NOTES TO FINANCIAL STATEMENTS

As of December 31, 2019 and 2018, and for the Year Ended December 31, 2019

1. Description of Plan

The following description of the Nexstar Media Group, Inc. 401(k) Plan (“the Plan”), formerly the Nexstar Broadcasting Group, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution retirement plan sponsored by Nexstar Media Group, Inc. (“the Company” or “Plan Sponsor”), formerly Nexstar Broadcasting Group, Inc. for the benefit of its employees. The original effective date of the Plan was January 1, 1997.

Effective January 1, 2019, the Plan was amended to reflect the statutory changes pursuant to the Disaster Tax Relief and Airport and Airway Extension Act of 2017, the Tax Cuts and Jobs Act of 2017, the Bipartisan Budget Act of 2018, and Code Sections 401(k) and 401(m) 2019 Final Hardship Regulations and any related guidance.

Eligibility

Employees are eligible to participate in the Plan upon reaching the age of twenty-one and completing six months of service. Employees can join the Plan as an active participant on the first day of each calendar quarter, following their completion of the service requirement. Employees covered under a collective bargaining agreement, except for those covered by the WIVB Union, are not eligible to participate in the Plan. Employees of the WIVB Union group are eligible to participate in the Plan upon satisfying the age requirement. WIVB Union group employees do not have a service requirement. Employees hired after May 1, 2018 are automatically enrolled in the month following completion of eligibility requirements at a pre-tax deferral rate of 3%. Service for purposes of eligibility and vesting, as provided by the Plan, includes service with certain predecessor employers described in detail in the Plan literature.

Contributions

Participants may elect to contribute up to 90% of their annual compensation, as defined by the Plan, subject to IRS limitations. Participants are permitted to contribute pre-tax or “Roth” contributions into the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who are eligible to make catch-up contributions may elect to contribute up to 100% of their annual compensation, as defined by the Plan, subject to IRS limitation. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company, at its discretion, may elect to match participant contributions. Participants are eligible to receive employer matching contributions upon completing six months of service. For the year ended December 31, 2019, the Company made contributions equal to 50% of the first 6% of compensation that a participant contributed to the Plan. The Plan also provides that the Company may make additional non-elective employer contributions on a discretionary basis. No such contributions were made during the year ended December 31, 2019.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2019 and 2018, and for the Year Ended December 31, 2019

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's contributions. Earnings and losses are credited to each participant's account based on the performance of the underlying investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants can direct contributions into a variety of investment options offered by the Plan. Participants also have the option of investing in a self-directed brokerage account.

Vesting

Participants are always fully vested in their elective contributions and any earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest in the Company's contributions over five years at a rate of 20% each year.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans may have a maximum repayment period of five years, unless the loan is used to purchase a participant's principal residence. Participants may have up to two loans outstanding at one time. Loans are secured by the balance in the participant's account and bear interest at a rate determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to all or a portion of the value of the participant's vested interest in his or her account in the form of a lump sum distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, subject to minimum balance distribution requirements, or installment payments if the participant's balance exceeds \$5,000. A participant may withdraw part of the vested interest in his or her account upon attainment of age 59 1/2, subject to Plan provisions. Upon separation with the Company, participants with account balances less than \$5,000, a single lump sum payment will be made automatically into an individual retirement account of the plan administrator's choosing. The Plan document further stipulates that account balances less than \$1,000 are to be automatically paid to the participant, without consent. In addition, the Plan permits hardship distributions to participants that can demonstrate an immediate and heavy financial need.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts available to reduce future expenses totaled \$693,491 and \$500,838, respectively. During the year ended December 31, 2019, participants forfeited \$462,367 in previously contributed non-vested amounts. During the year ended December 31, 2019, \$295,299 of forfeited amounts were used to reduce Plan expenses and employer match contributions.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2019 and 2018, and for the Year Ended December 31, 2019

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. Refer to Note 4 for discussion of fair value measurements.

