T-MOBILE PUERTO RICO 1165(e) PLAN

Notes to Financial Statements For the Year Ended December 31, 2019

Note 1 - Plan Description

The following description of the T-Mobile Puerto Rico 1165(e) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is an 1165(e) profit-sharing plan under Section 1165(a) of the Puerto Rico Internal Revenue Code of 1994 (the PRIRC), as amended, and covers all employees of T-Mobile Puerto Rico LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility - Employees are eligible to participate in the Plan immediately upon the start of employment. Employees who have completed one year of service as defined by the Plan provisions are eligible to receive allocations of employer matching contributions. An employee is also eligible to participate in any employer discretionary profit-sharing contributions after completing one year of service and if employed on the last day of the plan year.

Plan Administration - The Plan is administered by the Retirement Committee, which consists of certain employees of T-Mobile USA, Inc. Banco Popular de Puerto Rico (Banco Popular) serves as the custodian of the Plan and Fidelity Management Trust (Fidelity) serves as the recordkeeper for the Plan.

Contributions - Participants contribute to the Plan each pay period through payroll deductions at the rate of any whole percentage from 1% to 75% of the participant's eligible regular compensation and up to 85% of eligible bonus compensation, not to exceed the PRIRC limitation of \$15,000 for the year ended December 31, 2019.

Participants who have attained age 50 as of December 31, 2019, may make catch-up contributions of up to \$1,500 each plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Company provides a matching contribution equal to 100% of each participant's contribution up to a maximum of 3% of eligible compensation and 50% of each participant's contribution on the next 2% of eligible compensation, up to a maximum of 4% or the PRIRC limitation for a safe-harbor matching contribution. The Plan also provides for a discretionary profit-sharing contribution to be made by the Company. The Company did not make a discretionary profit-sharing contribution for the year ended December 31, 2019.

Participant Accounts - Each participant's account is credited with an allocation of (a) Company contributions, if any; (b) deferral contributions; and (c) plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Participants may direct their contributions and any related earnings into investment options in 1% increments. Investment options include shares of registered investment companies (mutual funds) and collective trust funds. Participants may change their investment elections and make transfers between investment options daily.

T-MOBILE PUERTO RICO 1165(e) PLAN

Notes to Financial Statements For the Year Ended December 31, 2019

Note 1 - Continued

Vesting - Participants are vested immediately in their elective deferral contributions, employer matching contributions, rollovers and earnings or losses thereon. Participants are vested in the Company's discretionary profit-sharing contributions and the earnings or losses thereon in accordance with the following table:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 1	0%
1 but less than 2	50%
2 or more	100%

Participants become fully vested in the Company's discretionary profit-sharing contributions on reaching normal retirement age while still employed by the employer, death or termination of employment due to total and permanent disability.

Forfeited Accounts - The Company, at its discretion, may elect to utilize unapplied forfeited nonvested accounts to reduce future employer contributions or to pay reasonable administrative expenses of the Plan. As of December 31, 2019 and 2018, forfeited nonvested accounts were \$106 and \$119, respectively. Forfeitures in the amount of \$38 were used to pay administrative expenses and reduce employer contributions during 2019.

Payment of Benefits - Upon termination of service due to death, total and permanent disability, retirement or termination, a participant or beneficiary may elect to receive a distribution in the form of either a lump-sum equal to the value of the participant's vested interest in his or her account or in monthly installments over a fixed and reasonable period of time, not to exceed the life expectancy of the participant or designated beneficiary. The Plan also provides for hardship withdrawals in accordance with provisions specified in the plan document. Participants may also elect to receive in-service withdrawals from balances rolled into the Plan.

Notes Receivable From Participants - A participant may borrow 50% of his or her vested account balance, up to a maximum of \$50,000. The minimum loan amount is \$1,000. Loans are repayable through payroll deductions over periods ranging up to five years, unless the loan is for the purchase of a principal residence, in which case the loan term may exceed five years. The interest rate is determined by the plan administrator at loan inception based on the prevailing interest rates for loans made under similar circumstances. The interest rates on outstanding loans ranged from 5.25% to 7.50% at December 31, 2019, and mature through November 2034.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Payment of Benefits - Benefits are recorded when paid. As of December 31, 2019 and 2018, there were no benefit payments that had been requested but not paid.

T-MOBILE PUERTO RICO 1165(e) PLAN

Notes to Financial Statements For the Year Ended December 31, 2019

Note 2 - Continued

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded for the full amount of the outstanding loan balance.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments represents the change in fair value of assets from one period to the next and realized gains and losses on investments.

