Beech Brook Retirement Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Beech Brook Retirement Savings Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan, a participant-directed defined contribution plan, was established January 1, 2000 and covers substantially all employees of Beech Brook (the Company and plan sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility: Employees are eligible to participate in the Plan on the entry date following completion of 3 months of service. The entry date is the first day of each calendar quarter following the date on which he or she has met the eligibility requirements.

Contributions: Participants may elect to make voluntary pre-tax and Roth contributions of their compensation subject to certain limitations of the Plan and the Internal Revenue Code (the Code).. Contributions must be in 1% increments or a fixed dollar amount. Participants who have attained age 50 before the end of the Plan year are eligible to contribute additional catch-up contributions as defined by the Code. In addition, participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan includes an "Automatic Election" by which employees who do not complete a salary reduction agreement form are automatically enrolled in the Plan with a 3% pre-tax deferral as of the first Plan entrance date upon meeting eligibility requirements. The Plan agreement includes an automatic deferral increase feature, whereby all participant deferral percentage elections are increased by 1% on May 7th of each year, up to a maximum deferral rate of 6% unless participants opt out of the deferral increase program.

The Company may from time to time, at its discretion, make contributions equal to a fixed percentage of each participant's eligible compensation or as a matched percentage of each participant's elective salary deferral. Only participants who have met the Plan's eligibility requirements to participate in the Plan and are actively employed on the day on which the contribution is made will be eligible to share in the Company discretionary contributions. There were no discretionary contributions made for the periods ended December 31, 2019 and 2018.

Contributory participants also receive matching contributions equal to 33% of their salary deferrals, up to 6%, provided they are employed by the Company on the last day of the plan year.

Participant accounts: Each participant's account is credited with an allocation of (a) his or her elective deferral, (b) the Company's contributions, if applicable, (c) Plan earnings and (d) an allocation of administrative expenses, if any. The benefit to which a participant is entitled is the benefit that can be provided from his or her vested account.

Vesting: A participant has a 100% non-forfeitable vested interest in his or her contributions and earnings thereon. Vesting in the participant's portion of Company contributions is based on years of credited service commencing on the participant's employment date and each anniversary date thereafter.

Beech Brook Retirement Savings Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Participants who complete an hour of service under the Plan beginning after December 31, 2001 and participants who have a termination date on or after January 1, 2007, will be vested in the Company matching contributions and Company discretionary contribution as follows: 20% vested after two years of service, 40% vested after three years of service, 65% vested after four years of service and 100% vested after five years of credited service. Participants who terminated from service with the Company prior to January 1, 2007 will be vested in the matching contributions and Company discretionary contributions as follows: 30% vested after three years of service, 65% vested after four years of service and 100% vested after five years of credited service.

Notes receivable from participants: The Plan permits limited borrowing by a participant against the value of his or her account. The loan must be a minimum of \$1,000 and up to a maximum of \$50,000 or 50% of a participant's vested account balance under the Plan, whichever is lower, determined immediately at origination of the loan. Any loan granted or renewed under this program shall bear a reasonable interest rate, as determined by the Plan Administrator and is secured by the participant's account. The maximum payment term is generally five years. All expenses associated with the establishment and administration of the loan will be paid by, or charged to, the participant's account. Principal and interest is paid ratably through payroll deduction.

Forfeitures: Forfeitures can be used to pay administrative expenses, reduce employer contributions and restore forfeited accounts. At December 31, 2019 and 2018, forfeited nonvested accounts totaled approximately \$18,024 and \$22,013, respectively. Forfeitures of approximately \$11,714 and \$19,000 were used to reduce employer contributions receivable for the years ended December 31, 2019 and 2018, respectively.

Funding policy: The employer's funding policy is to make the participants' salary deferral contributions to the Plan as soon as administratively feasible. All employer contributions are discretionary and may be made annually or more frequently, at the Company's discretion.

Payment of benefits: Benefits are paid in a lump sum as soon as administratively feasible following a participant's termination or the approval of a permitted financial hardship withdrawal. The Plan provides for the immediate payout of a participant's separate account upon retirement, death, or other termination unless the balance of the account exceeds \$5,000 and the participant has not attained age 65, in which instance, payout will not occur without the participant and their spouses, if applicable, written consent.

Plan termination: Although they have not expressed intent to do so, the Company has the right, at any time, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Beech Brook Retirement Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Administrative expenses: All expenses of the Plan are paid by the Plan or by the Company, at the Company's option.

Benefit payments: Benefits are recorded when paid.

Risks and uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2019 and 2018, approximately 38% and 35%, respectively, of the Plan's investments are held in two accounts. As such, this is considered to be a concentration of credit risk.

Recent accounting pronouncements: In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, and adding certain disclosures. ASU 2018-13 is effective for the Plan for fiscal years beginning after December 31, 2019. The Plan is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on the financial statements.

Note 3. Information Certified and Provided by The Charles Schwab Bank

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. Note 4. Fair Value Measurements

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies: Valued at the daily closing price as reported by the fund.

Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Self-directed brokerage account: Valued at the closing price reported on the active market on which the individual securities are traded.

Money market account: Valued at cost, which approximates fair value.

Note 4. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value at December 31:

	2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 10,398,623	\$ -	\$ -	\$ 10,398,623
Money market account	178,093	-	-	178,093
Total assets in fair value hierarchy	\$ 10,576,716	\$ -	\$ -	\$ 10,576,716

	2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 9,032,697	\$ -	\$ -	\$ 9,032,697
Self-directed brokerage accounts	165,640	-	-	165,640
Money market account	187,175	-	-	187,175
Total assets in fair value hierarchy	\$ 9,385,512	\$ -	\$ -	\$ 9,385,512

To assess the appropriate classification of assets within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of assets from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Company evaluates the significance of transfers between levels based upon the nature of the asset and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2019 and 2018, there were no transfers in or out of Levels 1, 2, or 3.

Note 5. Tax Status

Effective June 1, 2015, the Plan adopted a non-standardized form of a prototype plan sponsored by Schwab Retirement Plan Services, Inc. The prototype plan provider has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Party-in-Interest Transactions

The Business Trust Division of Charles Schwab Bank is the trustee, as defined by the Plan. Fees paid by the Plan for administrative services provided by the Business Trust Division of Charles Schwab Bank amounted to \$35,595 and \$36,432 for the years ended December 31, 2019 and 2018, respectively.

Note 7. Subsequent Events

The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 2, 2020, the date the financial statements were available to be issued.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 (COVID-19) as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act also provides for certain optional relief measures that can be adopted by qualified retirement plans, including increased levels of participant loans for affected individuals for a limited time, and distributions with special tax treatment for affected individuals. Plans must also allow participants who are affected by the coronavirus to suspend loan payments through December 31, 2020, and required minimum distributions for participants over age 70 ½ can be omitted for 2020.
