NAC Group 401(K) Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan

The following description of the NAC Group 401(K) Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan was established on January 1, 1999 and most recently amended and restated on July 7, 2020. The Plan is a defined contribution plan covering eligible employees of Noyes Air Conditioning, Inc. (the “Company” or “Plan Sponsor”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended, (“ERISA”).

Issuer and Administration of the Plan

Massachusetts Mutual Life Insurance Company (“MassMutual”) is the recordkeeper of the Plan. The Plan’s assets are held with Talcott Resolution Life Insurance Company (formerly Hartford Life Insurance Company) (“Issuer” or “Talcott”). The administrator of the Plan is the Company. The Issuer holds all assets of the Plan in accordance with the Group Funding Agreement with the Company. The trustees are two individuals of the Company. The Company determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Eligibility

An employee of the Company is eligible to make elective deferral contributions to the Plan on the first day of the month coinciding with or following the completion of two months of service. An employee of the Company is eligible to participate in receiving employer discretionary matching contribution and employer discretionary profit-sharing contributions on the first day of the month coinciding with or following the completion of 1,000 hours of service in a 12-month period, as defined by the Plan Document.

Leased employees, non-resident aliens who received no earned income within the United States, and independent contractors are not eligible for the Plan.

Contributions

Participants may contribute on a pre-tax basis up to 100 percent of their eligible compensation, subject to certain Internal Revenue Code (“IRC”) limitations. Participants who have attained or will attain the age of 50 by the last day of the plan year may elect to make catch-up contributions, as defined by the Plan, subject to IRC limitations. Participants may terminate or change their salary deferral agreements according to procedures and limitations as determined by the Plan Document.

The Company may make a discretionary employer matching contribution to eligible participants with at least 1,000 hours of service during the Plan year and who are employed on the last day of the Plan year. The amount and percentage shall be made at the Company’s sole discretion. The Company did not make an employer discretionary matching contribution for the year ended December 31, 2019.

NAC Group 401(K) Profit Sharing Plan

Notes to Financial Statements

The Company may make an employer discretionary profit-sharing contribution to eligible participants with at least 1,000 hours of service during the Plan year and who are employed on the last day of the Plan year. The discretionary employer profit-sharing contribution is allocated to participants based on an integrated formula, as defined by the Plan Document, as allowed by the IRC. The Company did not make a discretionary employer profit-sharing contribution for the year ended December 31, 2019.

Rollover contributions transferred from other qualified retirement plans or from Individual Retirement Accounts (“IRA”) are accepted as permitted by the Plan Document.

Participant’s Accounts and Investment Options

Each participant’s account is credited with (1) the participant’s pre-tax, catch-up, and rollover contributions; (2) the Company’s employer matching and discretionary employer profit-sharing contributions; and (3) an allocation of the Plan earnings or losses. Each participant’s account is charged with withdrawals and expenses. Participants are charged an administrative fee for participant requested transactions. Earnings or losses from investment funds are allocated to each participant’s account in the proportion that the balance of each participant’s account bears to the total balance of all participants in each fund.

Participants may direct the investment of their account balances into various investment options offered by the Plan. The Plan offers various pooled separate accounts and a fixed-rate group annuity contract. Participants may make investment election changes at any time. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested balance.

Vesting

Participants pre-tax, catch-up and rollover contributions are 100 percent vested at all times. The Company’s employer discretionary matching and employer discretionary profit-sharing contributions vest as follows:

Years of Service	Vested Percentage
Less than 2	0 percent
2	20 percent
3	40 percent
4	66 percent
5 or more	100 percent

Participants become fully vested upon death, disability, or termination of the plan.

Forfeitures

Forfeitures may first be used to reduce administrative expenses paid by the Plan. Any remaining balance may be used to reduce future employer contributions payable under the Plan. There were no amounts used to reduce administrative expenses or reduce future employer contributions for the year ending December 31, 2019. The balance within the forfeitures account at December 31, 2019 and 2018 was de minimis.

NAC Group 401(K) Profit Sharing Plan

Notes to Financial Statements

Benefit Payments

A participant's vested interest in the Plan is payable upon termination of service due to death, disability, normal retirement (age 65), or termination of employment. Upon termination of service, a participant may elect to (1) receive a lump-sum amount equal to the vested value of the participant's account; (2) rollover the amount to another qualified retirement plan or an IRA; or (3) leave the account in the Plan up to age 70 ½, at which time one of the above distribution options must be selected, if no longer employed.

For terminated participants whose account balance is less than \$1,000, a lump-sum cash distribution will be made if the participant does not elect another form of distribution. For terminated participants whose account balance is greater than \$1,000 but less than \$5,000, the account balance will be rolled over into an IRA in the name of the participant if the participant does not elect another form of distribution.

