VEOLIA NORTH AMERICA 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Veolia North America 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective January 1, 2015, as a defined contribution retirement savings plan covering all eligible employees of Veolia North America, LLC (the Employer) who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Employer is responsible for oversight of the Plan. The ERISA Fiduciary Committee of the Veolia North America Employee Benefit Plans determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors of the Employer.

Contributions: Each year, participants may authorize the Employer to contribute to the Plan up to 60% of their eligible annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code (IRC). Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from amounts representing distributions from other qualified plans.

The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless an affirmative election not to participate in the Plan is executed. Automatically enrolled participants have their contribution rate set at 3% of eligible compensation and their contributions are invested in a designated fund until changed by the participant. The Plan also provides for an automatic escalation provision in which a participant's auto-enrollment contribution rate will increase by 1% per year up to a maximum of 6% of eligible compensation until an affirmative election is made by the respective participant.

The Plan is designed with a qualified automatic contribution arrangement for which the Employer makes matching contributions to the Plan. In 2019, the Employer made matching contributions equal to 100% of the first 1% of compensation plus 50% of the next 5% of compensation that each participant contributed to the Plan. The Employer may elect to make discretionary contributions to the Plan. In 2019, no Employer discretionary contributions were made to the Plan.

Participants direct the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan and/or through a self-directed brokerage account.

Participant Accounts: Each participant's account is credited with the participant's contributions and the Employer's matching contributions, as well as allocations of the Employer's discretionary contributions and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their account is based on years of service. A participant becomes 100% vested after two years of credited service. Any participant who was an eligible employee or had an account balance on the Plan's effective date, January 1, 2015, is immediately vested in their entire account balance.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

At December 31, 2019 and 2018, forfeited nonvested accounts of terminated participants totaled $3,516 and $85,390, respectively. These accounts will be used to first to reinstate previously forfeited amounts of rehired participants, with remaining forfeitures used to reduce future Employer contributions to the Plan or to pay Plan expenses. In 2019, forfeited nonvested accounts of $307,052 were used to reduce Employer contributions and $83,985 were used to pay Plan expenses.

Notes Receivable from Participants: Participants may borrow from their account a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The repayment terms of the notes cannot exceed five years except for the purchase of the participant's principal residence, for which the terms may exceed five years per the Plan Agreement. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions.

Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account. Hardship and in-service withdrawals, as defined in the Plan Agreement, are also permitted from a participant's account.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The ERISA Fiduciary Committee of the Veolia North America Employee Benefit Plans determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: The Plan's notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make repayments and the Plan Administrator deems the note receivable from the participant to be in default, the balance of the note receivable from the participant is reduced and a benefit payment is recorded per the Plan Agreement.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tax Status: The Internal Revenue Service (IRS) has determined and informed the Employer by a letter dated June 16, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed in compliance with the applicable requirements of the IRC. The Plan Administrator intends to correct insignificant operational errors utilizing the self-correction program available under the Employee Plans Compliance Resolution System (EPCRS). Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan is subject to income tax examinations for years prior to 2016.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through October 10, 2020, the date the financial statements were available to be issued. See Note 8.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for assets that are measured at fair value on a recurring basis as of December 31, 2019 and 2018. There have been no changes in the methodologies used at December 31, 2019 and 2018.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Registered Investment Companies and Money Market Fund Shares: Valued at the daily closing price as reported by the funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the unit price reported by the sponsoring trust company. The underlying investments owned by the funds can include money market funds, stable value funds, fixed-income securities, registered investment companies, common stocks, corporate bonds, U.S. Government securities, other collective trust funds, or guaranteed insurance contracts priced by the sponsoring insurance company using applicable interest rates and contract provisions. The unit price is based on the fair value of these underlying investments owned, less any accrual of fees and expenses borne by the fund, and divided by the number of units outstanding. The unit price is readily determinable and quoted on the active private market on which participants can transact daily with no redemption restrictions on these investments.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

Following is a summary, within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2019 and 2018:

2019	**Level 1**	**Level 2**	**Total**

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED INFORMATION)

All Plan information related to investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation or depreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, disclosed in the accompanying financial statements and supplemental schedules were obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company, the Plan's trustee in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 5 - PLAN AMENDMENT

During December 2019, the Employer adopted a resolution to amend the Plan Agreement to make the following changes in the Plan's provisions with effective dates of January 1, 2019 or January 1, 2020 as applicable: 1) to update the Plan's hardship withdrawal provisions to reflect changes under the Bipartisan Budget Act of 2018; 2) to update the Plan's definition of compensation; 3) to clarify the definition of an "Employer" by virtue of acquisition or merger for purposes of the Plan; and 4) to reflect the impact of participants affiliated with the sale of a certain division of the Employer.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan entered into a revenue-sharing agreement with an affiliate of Vanguard Fiduciary Trust Company, the trustee of the Plan, which provided the Plan with revenue totaling $307,744 in 2019. The Trustee and/or its affiliates also manage certain Plan investments; therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. The Trustee and/or its affiliates also receive indirect fees from investments which are deducted from investment returns. Direct fees paid by the Plan to the Trustee and/or its affiliates totaled $756,628 in 2019.

The Employer provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

Notes receivable from participants are permitted party-in-interest transactions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

NOTE 8 - SUBSEQUENT EVENTS

Effective February 1, 2020, the Employer amended the Plan Agreement to add an Employer contribution account and update the definition of the Employer contribution to reflect the impact of certain employees who will become eligible to participate in the Plan based on an agreement between the Employer and certain other companies pursuant to a Membership Interest Purchase Agreement.

The outbreak of a novel coronavirus (COVID-19), which the World Health Organization declared in March 2020 to be a pandemic, continues to spread throughout the United States of America and around the world. Many state governors issued temporary executive orders that, among other stipulations, effectively prohibit in-person work activities for most industries and businesses, having the effect of suspending or severely curtailing operations. The extent of the ultimate impact of the pandemic on the Employer's operational and financial performance, which may impact the Plan, will depend on various developments, including the duration and spread of the outbreak and related treatments, all of which cannot be reasonably predicted at this time.

NOTE 8 - SUBSEQUENT EVENTS (CONTINUED)

While management reasonably expects the COVID-19 outbreak may impact the Employer's financial condition, the related financial consequences and duration are highly uncertain as to how it will affect the Plan's operation. The outbreak has also adversely affected global market activity and caused increased volatility and uncertainty in financial markets. Because the values of the Plan's individual investments have and will continue to fluctuate in response to changing market conditions, the amount of any potential decrease in the Plan's investments that may be reported in subsequent periods cannot be determined as of the date the financial statements were available to be issued.

Effective July 1, 2020, the Employer restated and amended the Plan Agreement in its entirety in conjunction with a change in the Plan's service providers in which Fidelity Management Trust Company was engaged as the Plan's Trustee, recordkeeper and third-party administrator. In addition, the Employer approved and amended the Plan Agreement to merge the Veolia North America 401(k) Savings Plan for Collectively Bargained Employees (Veolia Union Plan) into and with the Plan, effective June 30, 2020. As such, all of the Veolia Union Plan's assets and liabilities have been received or assumed by the Plan to complete the merger. All Veolia Union Plan participants were immediately eligible to participate in the Plan. The Veolia Union Plan and its related trusted ceased to exist as of the effective date of the merger.