Investment Management and Administrative Expenses - Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Participants are assessed a quarterly administrative fee for custodial, recordkeeping, auditing and investment advisory services. Fees are charged on a pro rata basis to each participant in relation to the size of each participant's account balance or may be charged equally to each participant. Loan origination and distribution fees are paid by the requesting participants of the Plan. Loan origination, distribution fees and quarterly administrative fees paid by participants for the year ended December 31, 2019, totaled \$32,720. Substantially all other administrative expenses related to the Plan are paid by the Company.

Note 3 - Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

T-MOBILE PUERTO RICO 1165(e) PLAN

Notes to Financial Statements For the Year Ended December 31, 2019

Note 3 - Continued

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds - Valued using the NAV as a practical expedient to estimate fair value, as provided by the fund's trustees. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding at the valuation date. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust funds, each fund reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2019			
	Level 1	Level 2	Level 3	Total

Notes to Financial Statements For the Year Ended December 31, 2019

Note 3 - Continued

- (a) In accordance with Subtopic 820-10, investments that were measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<u>Fair Value 2019</u>	<u>Fair Value 2018</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
TRP Stable Value N	\$ 2,180,649	\$ 1,993,148	None	Daily	12 - 30 months
AMG TimesSquare Mid-Cap Fund	\$ 344,670	\$ -	None	Daily	3 days

A description of the significant investment strategies for investments measured using the NAV practical expedient are required to be disclosed unless the investment files a Form 5500 as a direct filing entity. TRP Stable Value N files a Form 5500 as a direct filing entity. TimesSquare Mid-Cap Growth Fund's investment strategy is to seek long-term capital appreciation and produce returns in a risk-controlled manner. The fund invests at least 80% of its net assets in common and preferred stocks of U.S. mid-capitalization companies.

Note 4 - Information Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2019 and 2018, and investment income and transactions for the year ended December 31, 2019, that are disclosed in the accompanying financial statements and supplementary information, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the custodian of the Plan. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 5 - Party-in-Interest Transactions

Fidelity provided recordkeeping services and Banco Popular provided custodial and trustee services to the Plan. Mercer Investment Consulting Inc. provides consulting services to the Plan. Clark Nuber, PS serves as the Plan's auditors. Transactions with these service providers and their affiliates qualify as party-in-interest transactions, which are exempt from prohibited transaction rules. Direct fees paid by the Plan for the year ended December 31, 2019, were as follows:

Fidelity and its affiliates	<u>\$ 32,720</u>
	<u><u>\$ 32,720</u></u>

T-MOBILE PUERTO RICO 1165(e) PLAN

Notes to Financial Statements For the Year Ended December 31, 2019

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, as amended. In the event of plan termination, the Company shall make no further contributions to the Plan and participants will become fully vested in their account balances.

Note 7 - Tax Status

The Plan obtained its latest determination letter on August 17, 2016, in which the Commonwealth of Puerto Rico, Department of Treasury stated that the Plan, as then designed, was in compliance with the applicable requirements of the PRIRC. The Plan administrator and the Plan's tax counsel believe that the Plan currently is designed and being operated in compliance with the applicable requirements of the PRIRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to audits by the Commonwealth of Puerto Rico Department of Treasury; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 9 - Subsequent Events

The Plan's management has evaluated subsequent events through October 8, 2020, the date on which the Plan's financial statements were available to be issued.

Effective April 1, 2020, the Company merged with Sprint Corporation. Management is currently evaluating the merger of the Plan and the historical Sprint plan.

Note 1 - Continued

Vesting - Participants are vested immediately in their elective deferral contributions, employer matching contributions, rollovers and earnings or losses thereon. Participants are vested in the Company's discretionary profit-sharing contributions and the earnings or losses thereon in accordance with the following table:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 1	0%
1 but less than 2	50%
2 or more	100%

Participants become fully vested in the Company's discretionary profit-sharing contributions on reaching normal retirement age while still employed by the employer, death or termination of employment due to total and permanent disability.

Forfeited Accounts - The Company, at its discretion, may elect to utilize unapplied forfeited nonvested accounts to reduce future employer contributions or to pay reasonable administrative expenses of the Plan. As of December 31, 2019 and 2018, forfeited nonvested accounts were \$106 and \$119, respectively. Forfeitures in the amount of \$38 were used to pay administrative expenses and reduce employer contributions during 2019.