In-service hardship and other in-service distributions are allowed, if certain criteria are met.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested interest in the Plan. Participants may have two notes outstanding at any given time. Notes shall bear a rate of interest equal to 1 percent above the prime rate. The interest rate shall remain fixed throughout the duration of the note. All notes must be repaid over a five-year period unless it is for the purchase of a principal residence in which case the note repayment period may not extend beyond thirty years from the date of the note. The notes are subject to certain restrictions, as defined by the Plan Document, and applicable restrictions under the IRC. Notes are considered delinquent 90 days after due. Participant notes held by the Plan bear an interest rate between 4.25 percent and 6.50 percent at December 31, 2019.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan Document to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. To the extent not already vested, participants would be fully vested upon termination of the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NAC Group 401(K) Profit Sharing Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Company determines the Plan's valuation policies utilizing information provided by the Mass Mutual. See Note 3, *Fair Value Measurements and Disclosures* for a discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Accounting for Fully Benefit-Responsive Investment Contracts with Insurance Companies

The Plan entered into the Fixed Account with Talcott, which is a fixed-rate group annuity contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The Fixed Account is a general account product and is credited with participant and employer contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. The declared interest rate can never be less than 1 percent and interest earned is compounded daily. The interest crediting rate is reset quarterly. The method for calculating the interest crediting rate is determined by Talcott. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations which may be affected by future economic and regulatory developments.

Certain events could limit the ability of the Plan to transact at contract value, including but not limited to, premature termination of the contract by the Plan, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. This would cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest was de minimus. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of year-end.

NAC Group 401(K) Profit Sharing Plan

Notes to Financial Statements

Expenses of the Plan

Certain fees (primarily loan and distribution) are charged directly to the participant's account and are included in administrative expenses. Investment related expenses (in the form of an expense ratio) are included in net appreciation (depreciation) of fair value of investments. All other expenses of the Plan for the year ended December 31, 2019 were paid by the Company and are excluded from these financial statements.

3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Insurance Company Pooled Separate Accounts: Valued based upon the redemption price of units held by the Plan, which is based on the current fair value of the separate account's underlying assets. Unit values are determined by the financial institution sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. Investments in the pooled separate account funds are categorized as Level 2 in the fair value hierarchy as of December 31, 2019 and 2018.

NAC Group 401(K) Profit Sharing Plan

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no transfers between levels for the year ended December 31, 2019.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

<i>As of December 31, 2019</i>	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 3,292,448	\$ -	\$ 3,292,448
Total investments, at fair value	\$ -	\$ 3,292,448	\$ -	\$ 3,292,448

<i>As of December 31, 2018</i>	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 2,420,610	\$ -	\$ 2,420,610
Total investments, at fair value	\$ -	\$ 2,420,610	\$ -	\$ 2,420,610

4. Information Certified by Mass Mutual

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mass Mutual in its capacity as administrative agent for Talcott Resolution Life Insurance Company (formerly Hartford Life Insurance Company), the issuer of the group funding agreement, related separate accounts and unallocated insurance contract (available through those agreements and contracts), has certified that the following information included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments and participant notes receivable as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018;
- Net investment income and interest earned on participant notes receivable, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019;
- Investment information included in the Notes to Financial Statements;
- All investment information included in Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - as of December 31, 2019.

The Plan's independent auditors did not perform any auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

NAC Group 401(K) Profit Sharing Plan

Notes to Financial Statements

5. Related Party and Parties-in-Interest Transactions

Certain Plan investments are managed by Talcott, the issuer of the Plan's investments. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan. Certain direct fees are paid to MassMutual, the recordkeeper, from the Plan. Certain indirect fees for investment advisory and recordkeeping fees are paid to Morgan Global Retirement Partners (investment advisor), and Creative Retirement Solutions (third-party administrator), respectively, and are included in the net appreciation (depreciation) of investments. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. Concentrations, Risks and Uncertainties

The Plan provides for various investment options in pooled separate accounts and a fixed-rate group annuity contract. Investments securities are exposed to various risks such as interest rate, credit, and overall market volatility risk. Additionally, the value, liquidity and related income of the investments are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investments and the level of uncertainty related to the changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. See Note 10, *Subsequent Events*, for further discussion.

As of December 31, 2019 and 2018 there were two investments held which individually accounted for more than 10 percent of net assets available for benefits. See the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2019.

7. Income Tax Status

Effective December 15, 2014, the Plan adopted a Volume Submitter Profit Sharing Plan with CODA ("Volume Submitter"). The Volume Submitter received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014 indicating that the form of the Volume Submitter was designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan, as amended and restated, is designed and currently being operated in compliance with the applicable provisions of the IRC and the Plan and related trust continue to be tax-exempt; therefore, no provision for income taxes have been included in the accompanying financial statement.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Excess Contribution Refundable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions of \$47,307 to participants prior to March 15, 2020.

10. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements, other than those events noted below.

The COVID-19 outbreak was declared a worldwide pandemic on March 11, 2020 by the World Health Organization (“WHO”). The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. However, because the values of the Plan’s individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan’s liquidity cannot be reasonably estimated at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) was passed into law. The CARES Act expands the ability of certain 401(k) plan participants to withdraw, penalty free, funds from their vested retirement plan accounts, increases the participant loan limit, and delays loan repayments for up to one year, subject to the certain participant eligibility criteria. The Plan elected not to adopt the voluntary provisions of the CARES Act.

Effective July 7, 2020, the Plan was amended and restated to: (1) reflect the name change of the Company from Noyes Air Conditioning, Inc. to NAC Mechanical Services, LLC and (2) change the name of the Plan from NAC Group 401(k) Profit Sharing Plan to NAC Mechanical Services 401(k) Plan.
