MORAN & COMPANY 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

Note 1: Description of the Plan

The following description of the Moran & Company 401(k) Plan (the "Plan") provides only general information. For a more complete description of the Plan's provisions refer to the agreement governing the Plan (the "Plan Agreement").

General

The Plan was established in 1999 to provide pension and profit-sharing benefits to all qualifying employees of Moran & Company. The Plan is subject to the provisions of the Employee Retirement Income Security of 1974 as amended. Participation in the Plan is entirely voluntary. An eligible employee is any person who is at least age 21 and employed by Moran & Company. The participant becomes eligible to participate in the Plan after the Employee completes one year of service. The Plan's Retirement Committee and Plan administrator control and manage the operation and administration of the Plan. The Plan's Retirement Committee has all powers necessary to carry out the provisions of the Plan and to satisfy the requirements of any applicable law. Correll Co. is the third-party administrator and record keeper of the Plan.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan (limited to annual maximums as determined by the Internal Revenue Code). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution Plans.

Employer safe-harbor contributions may be made to match 100% of participant elective contributions up to 5% of compensation. The employer contribution is 100% vested at the time of the contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on investment earnings or account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Being a safe-harbor Plan, participants are immediately vested in all contributions plus actual earnings thereon.

Investment Options

A participant may direct contributions to their account to any of the available investment options. Income is allocated to participant accounts daily based upon the change in fair value of the individual mutual funds.

Note 1: Description of the Plan (Cont'd)

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lessor of $50,000 or 50 percent of their account balance. The minimum loan amount is $1,000. Loan terms range from 1-5 years. This time frame can be extended for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the prime rate plus one percentage point. Principal and interest are paid ratably through payroll deductions and are recorded by the Plan when deposited. Interest earned is allocated to the separate accounts of those participants.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's interest in his or her account or annual installments. For termination of service due to other reasons, a participant may receive the value of the interest in his or her account as a lump-sum distribution.

Benefits are recorded when paid. At December 31, 2019 and 2018, there are no participants who have requested payments who remain unpaid.

Forfeited Amounts

Being a safe-harbor Plan, a participant is 100% fully and immediately vested in his or her entire balance under the Plan therefore, at December 31, 2019 and 2018, there were no forfeited non-vested amounts.

Termination

The company has reserved the right to terminate the Plan, reduce or cease contributions at the discretion of the Board of Directors, or to amend the Plan at any time and in any respect. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

Note 2: Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Investment contracts held by a defined contribution Plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair values. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Therefore, at December 31, 2019 and 2018, the Statement of Net Assets Available for Benefits presents fully benefit-responsive investment contracts at contract value and all other investments at fair value.

Note 2: Significant Accounting Policies (Cont'd)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Administrative Costs

The Plan incurs fees from outside providers for investment advisory services and administrative services including recordkeeping, legal and accounting fees. The amount of such fees fluctuates each year based on a variety of factors. Expenses incurred at the Plan level (general admin expenses or investment service fees) will be allocated to each similarly-situated Participant's account in the Plan in the proportion that the value of each account bears to the aggregate value of such accounts for all similarly-situated Participants. Expenses incurred at the Participant level, as well as the audit fee, will be absorbed by the employer.

Tax Status

The IRS has determined and informed the Plan sponsor in a 2001 letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 8, 2020, the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred significant declines in fair value since December 31, 2019. The impact of COVID-19 continues to evolve rapidly and the Company is not able at this time to estimate its full impact on the Plan's financial statements.

Note 3: Investments Certified by the Trustee (Unaudited)

At December 31, 2019 and 2018, the Plan assets were primarily held by a trustee, Matrix Trust Company. The following is a summary of the Plan's investment information that is included in the financial statements and supplemental schedules based upon information prepared and certified by the trustee and furnished to Plan management. Plan management has obtained certificates as to the completeness and accuracy in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974.

	12/31/19	12/31/18
Investments:		
Mutual Funds	$19,260,244	$15,012,344
Fully Benefit-Responsive Contract	2,372,546	2,291,384
Investment Income (Loss):		
Net Appreciation in Fair Value	3,342,481	(1,932,237)
Dividends	$680,951	$800,580

Note 4: Fair Value Measurements

The Plan has determined and reported, in the accompanying financial statements of net assets available for benefits, the fair value of certain assets through the application of ASC 820. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value are classified and disclosed in one of the following three categories:

Level 1: Unadjusted quoted prices traded in active exchange or broker markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2: Quoted prices traded in less active dealer or broker markets. Valuations are obtained from third-party pricing services for identical or similar assets or liabilities.

Level 3: Valuations that are derived from other valuation methodologies including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets.

Note 4: Fair Value Measurements (Cont'd)

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 and 2 inputs are not available. There are no Plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Fair values of assets measured on a recurring basis at year end by level within the fair value hierarchy are as follows:

	12/31/2019		12/31/2018	
	Fair Value	Level 1	Fair Value	Level 1
Mutual Funds	$19,260,244	$19,260,244	$15,012,344	$15,012,344
Total Investments at Fair Value	$19,260,244	$19,260,244	$15,012,344	$15,012,344

Note 5: Notes Receivable from Participants

Participant loans are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

The participant loan activity at year end is as follows:

	12/31/19	12/31/18
Beginning Balance of Loans	$56,575	$66,190
Current Year Borrowings	100,000	47,389
Current Year Repayments	(33,600)	(57,004)
Ending Balance of Loans	$122,974	$56,575

Note 6: Segregation of Change in Net Assets Available for Benefits

The change in net assets available for benefits at year end is segregated as follows:

Mutual Funds	$4,247,898	($1,713,178)
Wilmington Trust/Metlife Annuity Contract	81,163	603,902
Contributions Receivable	28,030	0
Participant Loans	66,400	(9,614)
Change in Net Assets Available for Benefits	$4,423,491	($1,118,890)

Note 7: Guaranteed Investment Contract with Insurance Company

In 2011, the Plan entered into a fully benefit-responsive guaranteed investment contract with Wilmington Trust, N.A (trustee). The trustee maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. MetLife, the guaranteed investment contract issuer, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Wilmington Trust Collective Investment Trust III for MetLife Group Annuity Contract No. 25444 invests in an insurance company group annuity contract with a guaranteed interest rate adjusted quarterly. The average yield earned by the Contract for year end is as follows:

12/31/19	12/31/18
2.40%	2.70%

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The contract value of the investment contract at year end is as follows:

12/31/19	12/31/18
$2,372,546	$2,291,384

Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is determined quarterly by MetLife but may not be less than zero.

Certain events limit the Plan's ability to transact at contract value with the trustee. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan Participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation, (d) a material amendment to the agreements without the consent of the issuer.

Note 8: Party in Interest

Members of the Plan's governing committee are participants in the Plan. The Plan's third-party administrator, Correll Co., received the following for valuation and record keeping:

	12/31/19	12/31/18
Correll Co.	$22,288	$21,961

Note 9: Risks and Uncertainties

The Plan invests in various investment securities with concentrations of significant investments in funds offered by Vanguard, T. Rowe Price, and Wilmington Trust which are not federally insured. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
