended December 31, 2019. The remaining balance available to pay future expenses was \$2,423 as of December 31, 2019.

5. Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to all investment information presented and disclosed in the accompanying financial statements certified as complete and accurate by the Trustees.

All investment information disclosed in the accompanying financial statements including investments held and notes receivable from participants at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustees.

Information relating to investments and notes receivable from participants held by FMTC at December 31, 2019 and 2018 is as follows:

	2019	2018
Mutual funds	\$ 84,908,631	\$ 71,696,234

Notes to Financial Statements (continued)

5. Investments (continued)

The following was also certified by VFTC and FMTC for the years ended December 31, 2019 and 2018:

	<u>2019</u>	<u>2018</u>
Net appreciation (depreciation) in fair value of investments	<u>\$ 12,997,867</u>	<u>\$ (4,900,366)</u>
Dividend and interest income	<u>\$ 2,165,249</u>	<u>\$ 2,263,954</u>
Other income	<u>\$ 220</u>	<u>\$ 223</u>
Interest income on notes receivable from participants	<u>\$ 217,971</u>	<u>\$ 208,994</u>

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated February 8, 2018, maintaining that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator and the Plan's counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that would not meet the more likely than not standard and be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent Events

The Plan has evaluated subsequent events through October 8, 2020, which is the date these financial statements were available for issuance.

SUEZ Water Resources Inc.
Collectively Bargained 401(k) Plan

Notes to Financial Statements (continued)

8. Subsequent Events (continued)

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has led to increased volatility in financial markets. The extent to which such increased volatility will impact the value of Plan assets will depend on future developments that are highly uncertain and cannot be predicted.

On March 27, 2020, the “Coronavirus Aid, Relief, and Economic Security (CARES) Act” was signed in to law. The CARES Act includes several relief provisions available to the Plan and its participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000.
- Extended the period for loan repayments, if applicable, up to one year.

As permitted by 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information referred to in Note 5, which was certified by Vanguard Fiduciary Trust Company and Fidelity Management Trust Company, the trustees of the Plan (the “Trustees”), except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Vanguard Fiduciary Trust Company executed transactions from January 1, 2018 to October 31, 2018, and that Fidelity Management Trust Company held the Plan’s investments as of December 31, 2019 and December 31, 2018 and executed investment transactions from November 1, 2018 to December 31, 2019. The plan administrator has obtained a certification from the Trustees as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the Trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Collectively Bargained 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the SUEZ Water Resources Inc. Collectively Bargained 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. During 2018, Suez Water Resources elected to change the trustee who administers this plan from Vanguard Fiduciary Trust Company (“VFTC”) to Fidelity Management Trust Company (“FMTC”), or collectively the “Trustees”. This transfer took place on November 1, 2018.

General

The Plan is a defined contribution plan that covers the eligible employees of SUEZ Water Resources Inc. and its subsidiaries and certain affiliates (the “Company”) who are covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

All employees of the Company who are covered by a collective bargaining agreement that provides for participation in the Plan become eligible to participate in the Plan upon hire. Effective November 1, 2018, employees are automatically enrolled in the Plan at 3% pre-tax deferral percentage. Employees may elect not to participate in the Plan.

Contributions

The Plan permits participants to make pre-tax contributions of between 1% and 50% of their eligible compensation for the year, provided such contributions do not exceed the dollar limitation in effect under the Internal Revenue Code (the “Code”). The Plan also permits participants to make post-tax contributions between 1% and 50% of their eligible compensation for the year, provided such contributions do not exceed the allowable amount under the Code. The total of the participants’ pre-tax contributions and post-tax contributions may not exceed 50% of their compensation for the year and may not exceed the allowable amount under the Code. Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans. Currently, twenty-three union locals participate in the Plan, and the Company contributions for each union are defined in the plan document or in a subsequent Collectively Bargained Agreement.

The Company provides an enhanced 401(k) Company match and contribution for certain new hires and certain other employees not currently accruing benefits within a defined benefit plan. The enhancement increases the Company match to 50% of the first 8% of the participant’s contribution, with an additional employer contribution ranging from 1% to 4% of the employee’s base compensation, which increases during the employee’s career based on age. Employees do not have to contribute to the Plan in order to receive the age based contribution.

