INDEPENDENT AUDITOR'S REPORT

To the Investment Committee of
Qurate Retail Group 401(k) Retirement Savings Plan for QxH

We have audited the accompanying financial statements of HSN, Inc. Retirement Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019 (Date of Merger), and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements. Also, we were engaged to audit the statement of net assets available for benefits as of December 31, 2018.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2019 financial statements.

As discussed in Note 1, effective January 1, 2020, a portion of the Plan was spun off, and the remainder was merged into the Qurate Retail Group 401(k) Retirement Savings Plan for QxH. Participants ceased participation in the Plan and their balances were transferred.

Opinion on 2019 Financial Statements

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 (Date of Merger), and the changes in net assets available for benefits for the year ended December 31, 2019 in conformity with accounting principles generally accepted in the United States of America.

Basis for Disclaimer of Opinion on 2018 Statement of Net Assets Available for Benefits

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3,

which was certified by Charles Schwab Trust Company, a Division of Charles Schwab Bank, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee held the Plan's investment assets and executed investment transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion on 2018 Statement of Net Assets Available for Benefits

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2018 statement of net assets available for benefits. Accordingly, we do not express an opinion on that financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

HSN, Inc. Retirement Savings Plan Notes to Financial Statements

1. Description of Plan

The following description of the HSN, Inc. Retirement Savings Plan (the Plan) provides general information about the Plan's provisions. HSN, Inc. (the Company or Employer) is the Plan sponsor. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan sponsor.

General

The Plan was a defined contribution plan that was established under Section 401(k) of the Internal Revenue Code (IRC) and became effective on January 1, 2009 for the benefit of certain eligible employees and their beneficiaries. The Plan covered all eligible (as defined in the Plan) employees of the Company who had at least three months of service and were age 18 or older. Eligible participants were automatically enrolled in the Plan once they completed three months of service unless they affirmatively decline to participate.

The Company was the Plan's administrator (Plan Administrator) and was responsible for the general administration of the Plan. The trustee of the Plan was Charles Schwab Trust Company, a division of Charles Schwab Bank (the Trustee). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On December 31, 2019, the portion of the HSN Inc, Retirement Savings Plan ("HSN 401(k) Plan") that provided benefits to the employees of Cornerstone Brands, Inc. ("CBI") was spun off into a separate plan to be sponsored by CBI, with such spun off portion consisting of all account balances of both active and former CBI employees, as well as forfeitures and all uncashed checks which were identified as related to accounts of active or former CBI employees. The plan name is Qurate Retail Group 401(k) Retirement Savings Plan for Cornerstone Brands and was effective January 1, 2020. In addition, effective December 31, 2019, that portion of the HSN 401(k) Plan remaining after spinning off the portion of such plan benefiting CBI employees, was merged with and into the QVC, Inc. 401(k) Matched Savings, Retirement and Success Sharing Plan ("QVC 401(k) Plan"), and all associated assets and liabilities were transferred to that new plan. Effective January 1, 2020, the QVC 401(k) Plan was renamed the Qurate Retail Group 401(k) Retirement Savings Plan for QxH. While the assets were physically transferred shortly after year end, the effective date of the merger and spin off, and the date the assets of the Plan were legally transferred, was December 31, 2019 and therefore, the Plan had no net assets or participants at the end of the Plan year.

Contributions

Each year, participants could contribute from 1% to 75% of their pre-tax annual compensation, as defined in the Plan. The Plan also allowed for after-tax contributions to a Roth 401(k). In addition to pre-tax and Roth contributions, participants were also permitted to make after-tax contributions to the Plan. The amount of the after-tax contributions could not exceed 10% of a participant's compensation for the year. Participants could also contribute amounts representing distributions from other qualified plans. If automatically enrolled, a participant's deferral was set at 3% of eligible compensation until changed by the participant. All contributions were subject to certain limitations of the IRC. The annual limitation was \$19,000 for 2019. Participants who attained age 50 before the end of the year were eligible to make "catch-up" contributions to the Plan of up to \$6,000 for 2019.

