NOTE A - GENERAL DESCRIPTION OF THE PLAN

Plan Summary

All Aboard America! Holdings, Inc. 401(K) Plan (the "Plan"), (formerly Industrial Bus Lines 401(k) Profit Sharing Plan) is a defined contribution plan for the benefit of the employees of All Aboard America Holdings, Inc. ("the Company"). All employees who have been credited with one year of service and have attained the age of 21 are eligible to participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following is a brief general description of the Plan. For more detailed plan information, see the plan document.

Contributions

Participants may contribute a specific percentage or dollar amount to the Plan as a salary deferral. There are two types of salary deferrals. Pre-Tax 401(k) deferrals and After-Tax Roth 401(k) deferrals as defined in the Plan, were limited to $19,000 for 2019. Participants aged 50 or older may elect to defer additional amounts (called “catch-up contributions”), up to $6,000 for 2019, to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan allows for the Company to make discretionary matching contributions to the Plan, as well as other discretionary contributions. For 2019, the Company’s discretionary matching contribution was 100% of the participant’s contributions limited to 4% of the participants’ wages. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the contributions and an allocation of the Company’s contributions, if any, and Plan earnings, and charged with an allocation of administrative expenses. The plan sponsor, All Aboard America Holdings, Inc. absorbs all other costs of the plan. Allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants have a 100% vested interest at all times in their elective deferrals, contributions, rollovers, and employer safe harbor contributions plus actual earnings thereon. Participant are 50% vested in the Company’s regular matching contributions plus actual earnings thereon after one year of service and 100% vested after two years of service. Notwithstanding the preceding description of vesting, the participant or their designated beneficiary is 100% vested in the participant’s entire account balance upon retirement at normal retirement age, disability as

defined by the Plan or death of the participant.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Corrective Distributions

Excess contributions payable to participants are recorded for contributions in excess of amounts allowed by the IRS. The Plan is required to return contributions received in excess of IRC limits. There were no corrective distributions payable to participants at December 31, 2019 and 2018, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See note I for discussion of fair value investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded

on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in the net appreciation in fair value of investments. Administrative expenses of the plan are allocated to participant accounts.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (GAAP) requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reported period. Actual results could differ from these estimates.

NOTE C – NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The notes are secured by the balance in the participant's account and bear interest rates equal to 1 percentage point above the prime rate. Interest rates range between 4.25% and 6.5% with maturities at various dates through 2024. Principal and interest are paid ratably through payroll deductions.

NOTE D – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE E – TAX STATUS

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications.

The Plan obtained its latest determination letter dated March 31, 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Company and Plan management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan administrators believe the Plan is no longer subject to income tax examinations for years prior to 2015.

NOTE F – INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator requested that no auditing procedures be performed on investment information and related activity. Great-West Trust Company, LLC, the trustee, has certified that the investment assets, investment transactions and investment income included in the accompanying financial statements, notes to financial statements and supplemental schedule are complete and accurate as of December 31, 2019 and 2018 and for the year ended December 31, 2019.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – RELATED PARTY TRANSACTIONS

The Plan held investments managed by Great West Life & Annuity Insurance Company. Great West is the current trustee and recordkeeper. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. Fees paid by the Plan were $58,430 for the year ended December 31, 2019. The Plan incurred audit fees in the amounts of $10,500 for the year ended December 31, 2019. The audit fees were paid by All Aboard America Holdings, Inc. the Plan's sponsor.

NOTE I – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices for identical or similar assets or liabilities in active or inactive markets, observable inputs other than quoted prices or inputs derived from or corroborated by observable market data by correlation or other means and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There were no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

The following is a description of the valuation methodologies used for assets measured at fair value.

Level 1 Fair Value Measurements

The fair values of the mutual funds are based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the

U.S. Securities and Exchange Commission. The mutual funds held by the Plan are considered to be actively traded.

NOTE I – FAIR VALUE MEASUREMENTS - Continued

Collective Investments Trust Funds

The collective investment trust funds are measured at net asset value (NAV) as the practical expedient to estimate fair value. NAV as provided by the fund's management is based on the fair value of the underlying investments held by the fund less its liabilities. Participants may make daily fund transactions. While the Fund's Trustee will attempt to maintain sufficient liquidity to meet all withdrawal requests, it is possible that such requests will exceed the Fund's available liquidity requiring the Fund's Trustee to defer honoring the withdrawal request. Exchanges of the collective investment trust fund held by the Plan at December 31, 2019 into directly competing investments, as defined, are not permitted. Exchanges must be directed into a non-competing investment for a period of 90 days before being moved to a competing investment. There are no unfunded commitments as of December 31, 2019 for the collective trust fund.

NOTE L – SUBSEQUENT EVENT – CORONAVIRUS PANDEMIC

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic has caused significant economic uncertainty and volatility in financial markets and has affected and may continue to affect the value of the Plan's investments and the participants' accounts. The potential economic impact caused by COVID-19 and the duration of it is difficult to assess and will depend on future developments that are highly uncertain and cannot be predicted.

NOTE M – DATE TO WHICH SUBSEQUENT EVENTS EVALUATED

Subsequent events were evaluated through October 7, 2020, which is the date the financial statements were available to be issued.
