The following brief description of the Renewal Care Partners, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Interested parties should refer to the Plan agreement for more complete information.

1. *General.* The Plan is a defined contribution plan covering eligible employees of Renewal Care Partners LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974. (ERISA).

2. *Plan Administration*. The Plan is administered by the Board of Trustees (the Administrator), which is appointed by the Board of Directors of the Company. Ascensus Trust Company (the Trustee) is responsible for the custody and management of the Plan's assets.

3. *Eligibility.* Prior to Plan's termination, to become a participant, an employee must have reached the age of eighteen (18) and have completed six months of service with 500 hours. Participants will be able to enter the plan on the quarterly date on or after the day they have met the age and service requirements.

4. *Contributions.* Prior to Plan's termination, the Company can elect to contribute a discretionary amount at year-end annually to all employees eligible to participate in the Plan. The total amount may be no larger than the maximum amounts deductible under the Internal Revenue Code.

   Prior to Plan's termination, participants may elect to make contributions to the Plan in amounts not to exceed $19,000. The $19,000 amount may be adjusted by government regulations in subsequent years for cost of living adjustments.

   If an employee is age 50 or older, the employee can elect to make "catch-up contribution" to the Plan. The maximum amount of catch-up contributions that an employee can make is $6,000. Employee contributions elections may be changed at any time during the year.

   Plan earnings and losses are allocated based on participant account balances, as defined in the plan agreement.

5. *In-service Withdrawals.* Participants may be eligible for financial hardship withdrawals to pay medical expenses, the purchase of a residence, expenses of post-secondary higher education or other eligible expenses. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the plan. RENEWAL CARE PARTNERS, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

A. DESCRIPTION OF PLAN (CONTINUED):

6. *Vesting and Forfeitures.* Participants are immediately vested in their voluntary contributions, rollover contributions, and safe harbor contributions, plus any earnings they generate. Forfeitures totaled $1,827 and $0 in 2019 and 2018, respectively. The amount was used to reduce employer contributions.

7. *Payments of Benefits.* Payment of benefits to terminated participants (or their beneficiary) is made by the trustees in accordance with terms described in the Plan.

B. SUMMARY OF ACCOUNTING POLICIES

1. *Basis of Accounting*. The financial statements have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (U. S. GAAP). Certain prior period disclosures have been revised to conform to current year's presentation. Effective October 23. 2019, the Renewal Care, LLC Board of Directors adopted a resolution to terminate the Plan. As a result, the Plan's financial statements as of December 31, 2019 and for the period of October 24, 2019 through December 31, 2019 have been prepared on the liquidation basis, in accordance with U.S. GAAP. This basis of accounting is considered appropriate when, among other things, liquidation of an entity is probable and the net realizable value of assets are reasonably determinable. Under the liquidation basis of accounting, assets are stated at their estimated net realized cash value and liabilities are stated at their anticipated settlement amounts. The estimated net realizable cash value for investments as of December 31, 2019 would be fair value. There were no material changes to the 2019 financial statements as a result of the change under the liquidation basis of accounting.

2. *Investments.* Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date of the financial statements. See Note E for a discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. *Notes Receivable from Participants.* Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

4. *Payment of Benefits.* Benefits are recorded when paid.

5. *Administrative Expenses.* Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefit as net appreciation (depreciation) in fair value of investments.

B. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

6. *Income Taxes.* The Plan has received a favorable determination letter from the Internal Revenue Service and is qualified for exemption from federal income taxes under Section 401(a) of the Internal Revenue Code.

   The Plan obtained its last determination letter on March 31, 2014, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

7. *Use of Estimates.* The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

8. *Accounting Pronouncements.* In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the requirements for Fair Value Measurement (ASU 2018-13), which amends certain disclosure requirements of ASC 820. ASU 2018-13 removed the requirement to disclose the amount of and reasons for transfers between level 1 and level 2 of the fair value hierarchy as well as the policy for timing of transfers between levels. The ASU also modified the disclosure for investments in certain entities that calculate net asset value to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the Plan or announced the timing publicly. It also clarified the measurement uncertainty disclosure to communicate information about the uncertainty in measurement as of the reporting date. The guidance is effective for fiscal years beginning after December 15, 2019. Plan management is currently evaluating the impact of this ASU on the financial statements but does not expect the adoption to have material impact.

C. CONTRIBUTIONS

Amounts due from employer consist of the Company contributions.

The Company's contributions are paid to the Plan each year no later than the due date of the Company's federal income tax returns, including extensions thereon. Participant contributions collected by the Company are remitted as soon as separated and identifiable but no later than the 15th of the following month.

D. SPECIAL RULE FOR CERTAIN PARTICIPANT - DIRECTED TRANSACTIONS

The investment of transactions is directed by the participants; therefore, those transactions are no longer required to include the cost computation of the investments as reported on the schedule of assets (held at end of year).

E. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: ● quoted prices for similar assets or liabilities in active markets; ● quoted prices for identical or similar assets or liabilities in inactive ● inputs other than quoted prices that are observable for the asset or ● inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair market value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- *Registered Investment Companies (Mutual Funds):* Registered investment companies are valued at quoted market prices that represent the net asset value of shares on a market exchange at the end of the trading day. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The registered investment companies are classified in Level 1 in the fair value hierarchy.

E. FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019

F. TAX STATUS

The Plan has received a favorable determination letter from the Internal Revenue Service and is qualified for exemption from federal income taxes under Section 401(a) of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

F. TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the applicable tax authority. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

G. PARTY-IN-INTEREST TRANSACTIONS

Ascensus Trust Company is the Trustee and qualifies as a party-in-interest. Fees paid by the Plan for the custodial and recordkeeping services totaled $1,935 and $0 for 2019 and 2018, respectively.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reporting in the statement of net assets available for benefits.

I. PLAN TERMINATION

Effective October 23, 2019, the Plan terminated and all participants became 100% vested in their accounts. The benefits were distributed in January 2020.

J. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

K. SUBSEQUENT EVENTS

Subsequent events were evaluated through September 25, 2020, the date the financial statements were available to be issued. Coronavirus disease 2019 ("COVID-19") was first reported in late 2019 and has since dramatically impacted the global health and economic environment, including millions of confirmed cases, business slowdowns or shutdowns, government challenges, and market volatility. In March 2020, the World Health Organization characterized COVID-19 as a global pandemic, and the President declared a national emergency concerning the COVID-19 outbreak. The Company and global community are facing tremendous challenges, and Plan management cannot predict how this dynamic situation will evolve or estimate the impact it will have on the Plan's net assets available for benefits, but the impact may be material.