Collectively Bargained 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participants are fully vested in their contributions and earnings thereon immediately, and become fully vested in the Company's contributions and earnings thereon after one year of credited service. Full vesting also occurs upon attaining age 65, permanent disability or death, regardless of the participant's length of service.

Investment Options

All of the Plan's investment options are participant-directed into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with his or her contribution, the Company's matching contribution, if any, and Plan earnings or losses.

Forfeitures

Forfeitures of terminated, non-vested participants' accounts are first applied to restore any participant accounts of employees who are re-employed and any remaining amounts are used to pay plan expenses as applicable. Forfeitures from employees for the years ended December 31, 2019 and 2018 were \$2,110 and \$4,541, respectively. The available balance of forfeitures as of December 31, 2019 and 2018 were \$24,449 and \$13,789, respectively.

Payment of Benefits

Benefits may be paid upon death, disability, termination, normal retirement or attainment of age 59½ to the participants or their beneficiaries. These benefits are generally paid in lump-sum amounts equal to the value of the participant's vested interest in his or her account. The Plan also permits installment distributions not to exceed a ten-year period.

Notes Receivable from Participants

Participants may borrow from their accounts in amounts ranging from \$1,000 to \$50,000, provided the loan is not more than 50% of their vested account balances. The term of the loans range from one to five years, with longer terms permitted for the purchase of a primary residence. The maximum number of loans a participant may have outstanding at any time is three. The loans are secured by the balance in the participant's account and bear interest at a fixed interest rate, which is determined when the loan is made by reference to market and non-market interest rates (ranging between 4.25% and 8.25% at December 31, 2019). Interest is fixed for the term of the loan. Principal and interest are paid through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance, plus any accrued interest.

Administrative Expenses

Substantially all of the Plan's administrative expenses are paid for by the Company.

1. Description of the Plan (continued)

Transfers

Transfers in during 2019 and 2018 were \$24,160 and \$2,058, respectively, and represent assets transferred from the SUEZ Water Resources Inc. 401(k) Plan as a result of a change in the status of participants from non-bargained employees to bargained employees of the Company. Transfers out during 2019 and 2018 were \$841,950 and \$402,592, respectively, and represent assets transferred to the SUEZ Water Resources Inc. 401(k) Plan as a result of a change in the status of participants from bargained to non-bargained employees of the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation

The Plan's financial statements have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are stated at fair value generally by reference to published market prices valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Purchases and sales of investments are recorded on a trade date basis (the day the order to buy or sell is executed). Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

The Plan holds an investment in the Vanguard Retirement Savings Trust, a common and commingled trust (the "Trust") that invests solely in the Vanguard Retirement Savings ("VRST") Master Trust. The Plan's investment in the Trust is valued at the unit value of the Trust. The Trust values its investments in the VRST Master Trust similarly. The underlying investments of the VRST Master Trust are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

that are backed by bond trusts and bond mutual funds. The contracts are comprised of: (a) traditional investment contracts issued by insurance companies and banks which are not transferable but provide for benefit-responsive withdrawals by plan participants at contract value, and (b) alternative investment contracts consisting of investments together with contracts under which a bank or other institution provides for benefit-responsive withdrawals by plan participants at contract value. For fully benefit-responsive investment contracts included in the VRST, contract value is the relevant measurement attribute because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying defined contribution plan.

The Plan also holds an investment in the Prudential Core Plus Bond Fund. This Fund was established by the collective trust of Prudential Trust Company as a vehicle to invest in a diversified portfolio of debt securities. The Fund will be invested primarily in fixed income securities in the U.S. investment grade sectors, as well as U.S. fixed income securities rated below investment grade, the debt of developed international markets and the debt of emerging markets. The Fund may also invest in fixed income comingled vehicles. The fund is valued at unit value.

3. Fair Value Measurements

Accounting Standards Codification topic (“ASC”) 820, Fair Value Measurements and Disclosures, defines fair value, and establishes a framework for measuring fair value in US GAAP and disclosing fair value measurements. It also applies under other accounting pronouncements that require or permit fair value measurements. The fair value hierarchy for disclosure of fair value measurements under ASC 820 is as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Quoted prices, other than quoted prices included in Level 1, that are observable for the assets or liabilities, either directly or indirectly.
- Level 3: Valuation inputs are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during 2019 and 2018.