The Plan invests in the Fidelity Managed Income Portfolio I Class 2 Fund, a stable value fund within a common collective trust, which has entered into fully benefit-responsive investment contracts, fixed income securities, and money market funds to provide preservation of principal, maintain a stable interest rate, and provide liquidity at contract value for participant withdrawals and transfers. The stable value fund has an investment objective to maintain a constant net asset value while generating a slightly higher yield than a money market fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. For the year ended December 31, 2019, \$25,761 in distributions was recorded related to notes receivable from participants that were deemed to be in default.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2019 and 2018, and for the Year Ended December 31, 2019

2. Summary of Significant Accounting Policies (continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the majority of the excess contributions related to the Plan year ended December 31, 2019 to the applicable participants prior to March 15, 2020; however, a portion of the amounts required to be distributed were distributed after March 15, but prior to the 12-month maximum allowed by the IRS. As the corrective action was not taken within 2 ½ months following the end of the plan year, the plan administrator is required to pay a 10% excise tax on this amount. Such excise taxes are not permitted to be paid from Plan assets.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in appreciation (depreciation) of fair value of investments.

Administrative expenses are reported net of \$37,860 in revenue credits. The revenue credit relates to a portion of fees paid by certain investment managers and is shared with the Plan record keeper and used to offset the normal costs of general Plan recordkeeping and administration. When those shared fees exceed the normal recordkeeping and administration costs, the record keeper returns those funds to the Plan in the form of a revenue credit, which may be used to pay for certain qualified expensed.

Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date these financial statements were available to be issued. Other than the matters in Note 12, there were no material subsequent events that required recognition or additional disclosure in the financial statements.

3. Information Certified by the Trustee (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedule:

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2019 and 2018, and for the Year Ended December 31, 2019

4. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end money market fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily net asset value ("NAV") and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: The plan invests in the Fidelity Managed Income Portfolio Fund Class 2 and is measured at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 4,458,743	\$ -	\$ -	\$ 4,458,743
Mutual funds	583,219,515	-	-	583,219,515
Self-directed brokerage	3,058,345	-	-	3,058,345
Total investments, at fair value	\$ 590,736,603	\$ -	\$ -	\$ 590,736,603
Investments measured at NAV (a):				23,043,811
Total investments				<u>\$ 613,780,414</u>

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2019 and 2018, and for the Year Ended December 31, 2019

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 3,107,473	\$ -	\$ -	\$ 3,107,473
Mutual funds	479,456,453	-	-	479,456,453
Self-directed brokerage	2,875,555	-	-	2,875,555
Total investments, at fair value	\$ 485,439,481	\$ -	\$ -	\$ 485,439,481
Investments measured at NAV (a):				23,500,106
Total investments				<u>\$ 508,939,587</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of December 31, 2019:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trust funds	\$23,043,811	N/A	Daily	12 months

As of December 31, 2018:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period

5. Fidelity Managed Income Portfolio Fund I Class 2

The Fidelity Managed Income Portfolio Fund Class 2 (the “Fund”), held in a common collective trust, invests in benefit-responsive investment contracts (“Contracts”) issued by insurance companies (conventional and synthetic guaranteed investment contracts) and other financial institutions, fixed income securities, and money market funds. Under the terms of the Contracts, the assets of the fund are invested in fixed income securities (which may include, but are not limited to, U.S. Treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities, and collective investment vehicles and shares of investment companies that invest primarily in fixed income securities) and shares of money market funds. The fund may also invest in futures contracts, option contracts, and swap agreements. Investments held by a common collective trust are required to be reported at fair value, however, contract value is the relevant measurement characteristic for that portion of the net assets of a common collective trust attributable to fully benefit-responsive investment contracts.

The issuer of the wrap contract provides assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero. An interest crediting rate less than zero would result in a loss of principal or accrued interest. The key factors that influence future interest crediting rates for a wrap contract include the level of market interest rates, the amount and timing of participant contributions, transfers and withdrawals into and out of the wrap contract, the investment returns generated by the fixed income investments that back the wrap contract and the duration of the underlying investments backing the wrap contract. Wrap contracts’ interest crediting rates are reset on a monthly basis.

A wrap issuer may terminate a wrap contract at any time. The wrap issuer may also terminate a wrap contract if Fidelity’s investment management over the Fund is limited or terminated as well as if all of the terms of the wrap contract fail to be met. In the event that market value of the Fund’s covered assets is below contract value at the time of such termination, the terminating wrap provider would not be required to make a payment to the Fund. The Fund is presented in the Statement of Changes in Net Assets Available for Plan Benefits at net asset value (“NAV”) as a practical expedient.

6. Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and a money market fund managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Plan’s trustee and, therefore, these transactions qualify as party-in-interest transactions; however they are exempt from the prohibited transactions rules under ERISA.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. For the year ended December 31, 2019, the Plan also made direct payments to the advisor of \$150,226. These costs incurred by the Plan are included in administrative expense on the statement of changes in net assets available for benefits. The Plan Sponsor pays directly any other fees related to the Plan’s operations.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2019 and 2018, and for the Year Ended December 31, 2019

7. Plan Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA, upon written notice to the participants. In the event of plan termination, participants' account balances will become fully vested and non-forfeitable.

8. Tax Status

Effective June 24, 2015, the Plan adopted a volume submitter profit sharing plan with cash or deferral arrangement sponsored by Fidelity Management & Research Co. ("Fidelity"), which received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, stating that the Plan, as then designed, was acceptable under Section 401(a) of the Code ("IRC"), and therefore, the related trust is exempt from taxation. The Plan itself has not received a determination letter from the IRS. However, Plan management believes the Plan, as adopted and amended, is operating within the guidelines of the IRC. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Administrative Failures

During the year ended December 31, 2019, the Company failed to properly administer the automatic enrollment feature after a transition to a new payroll system platform. The error was effective October 1, 2019 for employees who were hired after September 30, 2019, met the 60-day eligibility requirement, and did not make an online election to participate in the Plan. The Plan Sponsor elected to correct this administrative failure through the Voluntary Correction Program ("VCP"). The Company has implemented controls to prevent such an error from occurring in the future. Additionally, as of the date of the audit report, corrective contributions, including lost earnings, have been quantified and remitted to the Plan. Refer to Note 12 for correction contribution amounts.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2019 and 2018, and for the Year Ended December 31, 2019

12. Subsequent Events

Administrative Failure Correction

Subsequent to December 31, 2019, it was discovered that the Company failed to properly administer the automatic enrollment feature after a transition to a new payroll system platform. The Plan Sponsor elected to correct this administrative failure through the VCP. Amounts contributed to participant accounts after year-end related to the missed deferral opportunity totaled \$104,351, of which \$4,430 related to the year ended December 31, 2019.

SECURE Act

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 was signed into law. Applicable provisions of the SECURE Act, effective January 1, 2020, include changing the required minimum distribution age to 72 for participants who have not reached age 70 ½ as of December 31, 2019 and, for participant deaths after December 31, 2019, requiring most non-spouse beneficiaries to take full distribution of the participant's account within 10 years of the participant's death. Plan management is evaluating the impact of the SECURE Act on the Plan but does not expect it to be material.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2019 and 2018, and for the Year Ended December 31, 2019

12. Subsequent Events (continued)

Plan Amendments

Effective January 1, 2020, the Plan was amended to permit in-service withdrawals of all or any portion of all vested account balances on attainment of disability, defined as a Participant's total and permanent inability to engage in any substantial gainful activity by reason of any physical or mental condition which entitles the Participant to Disability Insurance Benefits under the Social Security Act. Additionally, the Plan was amended to specifically permit certain union groups to make in-service hardship withdrawals. The Plan was also amended to add different vesting schedules for specific union groups.

Effective January 27, 2020, the Plan was amended to include Tribune Media Company, Tribune Broadcasting Company II, Tribune Broadcasting Seattle, LLC, and Tribune Television New Orleans, Inc. as participating employers of the Plan.

Effective March 1, 2020, the Plan was amended to add vesting schedules for active employees for specifically identified regions.

COVID-19

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The pandemic and these containment and mitigation measures have led to economic uncertainties which have resulted in significant volatility in the financial markets, impacting some of the investments held by the Plan. The duration of these uncertainties and volatility, and the ultimate financial effects of COVID-19 on the national and global economies and investment markets, cannot be reasonably estimated at this time.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and approved (a) adding COVID-19-related distributions of up to \$100,000 for eligible participants, (b) suspending payments on Plan loans otherwise due in 2020 for eligible participants, and (c) suspending required minimum distributions for 2020. The CARES Act allowed these changes to be effective and operationalized immediately, prior to amending the Plan document.

Plan Merger and Transfer of Assets

Effective June 1, 2020, the Company's Retirement Plan Committee adopted a formal resolution to merge the Tribune Media Company 401(k) and the Tribune Media Company Defined Contribution Retirement Plan into the Nexstar Media Group, Inc. 401(k) Plan. Assets totaling approximately \$255,000,000 were then transferred into the Plan on June 2, 2020.
