Notes to Financial Statements

December 31, 2019 and 2018

Note 1: Description of the Plan

The following description of the Gaumer Co Inc 401(k) Profit Sharing Plan and Trust (Plan) provided only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined-contribution plan sponsored by Gaumer Co Inc (Company) that provides retirement savings benefits to eligible employees of the Company through pre-tax voluntary contributions by employees and discretionary contributions by the Company. The Plan, which commenced effective January 1, 2002, is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Mid Atlantic Trust company is the directed trustee of the Plan while Paychex Retirement Services serves as the recordkeeper of the Plan.

Contributions

The Plan covers all employees except union employees, non-resident aliens, and employees who become employees as a result of a Code Section 401(b)(6)(c) transaction. Covered employees who have attained the age of 21 and completed three months of service are eligible to participate in the Plan. Eligible employees may enter the Plan on the date eligibility requirements are met. Participants may elect to contribute up to 96 percent of their annual eligible compensation defined by the Plan. Participants may contribute on a pre-tax and/or after-tax Roth basis. The Company makes matching contributions of 50 percent of the participant's contributions not to exceed 10 percent of the participant's annual eligible compensation. The Company may also make discretionary profit sharing contributions for employees who complete one year of service and are employed as of the last day of the Plan year. No discretionary profit sharing contributions were made during the years ended December 31, 2019 and 2018. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their contributions plus earnings thereon. Vesting in the Company's discretionary matching and profit sharing contribution portions of their accounts plus actual earnings thereon is based on continuous service. A participant is fully vested after five years of continuous service. The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce Company contributions.

Gaumer Co Inc 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2019 and 2018

Payment of Benefits

Upon termination of service, a participant who has a vested interest in their account which is less than or equal to \$5,000 shall receive a payout equal to the vested interest of their account.

Participants who have a vested interest in their account which exceeds \$5,000 may elect to leave their account balance in the Plan or receive a single or partial lump sum payment or installment payments up to the vested interest of their account.

Under the terms of the Plan, participants who attain retirement age or become totally disabled prior to their retirement date will receive all amounts credited to their accounts. Upon the death of the participant while actively employed, the distribution is made in accordance with the participant's previous direction. All participants will receive their account balance in either lump sum or in installments equal to the value of their account.

Forfeited Accounts

Forfeitures consist of the non-vested portion of terminated participant account balances and may be used to reduce any administrative expenses and then reduce any future employer contributions. At December 31, 2019 and 2018, forfeited, non-vested accounts balance totaled \$4,021 and \$9,325, respectively. During 2019 and 2018, forfeitures of \$7,584 and \$5,816, respectively, were allocated among active participants based upon compensation.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of the participant's vested account balance, whichever is less. All loans are covered by promissory notes and are secured by the balance in the participant's account and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence). Interest on loans is based on local prevailing rates determined by the Plan Administrator.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Gaumer Co Inc 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2019 and 2018

Valuation of Investments and Income Recognition

The Plan's interest in mutual funds is valued at the net asset value (NAV) market share quote of shares held by the Plan on the close of business at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

The Plan operates under a prototype plan document sponsored by Paychex Inc. This Plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses are paid by the Plan or Company, at the Company's discretion.

Note 3: Certification by Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2019 and 2018.
- Investment income as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2019 and 2018.
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2019.

Gaumer Co Inc 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2019 and 2018

The Plan's independent auditors did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan paid \$1,348 and \$3,549 of administrative and management fees to the recordkeeper and custodian during 2019 and 2018, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5: Disclosure About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. Level 1 investments include mutual funds. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such investments are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. The Plan has no Level 2 or Level 3 investments.

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2019 and 2018:

Notes to Financial Statements December 31, 2019 and 2018

Note 1: Description of the Plan

The following description of the Gaumer Co Inc 401(k) Profit Sharing Plan and Trust (Plan) provided only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined-contribution plan sponsored by Gaumer Co Inc (Company) that provides retirement savings benefits to eligible employees of the Company through pre-tax voluntary contributions by employees and discretionary contributions by the Company. The Plan, which commenced effective January 1, 2002, is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Mid Atlantic Trust company is the directed trustee of the Plan while Paychex Retirement Services serves as the recordkeeper of the Plan.

Contributions

The Plan covers all employees except union employees, non-resident aliens, and employees who become employees as a result of a Code Section 401(b)(6)(c) transaction. Covered employees who have attained the age of 21 and completed three months of service are eligible to participate in the Plan. Eligible employees may enter the Plan on the date eligibility requirements are met. Participants may elect to contribute up to 96 percent of their annual eligible compensation defined by the Plan. Participants may contribute on a pre-tax and/or after-tax Roth basis. The Company makes matching contributions of 50 percent of the participant's contributions not to exceed 10 percent of the participant's annual eligible compensation. The Company may also make discretionary profit sharing contributions for employees who complete one year of service and are employed as of the last day of the Plan year. No discretionary profit sharing contributions were made during the years ended December 31, 2019 and 2018. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their contributions plus earnings thereon. Vesting in the Company's discretionary matching and profit sharing contribution portions of their accounts plus actual earnings thereon is based on continuous service. A participant is fully vested after five years of continuous service. The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce Company contributions.

Gaumer Co Inc 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2019 and 2018

Payment of Benefits

Upon termination of service, a participant who has a vested interest in their account which is less than or equal to \$5,000 shall receive a payout equal to the vested interest of their account.

Participants who have a vested interest in their account which exceeds \$5,000 may elect to leave their account balance in the Plan or receive a single or partial lump sum payment or installment payments up to the vested interest of their account.

Under the terms of the Plan, participants who attain retirement age or become totally disabled prior to their retirement date will receive all amounts credited to their accounts. Upon the death of the participant while actively employed, the distribution is made in accordance with the participant's previous direction. All participants will receive their account balance in either lump sum or in installments equal to the value of their account.

Forfeited Accounts

Forfeitures consist of the non-vested portion of terminated participant account balances and may be used to reduce any administrative expenses and then reduce any future employer contributions. At December 31, 2019 and 2018, forfeited, non-vested accounts balance totaled \$4,021 and \$9,325, respectively. During 2019 and 2018, forfeitures of \$7,584 and \$5,816, respectively, were allocated among active participants based upon compensation.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of the participant's vested account balance, whichever is less. All loans are covered by promissory notes and are secured by the balance in the participant's account and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence). Interest on loans is based on local prevailing rates determined by the Plan Administrator.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Gaumer Co Inc 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2019 and 2018

Valuation of Investments and Income Recognition

The Plan's interest in mutual funds is valued at the net asset value (NAV) market share quote of shares held by the Plan on the close of business at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

The Plan operates under a prototype plan document sponsored by Paychex Inc. This Plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses are paid by the Plan or Company, at the Company's discretion.

Note 3: Certification by Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan paid \$1,348 and \$3,549 of administrative and management fees to the recordkeeper and custodian during 2019 and 2018, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5: Disclosure About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.