HSN, Inc. Retirement Savings Plan
Notes to Financial Statements

For the year ended December 31, 2019, the Company contributed fifty cents for each dollar a participant contributed to this Plan for the first 6% of a participant's deferrals.

Additional profit sharing contributions could have been contributed at the discretion of the Company. For the year ended December 31, 2019, the Company's matching contributions were approximately \$4,396,000.

Investment Options

Participants directed their elective contributions into various investment options offered by the Plan and could change their investment options on a daily basis. Participants had a choice of 31 investment options. If a participant was automatically enrolled, their contributions were invested in a target date fund based on their age and an expected retirement age of 65 until the participant changed their election. The Company's contributions were allocated in the same manner as that of the participant's elective contributions.

Participant Accounts

Each participant's account was credited with the participant's contributions, the Company's matching contributions, and allocations of Plan earnings. Each participant's account was charged with an allocation of administrative expenses. Plan earnings were allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses were based on the participant's account balances, as defined by the Plan document.

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions were based on years of continuous service. A participant was 100% vested after two years of credited service. In addition, participants became 100% vested in their accounts upon reaching normal retirement age, upon their death while they were still a participant in the Plan, or upon suffering a disability while they were still a participant in the Plan.

Forfeitures

Upon termination of employment, participants forfeited their nonvested balances. Forfeited balances of terminated participants' nonvested accounts were used to reduce future Company contributions or reduce administrative expenses. Forfeitures used to reduce Company contributions totaled approximately \$242,000 and \$239,000 for the years ended December 31, 2019 and 2018, respectively. The balance of unallocated forfeitures as of December 31, 2019 (the Merger Date) and 2018 was approximately \$40,000 and \$39,000, respectively.

Notes Receivable from Participants

Participants could borrow from their accounts in amounts of no less than \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms ranged from 1-5 years or up to 15 years for the purchase of a primary residence. The \$50,000 limit was reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant could not have more than two loans outstanding at any point in time. If a participant had more than one loan, it must have consisted of a general loan and a principal residence loan.

Payment of Benefits

Upon separation from service due to death, the vested interest was distributable to the participant's designated beneficiary as soon as administratively feasible. Upon separation from service with the Company due to reasons other than death, a participant's vested interest was distributable upon payment request. If the participant's vested balance was \$5,000 or less, it was distributable in a lump sum as soon as administratively feasible directly to the participant, or to another qualified retirement plan, at the participant's election. In-service withdrawals were available in certain limited circumstances, as defined by the Plan. Hardship withdrawals were allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals were strictly regulated by the Internal Revenue Service (IRS) and a participant had to have exhausted all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

The Plan's administrative expenses were paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan included recordkeeping, trustee, attorney and investment management fees. Expenses relating to purchases, sales or transfers of the Plan's investments were charged to the particular investment fund to which the expenses related. All other administrative expenses of the Plan were paid by the Company.

Transfers from the Plan

For the year ended December 31, 2019, transfers from the Plan were approximately \$241.1 million, all as a result of the spin off and merger discussed in Note 1.

Plan Termination

Prior to the final transfer of the Plan's assets to the Qurate Retail Group 401(k) Retirement Savings Plan for QxH, and the Qurate Retail Group 401(k) Retirement Savings Plan for Cornerstone Brands, the Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminated, participants would have become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and in conformity with generally accepted accounting principles in the United States (GAAP).

Payment of Benefits

Benefits were recorded when paid.

HSN, Inc. Retirement Savings Plan
Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are generally stated at fair value with the exception of fully benefit responsive investment contracts, which are stated at contract value.

Cash equivalents and short-term investments are valued at cost, which approximates fair value.

The Standard Insurance Stable Asset Fund II (Fund II) is a Group Annuity Contract, guaranteed based on the claims-paying ability of the Standard Insurance Company. Benefit payments are made at full book value (contract value) for participant initiated withdrawals and transfers. Thus, the contract is considered fully benefit-responsive and is reported in these financial statements at contract value which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Investment management expenses charged to the Plan for investments in the mutual funds and insurance general account investment are deducted from income earned on a quarterly basis and are not separately reflected. Consequently, investment management expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value.

