Notes to Financial Statements

1. DESCRIPTION OF PLAN

The following description of the Eye Associates Northwest, PC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan Sponsor is Eye Associates Northwest, PC (the Company). The Plan is a defined contribution plan covering all employees of the Company who have attained age 21. Eligibility to make 401(k) deferrals requires three months of employment. Profit sharing and employer matching participation requires one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions - Each year, participants may contribute up to 100% of considered earnings through payroll deductions, subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants. For 2019, the Company matched 50% of salary deferrals on a payroll by payroll basis up to 6% of compensation deferred. The Company may make a discretionary profit sharing contribution to the Plan. Only employees who are employed at December 31 (last day of the plan year) and perform 1,000 hours of service during the plan year receive the profit sharing contribution. Discretionary profit sharing contributions totaled \$332,220 (net of \$-0- applied forfeitures) in the current year.

Participant accounts - Each participant's account is credited with the participant's contribution, related Company matching contributions and allocations of plan earnings and administration expenses based on account balances. In addition, the allocation of the Company's discretionary contribution, which is based on a participant's compensation as defined by the Plan, is credited to the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions and Company matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of service (defined as 1,000 hours per year) as determined by the following vesting schedule: beginning with two years of service, 20% per year until 100% vested after six years of service.

1. DESCRIPTION OF PLAN (continued)

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (reduced by the excess of the participant's highest outstanding loan balance during the twelve month period ending on the date of the loan) or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate in effect on the date of the loan plus one percent. Interest rates were 4.25% to 6.50% during the current year. Principal and interest is paid ratably through payroll deductions. Each participant may have up to three loans outstanding at a time.

Payment of benefits - Upon termination of service due to death, disability or retirement, distributions shall be made pursuant to the election of the participant or beneficiary. For termination of service due to other reasons, a participant receives the value of the vested interest in his or her account by (a) a transfer to another qualified plan, (b) a transfer to an individual retirement account, (c) a lump-sum distribution which is subject to a 20% income tax withholding, or (d) periodic payments over a period of time which does not extend beyond the participant's life expectancy and/or that of the spouse. A participant may also withdraw all or a portion of an account balance at any time if the participant is at least 59 ½ years old.

Forfeited accounts - At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$51,432 and \$24,049, respectively. These accounts will be used to reduce future employer contributions. In 2019, accrued employer contributions were reduced by \$-0- from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting method - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits - Benefits are recorded when paid.

Expenses - Investment advisory and management fees provided by external service providers are paid from Plan assets. Other significant administrative expenses of the Plan are paid by the Company and excluded from these financial statements.

Date of management's review of subsequent events - Subsequent events were evaluated through October 13, 2020, which is the date the financial statements were available to be issued.

3. CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company.

4. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Notes to Financial Statements (Continued)

4. FAIR VALUE MEASUREMENTS (continued)

Level 1 Fair value measurements:

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Fair Value Measurements at Reporting Date Using Quoted Prices in Active Markets for Identical Assets (Level 1)	
	2019	2018
Money market fund	\$ 2,231,725	\$ 393,427
Mutual funds	<u>13,677,879</u>	<u>12,432,959</u>
Investments at fair value	<u>\$15,909,604</u>	<u>\$12,826,386</u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2019, are reported in net appreciation/depreciation in fair value of investments.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by Matrix Trust Company (Matrix). Matrix is the custodian as defined by the Plan and qualifies as a party-in-interest.

Paychex serves as administrator for the Plan providing plan accounting and preparation of annual Form 5500 tax filing and has outsourced certain plan administration responsibilities and plan recordkeeping to Aspire Financial Services, LLC in accordance with the terms and conditions of the Plan Document and benefit services agreement.

Hellam Varon & Co. Inc. PS has a contract for providing audit services with Eye Associates Northwest, PC 401(k) Profit Sharing Plan. The purpose of the contract is to provide an audit as specified in the Independent Auditor's Report.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. DISTRIBUTIONS PAYABLE

At December 31, 2019, net assets available for plan benefits included \$15,520 for distributions to participants who have requested distributions from the Plan prior to the end of the Plan year.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

8. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan files U.S. Form 5500 Annual Return/Report of Employee Benefit Plan.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

11. SUBSEQUENT EVENTS

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

In 2020, the Plan has adopted the provisions of the CARES Act.
