1. Description of the Plan

The following description of the Fidelity National Information Services, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering all employees of Fidelity National Information Services, Inc. (the Company) who are 18 years of age and have completed 90 days of service. Temporary, part-time or seasonal employees are eligible to participate in the Plan if they are 18 years of age or older and have completed 1,000 hours of service during the plan year. Union, nonresident aliens without U.S. income and leased employees are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

Vanguard Fiduciary Trust Company (Vanguard) is the Plan's trustee and record-keeper. The Company's Group Plans Committee is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Employees are automatically enrolled at 3% in the Plan if they do not decline enrollment within 30 days of becoming eligible. Each year, the Plan allows participants to contribute up to 40% of their eligible compensation, as defined in the Plan document, subject to limits imposed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing pre-tax distributions from other qualified plans. The Company provides a matching contribution equal to 50% of the participant's deferrals up to 6% of eligible compensation. Discretionary employer contributions may be made at the option of the Company's board of directors.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions is based on years of service. Participants need to work at least 1,000 hours during the year to be credited with a year of service. For both the discretionary non-elective contributions and discretionary matching contributions, participants vest 34% after one year of service, 67% after two years, and are 100% vested after three years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Loan terms may not exceed five years, unless the loan is used for the purchase of a primary residence. No more than one loan may be outstanding at a time for a participant. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service for any reason including death or disability, a participant (or beneficiary) may elect to receive his or her account balance as a complete or partial lump sum cash payment. Other than termination, participants may not withdraw their contributions until they attain age 59½ years or prove a financial hardship under specific circumstances. If a participant's account balance is less than $1,000 upon retirement or termination, a distribution of the participant's account balance will be made automatically.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested amounts were $803,085 and $724,944, respectively. The forfeitures can be used to restore accounts of former Plan participants, pay administrative expenses of the Plan, if not paid by the Company, or reduce future Company matching contributions. During the year ended December 31, 2019, Company contributions were reduced by $1,277,693 from forfeited non-vested accounts.

Transfers In (Out)

The plan sponsor added and removed employees through the method of rebadging. Rebadged employees were allowed to rollover their balances to and from the Plan by means of special participation rules outlined in the plan document. The transfers in and out represent the rebadged employees balances. During the year ended December 31, 2019, transfers in and out were $637,104 and $4,582,206, respectively.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year, net of investment management fees.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are treated as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Administrative expenses of the Plan are paid by the Company or the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. Information Certified by Vanguard

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

December 31,	**2019**	2018
Common/collective trusts	**$ 2,076,970,862**	$ 1,784,864,766
Mutual funds	**1,354,960,463**	1,051,784,389
Self-directed brokerage fund account	**11,271,010**	9,839,529
Money market funds	**673,011**	646,703
Notes receivable from participants	**34,000,234**	32,613,014

Year ended December 31, 2019

Net appreciation in fair value of investments	$ 579,659,497
Dividends	54,065,716
Interest	3,842,155
Interest income on notes receivable from participants	1,776,186

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Common/Collective Trusts - Valued at daily net asset value (NAV) provided by Vanguard. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the trust

will sell the investment for an amount different than the reported NAV. Units of the collective trust may be redeemed on a daily basis. There were no unfunded commitments to purchase investments at December 31, 2019 and 2018.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Fund - In addition to mutual funds and money market funds, the self-directed brokerage fund consists of:

- *Common Stocks* – These assets are valued on the basis of readily determinable market prices.

Money Market Funds – Money market funds held by the Plan are open-end funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2019

	Total	Level 1
Mutual funds	$ 1,354,960,463	$ 1,354,960,463
Self-directed brokerage fund account	11,271,010	11,271,010
Money market funds	673,011	673,011
Total Investments, in the fair value hierarchy	1,366,904,484	$ 1,366,904,484
Common/collective trusts measured at NAV as a practical expedient	2,076,970,862	
Total Investments, at fair value	$ 3,443,875,346	

December 31, 2018

	Total	Level 1
Mutual funds	$ 1,051,784,389	$ 1,051,784,389
Self-directed brokerage fund account	9,839,529	9,839,529
Money market funds	646,703	646,703
Total Investments, in the fair value hierarchy	1,062,270,621	$ 1,062,270,621
Common/collective trusts measured at NAV as a practical expedient	1,784,864,766	
Total Investments, at fair value	$ 2,847,135,387	

The Plan did not hold investments in Level 2 or Level 3 investments as of December 31, 2019 or 2018.

5. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and common trusts managed by Vanguard. These investments and transactions in these investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Notes receivable from participants also qualify as exempt party-in-interest transactions. Fees paid to the party-in-interest were $1,403,890 and $958,967 for the years ended December 31, 2019 and 2018, respectively.

6. Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan termination, no contributions would thereafter be made to the Plan and participants would remain 100% vested in their employer contributions.

7. Tax Status

The Internal Revenue Service (IRS) has informed the Company by determination letter dated April 19, 2018, that the plan adopted by the Company as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9.Subsequent Events

Events occurring after December 31, 2019, the date of the most recent financial statements, have been evaluated for possible adjustments to the financial statements or disclosures through October 8, 2020, which is the date the financial statements were available to be issued, and there were no reportable events except as noted below.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the COVID-19 outbreak) and the risks to the international community as the virus spreads globally beyond its point of origin. In

March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to instability in financial markets. Because the values of the Plan's individual investments have, and will, fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief and Economic Security Act (the CARES Act). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and did not enact any of the provisions.