3. Investments

Investment information disclosed in the accompanying statement of net assets available for benefits as of December 31, 2018, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by the Trustee.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or be paid to transfer a liability in an orderly transaction between market participants. The Plan applies the following framework for measuring fair value which is based on a three-level hierarchy:

Level 1-Valuations based on quoted prices for identical assets and liabilities in active markets.

HSN, Inc. Retirement Savings Plan

Notes to Financial Statements

Level 2-Valuations based on observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3-Valuations based on unobservable inputs reflecting the Company's own assumptions, consistent with reasonably available assumptions made by other market participants. These valuations require significant judgment.

The following methods and assumptions were used to estimate the fair value of each class of assets that are recognized at fair value:

Mutual funds - These investments are public investment vehicles valued using the NAV (Net Asset Value) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

At December 31, 2019 (Date of Merger), the Plan held no investments.

The Plan's participant-directed investments measured at fair value on a recurring basis by the fair value hierarchy levels described above were as follows as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Participant-directed investments at fair value:				
Mutual funds (a)	\$ 201,851,726	\$ —	\$ —	\$ 201,851,726

(a) Based on NAV provided by the administrator of the fund

The cash balance was carried at cost which approximated fair value due to the short term nature. There were no significant transfers of assets between levels of the fair value hierarchy during plan years ended 2019 or 2018.

5. Group Annuity Contract

The Standard Insurance Stable Asset Fund II was a fully benefit-responsive group annuity contract issued by the Standard Insurance Company where amounts contributed were deposited in the insurance company's general account. Guarantees were based on the claims paying ability of the Standard Insurance Company and not on the value of the securities within the general account. Participants were guaranteed an interest rate quoted shortly before each calendar quarter which was locked in for the quarter with a guaranteed minimum rate of 1%. Participant fund balances were credited with interest daily. All participants were to receive contract value (principal plus interest) regardless of market conditions.

HSN, Inc. Retirement Savings Plan
Notes to Financial Statements

The group annuity contracts were fully benefit-responsive. As participants may direct the withdrawal or transfer of all or a portion of their investment at contract value without restriction, and account participant balances were marked-to-market on a daily basis, contract value as reported to the Plan by the Fund was the relevant measurement attribute for the group annuity contract on the statement of net assets available for benefits.

The contract value of the Fund II at December 31, 2018 was approximately \$20.2 million. Certain events could have limited the ability of the plan to transact at contract value. Such events included termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of withdrawal or transfer rules.

6. Tax Status

The Plan received an IRS opinion letter dated May 23, 2008, with respect to the prototype adopted by the Plan, which indicated that the prototype as designed at the date of the letter was in compliance with the applicable requirements of the IRC.

The Plan obtained its latest determination letter on June 19, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. As such, the Company and Plan management believed that the Plan was designed and operated in compliance with the applicable requirements of the IRC and that the Plan and related trust are tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is subject to income tax examinations for up to three years after tax returns are filed.

7. Related Party Transactions

Certain Plan investments were managed by the Trustee. These transactions qualified as exempt party-in-interest transactions as they were exempt from the prohibited transactions rules under ERISA.

Fees paid by the Plan to the Trustee and other service providers for recordkeeping, trust and administrative services rendered by the parties-in-interest amounted to approximately \$434,000 for the year ended December 31, 2019 and were based on customary and reasonable rates for such services.

8. Plan Transfers Out

On December 18, 2019, the Shareholder-Director of QVC, Inc approved the spin-off effective at midnight December 31, 2019. The portion of the Plan that benefits CBI employees was spun off into a new plan sponsored by CBI and all associated assets and liabilities were transferred to the new plan at the beginning of 2020. The portion of the Plan remaining that benefits HSN employees was merged with and into the Qurate Retail Group 401(k) Retirement Savings Plan for QxH and all associated assets and liabilities were transferred to that new plan.

9. Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 12, 2020, the date the financial statements were available for issue.

As discussed in Note 1, the Plan's assets were transferred out of the Plan. While the assets of approximately \$241 million were physically transferred out of the Trust on January 2, 2020, the assets legally became assets of the new and merged plans, as discussed in Note 1, as of December 31, 2019.
