COORSTEK, LLC SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the CoorsTek, LLC Savings and Investment Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by CoorsTek, LLC to provide benefits to eligible employees, as defined in the Plan agreement. CoorsTek, LLC is charged with assuming the direct responsibility for all health, welfare, retirement and benefit plans for CoorsTek, Inc. and its portfolio companies (the “Company”). The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

The Benefits Committee is responsible for the oversight of the Plan. The Benefits Committee also determines the appropriateness of the Plan’s investment offerings and monitors investment performance. The Company has appointed a Plan administrator to manage the operation and administration of the Plan. The Company has contracted with Fidelity Management Trust Company to act as the trustee and third-party administrator affiliated with the Plan to process and maintain the records of participant data. Expenses incurred for administering the Plan, if not paid by the Company, are paid by the Plan.

Eligibility

All full-time employees of the Company and certain affiliates who are at least age 18 are eligible to participate in the Plan as of the first day of the month coinciding with or following 30 days of service. The following groups are excluded from participation: residents of Puerto Rico, employees covered by collective bargaining agreements, leased employees, nonresident aliens with no income from U.S. sources, independent contractors, and employees who are hired on a probationary basis, until the probation period is satisfied. Further, probationary employees cannot participate until they are at least age 21 and have completed 1,000 hours of service.

Participant Contributions

Each year, participants are allowed to make contributions based on any whole percentage of compensation, as defined in the Plan, received in a pay period up to a maximum of 80% of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to the maximum of 80% of compensation.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set initially at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. The designated fund is the Fidelity Freedom Fund – Class K that has a target retirement date closest to the year the participant might retire based on their current age. The auto-enrollment deferral percentage increases 1% annually until a maximum deferral rate of 6% is reached.

COORSTEK, LLC SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Contributions (Continued)

Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Any participant contributions deposited prior to December 1, 1986, as part of the predecessor Coors Savings and Investment Plan have been taxed previously and are not taxable when paid to the participant. Participant contributions deposited subsequent to November 30, 1986, are taxable when paid to participants.

Participants are allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer Contributions

The Company contributes 100% of the first 6% of eligible compensation that a participant contributes to the Plan (matching contribution). The Plan allows for an additional discretionary match. There were no discretionary match contributions for the years ended December 31, 2019 and 2018. Any Company contributions are invested in the same manner as the participant's contributions. Contributions are subject to certain IRS limitations.

Vesting

Participants are immediately vested in their entire account balance, including their voluntary contributions, the employer's contributions, and all investment earnings on those funds.

On March 15, 2012, the assets of Ceramatec, Inc. Profit Sharing 401(k) Plan were transferred into the Plan. As part of the transfer, a prior vesting schedule related to pre-2010 employer matching and profit-sharing contributions was preserved for participants in the Ceramatec, Inc. Profit Sharing 401(k) Plan who terminated on or before November 8, 2011. The preserved vesting schedule for the pre-2010 employer matching and profit-sharing contributions is as follows.

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	0%
2	20%
3	40%
4	60%
5	80%

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, Plan earnings or losses and an allocation of the Company's matching contribution and discretionary contribution, if any.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or various annuity options. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or as an annuity as outlined in the Plan documents. Generally, participants may not make withdrawals from their accounts prior to retirement, except in the event of disability, death, termination of employment, or notice of hardship, without being subject to certain restrictions and penalties. The Plan allows for an automatic lump sum distribution of participant vested account balances that do not exceed \$1,000. If the vested amount of a participant's account exceeds \$1,000, the participant must consent to any distribution of the account balance.

Financial Hardship Distributions

The Plan allows hardship withdrawals in accordance with Internal Revenue Service (IRS) regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

Notes Receivable from Participants

A participant may borrow from their fund accounts up to 50% of the total value of his or her Plan accounts, excluding the PAYSOP account. The minimum loan amount is \$1,000 and the maximum loan amount is \$50,000 minus the highest outstanding loan balance in the preceding 12 months. Only one loan may be outstanding at any time. The loans are secured by the participant's account balance. Rates are equal to the U.S. Prime rate plus one percent and are reset when the U.S. Prime rate changes. A loan origination fee is charged to participants upon initiation of a loan. Loan terms are available for 12, 24, 36, 48 or 60 months. Loans are normally repaid by bi-weekly payroll deductions and these payments are credited back to the participants' Plan accounts and invested according to the most current investment election. At termination of employment, any outstanding balance is due. At December 31, 2019, rates ranged from 4.25% to 6.50% and mature through 2025. At December 31, 2018, rates ranged from 5.25% to 6.25%.

