ROTTINGHAUS COMPANY 401(K) SAVINGS PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

(1) Description of plan

The following description of the Rottinghaus Company 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted to provide retirement benefits for employees of Rottinghaus Company, Inc. (the "Employer"). The Plan covers substantially all full-time employees who are age twenty-one or older and have completed one year of service ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). 401K SAFE, LLC (the "Plan Sponsor") is responsible for the oversight of the Plan.

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC") or can be made after-tax in the form of a Roth contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participant contributions are permitted up to 100% of compensation subject to certain IRC limitations.

The Plan provides that the Employer may make a discretionary matching contributions each year in accordance with an amount authorized by the Employer's Board of Directors. Employer and participant contributions may not exceed the maximum amount deductible for federal income tax purposes. Discretionary Employer matching contributions totaled \$398,270 for the year ended December 31, 2019.

The Plan also provides that the Employer may make a profit-sharing contribution each year an amount authorized by the Employer's Board of Directors; however, an annual contribution by the Employer is not required. No discretionary Employer profit sharing contributions were made for the year ended December 31, 2019.

(c) Participant accounts

Each participant's account is credited or charged with the participant's contributions, Employer contributions, investment earnings (losses) of the investment options selected by the participants, and an allocation of administrative expenses. Allocations are based on participant's compensation, account balances, or specific participant transactions as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

ROTTINGHAUS COMPANY 401(K) SAVINGS PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

(d) Vesting

Participants are immediately vested in their elective salary deferral and Roth contributions plus actual earnings (losses) thereon. Vesting in the Employer's discretionary matching and discretionary profit sharing contributions are based on years of continuous service. Participants vest after six years of credited service according to the following schedule.

<u>Years of Service</u>	<u>Vesting</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants may also become 100% vested upon full or partial termination of the Plan, or in one of the following ways, if incurred while employed: (1) death, (2) disability, or (3) reaching normal retirement age of 65.

Prior to January 1, 2017, the Employer made safe harbor matching contributions. A participant was 100% vested in the Employer safe harbor matching contributions after two years of credited service.

(e) Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes receivable from participants are secured by the balance in the participant's account and bear interest at fixed rates ranging from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, disability, retirement or for termination of service due to other reasons, a participant may elect to receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. However, if the value of a participant's balance does not exceed \$5,000, the lump sum payment will be made to the participant in the form of an IRA rollover regardless of whether he or she consents to receive it.

ROTTINGHAUS COMPANY 401(K) SAVINGS PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Employer contribution portion of their accounts. At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$5,882 and \$5,504, respectively. These accounts may be used to reduce future Employer contributions or pay administrative expenses. In 2019, Employer contributions and administrative expenses were reduced by \$64,914 from forfeited nonvested accounts.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

(i) Administrative expenses

Certain administrative expenses are paid by the Employer; while certain administrative expenses are paid by the Plan. Fees related to the processing and administration of notes receivable from participants and the processing of distributions are charged directly to the participant's account. Certain fees incurred for investment management services are also paid by the Plan and included in net appreciation in fair value of investments.

(j) Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Notes to the Financial Statements

(b) Investment valuation and income recognition

Investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers. See Notes (4) and (5) for discussion of investment values.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan agreement.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Employer has evaluated events and transactions that occurred between December 31, 2019 and October 8, 2020, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments and notes receivable from participants reported and disclosed in the accompanying financial statements and supplemental schedules, including the fair and contract value of investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, dividends, and interest on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Lincoln National Life Insurance Company ("Lincoln") as of December 31, 2018 and for the period from January 1, 2019 to July 17, 2019, and Nationwide Trust Company, FSB, a division of Nationwide Bank ("Nationwide") for the period from July 17, 2019 to December 31, 2019..

(4) Fair value measurements

Fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, fair value accounting standards establish a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity including quoted market prices in active markets for identical assets (Level 1), or significant other observable inputs (Level 2) and the reporting entity's own assumptions about market participant assumptions (Level 3).

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- (i) ***Mutual funds:*** Valued based on the funds' reported closing net asset values of shares held by the Plan as of the last business day of the plan year. The mutual funds are deemed to be actively traded.
- (ii) ***Pooled separate accounts:*** Valued at net asset value, which is based on the market value of the underlying investments held by the pooled separate account at year end. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the pooled separate accounts, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Notes to the Financial Statements

December 31, 2019 and 2018

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2019, the Plan held mutual funds totaling \$18,621,572 which are classified as Level 1 in the fair value hierarchy.

The following table summarizes investments for which fair value is measured using the NAV practical expedient as of December 31, 2018. There are no participant redemption restrictions for these investments.

<u>Description</u>	<u>Fair Value</u> <u>12/31/2018</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency (if</u> <u>currently eligible)</u>	<u>Redemption</u> <u>Notice Period</u>
Pooled separate accounts	\$15,501,820	n/a	Daily	n/a

The Plan held pooled separate accounts that are not direct filing entities. These pooled separate accounts have investment strategies that include: various target date and lifestyle funds, international and sector funds, equity, index, and income funds.

(5) Investment contract with insurance company

In 2019, the Plan entered into a guaranteed investment contract with Nationwide with a contract value of \$43,985 as of December 31, 2019. Nationwide maintained the Plan's contributions in a general account which was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There were no reserves against contract value for credit risk of the contract issuer or otherwise.

The Plan entered into a guaranteed investment contract with Lincoln with a contract value of \$4,417 as of December 31, 2018. Lincoln maintained the Plan's contributions in a general account which was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There were no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Employer or other Employer events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

ROTTINGHAUS COMPANY 401(K) SAVINGS PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

The investment accounts did not permit Nationwide or Lincoln to terminate the agreement prior to the scheduled maturity date.

(6) Excess contributions

Contributions received from participants for 2019 are net of payments of \$13,322 made in 2019 to certain active participants to return to them excess deferral and matching contributions, as required to satisfy the relevant nondiscrimination provisions of the Plan.

(7) Income tax status

The Employer adopted a prototype non-standardized profit sharing plan that received a favorable determination letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the prototype non-standardized profit sharing plan was designed in accordance with the applicable sections of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the adopted prototype non-standardized profit sharing plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 or 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Untimely remittance of participant contributions

The Employer is required by DOL regulations to remit participant contributions and repayments of notes receivable from participants as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For certain contributions withheld in 2018, the funds were not remitted timely. Imputed lost earnings applicable to these contributions have been calculated and contributed into the Plan in 2019.

Notes to the Financial Statements

(9) Related party and party-in-interest transactions

Plan investments are shares of a mutual fund and an investment contract managed by Nationwide or units of pooled separate accounts and an investment contract managed by Lincoln in 2018 and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note (1), the Plan paid expenses to various service providers which also qualify as party-in-interest transactions. The Plan also holds notes receivable from participants which qualify as party-in-interest transactions.

(10) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(11) Subsequent events

Effective May 1, 2020, the Plan changed third party administrators from Pinnacle Financial Services, Inc. to Benefit Plans Plus, LLC.

During 2020, the Plan implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Certain optional features within these acts have been assessed and implemented. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