- Mutual funds: Valued at quoted prices (unadjusted) in an active market at year-end.
- Self-directed brokerage accounts: Self directed brokerage accounts include cash, non-interest cash and mutual funds, which are valued at quoted prices (unadjusted) in an active market of the underlying investments held by the Plan at year-end.

SUEZ Water Resources Inc.
Collectively Bargained 401(k) Plan

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

- Common collective trust funds: The fair value of the common collective trust funds are determined by the custodian of the common collective trust funds based on the underlying assets, which represent the net asset value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair values of the Plan's investments were as follows at December 31, 2019 and 2018:

	Level 1	Level 2	Level 3	Total
At December 31, 2019:				
Mutual Funds	\$ 84,908,631	\$ -	\$ -	\$ 84,908,631
Self-Directed Brokerage Accounts	495,026	-	-	495,026
Total investments in the fair value hierarchy	<u>\$ 85,403,657</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 85,403,657</u>
Common Collective Trust Funds (a)				<u>4,410,350</u>
Total investment at fair value				<u>\$ 89,814,007</u>
At December 31, 2018:				
Mutual Funds	\$ 71,696,234	\$ -	\$ -	\$ 71,696,234
Self-Directed Brokerage Accounts	119,368	-	-	119,368
Total investments in the fair value hierarchy	<u>\$ 71,815,602</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 71,815,602</u>
Common Collective Trust Funds (a)				<u>4,618,894</u>
Total investment at fair value				<u>\$ 76,434,496</u>

(a) Certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. Related Party Transactions

The Plan invests in shares of mutual funds managed by an affiliate of VFTC and by FMTC. VFTC and FMTC act as trustees for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

SUEZ Water Resources Inc.
Collectively Bargained 401(k) Plan

Notes to Financial Statements (continued)

4. Related Party Transactions (continued)

Total administrative expense paid by the Plan to parties-in-interest amounted to \$70,796 and \$16,725 for the years ended December 31, 2019 and 2018, respectively.

Effective November 1, 2018, Fidelity receives revenue from certain investments in the Plan. Fidelity and the Employer have agreed that if this revenue exceeds an agreed upon revenue rate, Fidelity shall make an amount equal to such excess available to the Plan to pay ERISA qualified plan administrative expenses. Effective May 1, 2019, this revenue is eligible to be allocated to participants accounts. For the year ended December 31, 2019, an excess of \$2,403 was made available to the Plan. No revenue was used to pay for ERISA qualified plan administrative expenses, or allocated to participant accounts for the year ended December 31, 2019. The remaining balance available to pay future expenses was \$2,423 as of December 31, 2019.

5. Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to all investment information presented and disclosed in the accompanying financial statements certified as complete and accurate by the Trustees.

All investment information disclosed in the accompanying financial statements including investments held and notes receivable from participants at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustees.

Information relating to investments and notes receivable from participants held by FMTC at December 31, 2019 and 2018 is as follows:

	2019	2018
Mutual funds	\$ 84,908,631	\$ 71,696,234
Self-directed brokerage accounts	495,026	119,368

5. Investments (continued)

The following was also certified by VFTC and FMTC for the years ended December 31, 2019 and 2018:

	<u>2019</u>	<u>2018</u>
Net appreciation (depreciation) in fair value of investments	<u>\$ 12,997,867</u>	<u>\$ (4,900,366)</u>
Dividend and interest income	<u>\$ 2,165,249</u>	<u>\$ 2,263,954</u>
Other income	<u>\$ 220</u>	<u>\$ 223</u>
Interest income on notes receivable from participants	<u>\$ 217,971</u>	<u>\$ 208,994</u>

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated February 8, 2018, maintaining that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator and the Plan's counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that would not meet the more likely than not standard and be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent Events

The Plan has evaluated subsequent events through October 8, 2020, which is the date these financial statements were available for issuance.

SUEZ Water Resources Inc.
Collectively Bargained 401(k) Plan

Notes to Financial Statements (continued)

8. Subsequent Events (continued)

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has led to increased volatility in financial markets. The extent to which such increased volatility will impact the value of Plan assets will depend on future developments that are highly uncertain and cannot be predicted.

On March 27, 2020, the “Coronavirus Aid, Relief, and Economic Security (CARES) Act” was signed in to law. The CARES Act includes several relief provisions available to the Plan and its participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000.
- Extended the period for loan repayments, if applicable, up to one year.