Payment of Benefits - Upon termination of service due to death, total and permanent disability, retirement or termination, a participant or beneficiary may elect to receive a distribution in the form of either a lump-sum equal to the value of the participant's vested interest in his or her account or in monthly installments over a fixed and reasonable period of time, not to exceed the life expectancy of the participant or designated beneficiary. The Plan also provides for hardship withdrawals in accordance with provisions specified in the plan document. Participants may also elect to receive in-service withdrawals from balances rolled into the Plan.

Notes Receivable From Participants - A participant may borrow 50% of his or her vested account balance, up to a maximum of \$50,000. The minimum loan amount is \$1,000. Loans are repayable through payroll deductions over periods ranging up to five years, unless the loan is for the purchase of a principal residence, in which case the loan term may exceed five years. The interest rate is determined by the plan administrator at loan inception based on the prevailing interest rates for loans made under similar circumstances. The interest rates on outstanding loans ranged from 5.25% to 7.50% at December 31, 2019, and mature through November 2034.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Payment of Benefits - Benefits are recorded when paid. As of December 31, 2019 and 2018, there were no benefit payments that had been requested but not paid.

Note 2 - Continued

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded for the full amount of the outstanding loan balance.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments represents the change in fair value of assets from one period to the next and realized gains and losses on investments.

Investment Management and Administrative Expenses - Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Participants are assessed a quarterly administrative fee for custodial, recordkeeping, auditing and investment advisory services. Fees are charged on a pro rata basis to each participant in relation to the size of each participant's account balance or may be charged equally to each participant. Loan origination and distribution fees are paid by the requesting participants of the Plan. Loan origination, distribution fees and quarterly administrative fees paid by participants for the year ended December 31, 2019, totaled \$32,720. Substantially all other administrative expenses related to the Plan are paid by the Company.

Note 3 - Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

T-MOBILE PUERTO RICO 1165(e) PLAN

Note 3 - Continued

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds - Valued using the NAV as a practical expedient to estimate fair value, as provided by the fund's trustees. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding at the valuation date. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust funds, each fund reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2019			
	Level 1	Level 2	Level 3	Total

Note 3 - Continued

- (a) In accordance with Subtopic 820-10, investments that were measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<u>Fair Value 2019</u>	<u>Fair Value 2018</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
TRP Stable Value N	\$ 2,180,649	\$ 1,993,148	None	Daily	12 - 30 months
AMG TimesSquare Mid-Cap Fund	\$ 344,670	\$ -	None	Daily	3 days

A description of the significant investment strategies for investments measured using the NAV practical expedient are required to be disclosed unless the investment files a Form 5500 as a direct filing entity. TRP Stable Value N files a Form 5500 as a direct filing entity. TimesSquare Mid-Cap Growth Fund's investment strategy is to seek long-term capital appreciation and produce returns in a risk-controlled manner. The fund invests at least 80% of its net assets in common and preferred stocks of U.S. mid-capitalization companies.

Note 4 - Information Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2019 and 2018, and investment income and transactions for the year ended December 31, 2019, that are disclosed in the accompanying financial statements and supplementary information, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the custodian of the Plan. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 5 - Party-in-Interest Transactions

Fidelity provided recordkeeping services and Banco Popular provided custodial and trustee services to the Plan. Mercer Investment Consulting Inc. provides consulting services to the Plan. Clark Nuber, PS serves as the Plan's auditors. Transactions with these service providers and their affiliates qualify as party-in-interest transactions, which are exempt from prohibited transaction rules. Direct fees paid by the Plan for the year ended December 31, 2019, were as follows:

Fidelity and its affiliates	<u>\$ 32,720</u>
	<u><u>\$ 32,720</u></u>

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, as amended. In the event of plan termination, the Company shall make no further contributions to the Plan and participants will become fully vested in their account balances.

Note 7 - Tax Status

The Plan obtained its latest determination letter on August 17, 2016, in which the Commonwealth of Puerto Rico, Department of Treasury stated that the Plan, as then designed, was in compliance with the applicable requirements of the PRIRC. The Plan administrator and the Plan's tax counsel believe that the Plan currently is designed and being operated in compliance with the applicable requirements of the PRIRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to audits by the Commonwealth of Puerto Rico Department of Treasury; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 9 - Subsequent Events

The Plan's management has evaluated subsequent events through October 8, 2020, the date on which the Plan's financial statements were available to be issued.

Effective April 1, 2020, the Company merged with Sprint Corporation. Management is currently evaluating the merger of the Plan and the historical Sprint plan.
