## 1. PLAN DESCRIPTION

The following description of the Gelfand, Rennert & Feldman 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

***General -*** The Plan is a defined contribution plan covering certain employees who are employed by Gelfand, Rennert & Feldman, LLC (the "Plan Sponsor") and a related management services company (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

***Eligibility -*** Certain employees who are at least 21 years of age are eligible to participate in the Plan upon date of hire. Participants become eligible to share in discretionary Company matching contributions after completing six months of service and become eligible to share in the discretionary Company profit sharing contribution after completing one year of service, with at least 1,000 hours.

***Contributions -*** Participants may contribute any portion of their compensation on a pre-tax basis or after-tax basis subject to the limitations as set forth in the Internal Revenue Code ("IRC"), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Unless the participant chooses different investment funds, the participant's account will be invested in the default investment that the Plan officials have selected. The Plan also includes an automatic enrollment provision that all eligible employees are automatically enrolled at a deferral rate of three percent of eligible compensation.

The Plan allows for discretionary Company matching contributions and currently the Company matches each participant's deferral at the rate of 25 percent up to six percent of eligible compensation deferred. The Company matching contribution was $398,998, net of forfeitures, for the year ended December 31, 2019. The Plan also allows for a discretionary Company profit sharing contribution to be made to eligible participants who are employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year, as defined by the Plan. The Company made a profit sharing contribution of $562,941, net of forfeitures, for the year ended December 31, 2019.

***Participant Accounts -*** Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses, and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Vesting -*** Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing and matching contributions portion of their accounts is based on years of service. Participants are vested in discretionary Company profit sharing and matching contributions at 20 percent after two years of service, an additional 20 percent after three years of service, an additional 20 percent after four years of service and become fully vested after five years of service, as defined in the Plan.

***Forfeitures -*** Forfeitures of discretionary Company contributions may be used to reduce Company contributions or to pay Plan administrative expenses. During the year ended December 31, 2019, forfeitures of $27,556 were used to reduce discretionary Company contributions. As of December 31, 2019, forfeitures of $10,422 are available for future use of which all were used in 2020 to reduce 2019 Company contributions.

***Payment of Benefits -*** When eligible, participants may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments, as permitted under the Plan.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

***Basis of Accounting -*** The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Fidelity Personal Trust Company, FSB (the "Trustee").

***Estimates -*** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

***Investment Valuation and Income Recognition -*** The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Risks and Uncertainties -*** The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

***Administrative Expenses -*** Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants, may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

***Benefits Payable to Participants -*** Benefits are recorded when paid.

***Fair Value -*** The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable.

The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

*Mutual Funds* – This category consists of publicly traded funds of registered investment companies. The net asset value ("NAV") of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

*Common Collective Trusts* – Valued at the NAV of units of a bank collective trust. The NAV, as provided by the fund's trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The common collective trusts do not have any unfunded commitments relating to their investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

**Investments at Fair Value as of December 31, 2019**

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 44,339,693 | $ - | $ - | $ 44,339,693 |
| **Investments in the fair value hierarchy** | $ 44,339,693 | $ - | $ - | $ 44,339,693 |
| Investments measured at NAV practical expedient | | | | 9,760,707 |
| **Investments at fair value** | | | | $ 54,100,400 |

**Investments at Fair Value as of December 31, 2018**

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 32,321,611 | $ - | $ - | $ 32,321,611 |
| **Investments in the fair value hierarchy** | $ 32,321,611 | $ - | $ - | $ 32,321,611 |
| Investments measured at NAV practical expedient | | | | 7,992,533 |
| **Investments at fair value** | | | | $ 40,314,144 |

## 3. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by the Trustee and was not subjected to any auditing procedures performed by the independent qualified public accountants:

a. Investments, at fair value, as shown in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.

b. Net appreciation of investments and dividend and interest income on investments as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.

c. Investments as of December 31, 2019 as listed in the accompanying Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

## 4. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become immediately 100 percent vested in their Company contributions.

## 5. TAX STATUS

The Company adopted a volume submitter plan, which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2014. The Company identified an error related to the Plan's compensation definition and submitted an application to the IRS through the Voluntary Correction Program to retroactively amend the Plan, which was approved by the IRS on May 18, 2020. The plan administrator believes the Plan is currently being operated in accordance with the applicable provisions of the IRC and, accordingly, the plan administrator believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 6. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their vested fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their account balance, as provided for by the Plan. The loan interest rate is set at the prime rate for loans with repayment terms of five years or less and prime minus one percent for loans with repayment terms of more than five years, as defined in the Plan. The loans are stated at the unpaid principal amount and are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

## 7. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are held by the Trustee. Transactions with the Trustee qualify as party-in-interest transactions for which exemptions exist. During the year ended December 31, 2019, the Trustee received $9,410 for administration fees and Sentinel Benefits & Financial Group, the Plan's recordkeeper and investment advisor, received compensation of $97,492.

## 8. DELINQUENT PARTICIPANT CONTRIBUTIONS

Certain contributions were not remitted timely to the Trustee as required by the Department of Labor's regulations. These late remittances are detailed in the attached Schedule H, Line 4a - Schedule of Delinquent Participant Contributions.

## 9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 13, 2020, which is the date that the financial statements were available to be issued, and determined that there are no subsequent events or transactions that required recognition or disclosure in the financial statements, except as disclosed below.

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law on March 27, 2020. The CARES Act provides participants with optional relief provisions related to distributions and loans from the Plan. The Company has evaluated and authorized the implementation of certain relief provisions effective April 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