Investment Options

Participants must direct their salary deferral contributions to selected investments, as made available and determined by the Benefits Committee. Participants may change their investment options at any time throughout the year via the third-party administrator's website.

COORSTEK, LLC SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts

The amounts in the forfeiture account at year end are used to offset Company contributions or pay any reasonable costs and expenses incurred on behalf of the Plan. Any balance in the forfeiture account at December 31st is carried over to the next year.

Activity in the forfeiture account for the year ended December 31 is summarized as follows:

	<u>2019</u>	<u>2018</u>
Balance, beginning of year	\$ 37,469	\$ 35,247
Current year forfeitures	729	169
Reinvested dividends	446	1,569
Used to offset contributions	(39,103)	-
Net appreciation	<u>1,313</u>	<u>484</u>
Balance, end of year	<u>\$ 854</u>	<u>\$ 37,469</u>

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Administrative Expenses

Certain expenses of maintaining the Plan are directly paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are netted against net appreciation of fair value of investments.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive contracts which are reported a contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

COORSTEK, LLC SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees charged to the Plan for investments are based on assets invested and are deducted on a daily basis. Management fees are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits payments to participants are recorded when paid.

Income Taxes

The Plan has adopted a non-standardized form of a volume submitter plan, sponsored by Fidelity Management Trust Company. The volume submitter plan has received an opinion letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed, and is being operated, in compliance with the applicable provisions of the IRC.

Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances, as well as the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2020 the date the financial statements were available to be issued.

COORSTEK, LLC SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events (Continued)

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

The Coronavirus Aid Relief and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to \$100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. Plan management is in the process of reviewing the CARES Act and any resulting changes to the Plan.

NOTE 3 – CERTIFIED INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits, as of December 31, 2019 and 2018;
- Net appreciation/depreciation in fair value of investments and dividend and interest income reflected on the accompanying statement of changes in net assets available for benefits for the years ended December 31, 2019 and 2018;
- Assets reflected on the Supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019.

NOTE 4 – FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

COORSTEK, LLC SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENT (Continued)

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Self-directed brokerage accounts:

Interest bearing cash included in the self-directed brokerage accounts is valued at the carrying value, which approximates fair value due to the short-term nature of such investments. Common stocks included in the self-directed brokerage accounts are valued at the closing price reported on the active market on which the individual securities are traded.

Registered investment companies/mutual funds:

Valued at the daily closing price reported by the fund. Registered investment companies/mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies/mutual funds held by the Plan are deemed to be actively traded.

COORSTEK, LLC SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENT (Continued)

Common/collective trusts: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018 for all recurring items:

	Investments at Fair Value as of December 31, 2019

NOTE 4 – FAIR VALUE MEASUREMENT (Continued)

The prior year common collective trust consists of an investment in Fidelity's Managed Income Portfolio II. Funds in the Fidelity Managed Income Portfolio could be redeemed daily and there are were no unfunded commitments associated with the fund.

NOTE 5 – STABLE VALUE FUND

During 2018, the Plan entered into a fully benefit-responsive deposit annuity contract with The Prudential Insurance Company of America (PICA). PICA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. PICA is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rates are based on a formula agreed upon with the issuer, but it may not be less than the contract's minimum guaranteed interest rate. Such interest rates are reviewed on a quarterly basis for resetting. The interest rate at December 31, 2019 and 2018 was 2.43% and 3.10%, respectively.

This contract meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the permitted measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by PICA, represents contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with PICA. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that would also limit the ability of the Plan to transact at contract value with the participants.

The deposit annuity contract does not permit PICA to terminate the agreement prior to the scheduled maturity date.

NOTE 5 – STABLE VALUE FUND (Continued)

The contract is supported by the assets in the general accounts PICA. There are no reserves against contract values for credit risk of the contract issuers or otherwise.

NOTE 6 – ACCOUNTING FOR UNCERTAINTY IN INCOME TAXES

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan, and recognize a tax liability or asset, if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the DOL. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019 and 2018, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or asset, or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in question.

NOTE 7 – RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are presented as a reduction to investment income, as they are paid through revenue sharing rather than a direct payment. The Plan sponsor pays directly any other fees related to the Plan's operations. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 9 – PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time, by resolution of its board of directors, and is subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease, and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.
