LITTER CORPORATION, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2019 and 2018

Plan Description

The following description of the Litter Corporation, Inc. (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company, who are age 21 or older, and have completed one year of service. Participants are able to enter the Plan and receive matching contributions immediately after completing the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make voluntary salary deferral contributions up to the maximum amount imposed by the IRS, not to exceed \$19,000 for 2019. Employees 50 years of age or older are allowed to contribute an additional \$6,000 to the Plan for 2019. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may elect to make matching contributions to the Plan based on a formula to participants in the Plan. Under the formula, the Company contributes a specified percentage of compensation on behalf of the participant based on the participant's elective deferrals. During 2019 and 2018, the Company elected to make matching contributions of 50% of the first 4% of eligible compensation.

The Company may make a discretionary annual profit sharing contribution. Profit sharing contributions are allocated to participants based on the ratio of each participant's compensation to the total compensation of all eligible participants. The Company did not make any profit sharing contributions for the years ended December 31, 2019 and 2018.

Participant Accounts

Each participant's account is credited with the participant's contribution and matching contributions and allocations of (a) the Company's profit sharing contribution, (b) Plan earnings, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions along with the earnings thereon is based on years of continuous services and is subject to the following vesting percentage provisions:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
3	100%

Notes to Financial Statements

December 31, 2019 and 2018

Plan Description (continued)

Investment Options

A participant may direct contributions in any of investment funds offered by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their non-forfeitable account balance. The loans are secured by the balance in the participant's account and bear interest at rates between 4.25% and 7.50%. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

Participants become eligible for the vested portion of their account balance upon retirement, death, permanent or total disability and termination from the Company. A participant may elect to receive a lump sum payment in the amount of the vested interest in the participant's account. Hardship withdrawals, as defined in the Plan, are also available to participants.

Summary of Significant Accounting Principles

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Fair Value Measurements footnote for discussion of fair value measurements.

Net appreciation in fair value of investments is reflected in the statements of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold and the change in appreciation or depreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes to Financial Statements

December 31, 2019 and 2018

Summary of Significant Accounting Principles (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

The Plan's expenses are paid by the Company, except for participant fees related to distribution and loan withdrawals, which are paid from the participant's accounts.

Fair Value Measurements

ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

LITTER CORPORATION, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2019 and 2018

Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Pooled separate accounts: Valued at fair value based on the underlying investment reported to the Plan by Nationwide Financial Services, Inc.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Investments at fair value as of December 31, 2019				
	Fair Value	Level 1	Level 2	Level 3

The notes receivable from participants as of December 31, 2019 and 2018 in the amounts of \$155,931 and \$155,189, respectively, are party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

The Plan paid \$54,741 and \$54,338 of administrative fees to the recordkeeper and trustee for the years ended December 31, 2019 and 2018, respectively. The Company provides certain administrative services at no cost to the Plan.

Tax Status

The Company adopted a prototype standardized profit sharing plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Notes to Financial Statements

December 31, 2019 and 2018

Tax Status (continued)

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan. In the event of termination or partial termination of the Plan, all amounts credited to a participants' account become fully vested.

Subsequent Events

The Plan evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued. On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred significant volatility in fair value since December 31, 2019. The impact of COVID-19 continues to evolve rapidly and the Company is not able at this time to estimate its full impact on the Plan's financial statements.
