Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Crescent Metal Products, Inc. Hourly Paid Employees Pension Plan (the “Plan”), which comprise the statement of net assets available for benefits as of December 30, 2019 and 2018, and the related statement of changes in net assets available for benefits for the years ended December 30, 2019 and 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Matrix Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 30, 2019 and 2018, and for the years ended December 30, 2019 and 2018, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

NOTES TO FINANCIAL STATEMENTS

Crescent Metal Products, Inc. Hourly Paid Employees Pension Plan

1 Description of Plan

The following description of the Crescent Metal Products, Inc. Hourly Paid Employees Pension Plan (“Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which was established February 1, 1974, is a defined benefit pension plan covering the Bargaining Unit Employees of Crescent Metal Products, Inc. (“Company”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

In 2012, the Plan was amended to temporarily limit entrance into the Plan to those employees who were active participants to freeze benefit accruals.

Effective December 31, 2019 the Plan document was restated to incorporate previous amendments and to conform with the Pension Protection Act of 2006 (PPA).

Eligibility:

All employees represented under the collective bargaining agreement will be included in the Plan as participants on the first day of the month after completion of one year of service (1,000 hours of service). Effective February 29, 2012, any employee who was not an active participant as of that date are not eligible to participate in the Plan.

Funding Policy:

The Plan is funded by employer contributions from the Company. The Plan does not provide for employee contributions.

The Plan uses the full funding method for funding vested benefits. The unfunded liability is being amortized over 30 years for Minimum Funding Standard Account purposes. The Plan meets the minimum funding requirements of ERISA.

Vesting:

Participants become 100% vested with five or more years of service. In addition, participants may become 100% vested once the requirements for early retirement are met.

Normal Retirement:

The normal retirement date is the first day of the month coincident with or next following the later of the day the participant attains age 65 or the fifth anniversary of the date the participant commenced participation in the Plan.

The normal retirement benefits are computed by multiplying the years of credited service by an amount determined as of retirement date in accordance with the following schedule. Effective April 8, 2012, service credits were frozen and, as a result, no credit may be earned past that date.

2/1/2010 - 1/31/2011	\$26.50
After 1/31/2011	\$27.00

Early Retirement:

Early retirement is permitted at age 60 for employees with ten or more years of service, including two years of participation. The pension benefit due at early retirement is computed in the same way as for normal retirement but is reduced to reflect early commencement.

Late Retirement:

A participant may elect to continue employment after their normal retirement date; however, benefit payments must begin no later than April 1 following the calendar year in which the participant reaches age 70 ½. The pension benefit paid at late retirement is the greater of the benefit calculated as of the late retirement date, or the benefit calculated as of the normal retirement date, actuarially increased.

NOTES TO FINANCIAL STATEMENTS

Crescent Metal Products, Inc. Hourly Paid Employees Pension Plan

1 Description of Plan, Continued

Disability Benefits:

The minimum age for a participant is 50 and five years of service.

Disability benefits are available from the disability retirement date for as long as the individual is disabled, until the normal retirement date. The disability retirement date is defined as the first day of the month that is six months after the disability date. Benefits are computed as of the date the participant becomes disabled.

Death Benefits:

The surviving spouse will receive a benefit upon the death of a partially or fully vested participant. The benefit is calculated as follows:

For a participant who had qualified for early retirement before death (ten years of service, two years of participation), the spouse will receive a 50% contingent annuitant benefit.

For a participant who had not qualified for early retirement at the date of death, the benefit is calculated as if the participant terminated employment on the day preceding death, survived to the earliest possible retirement date, elected the 50% contingent annuitant option and died on the day following the earliest retirement date.

Payment of Benefits:

Employees may elect to receive their pension benefits in the form of a contingent annuitant option, a life annuity where monthly benefit payments are for life, except if the individual dies before receiving 60, 120 or 180 payments, the beneficiary will receive the remaining payments. Benefits are recorded when paid.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Recent Accounting Pronouncements:

August 2018, the FASB issued Accounting Standards Update No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement ("ASU 2018-13"). The new standard removes or modifies certain existing disclosure requirements and adds additional disclosure requirements related to fair value measurement. The Plan elected to early adopt ASU 2018-13 for the year ended December 31, 2019. The effect of the adoption is an overall reduction in the disclosures related to fair value measurement.

NOTES TO FINANCIAL STATEMENTS

Crescent Metal Products, Inc. Hourly Paid Employees Pension Plan

2 Summary of Significant Accounting Policies, Continued

Valuation of Investments:

Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash Equivalents:

The Plan considers all highly liquid investments with a maturity of three months or less to be cash equivalents.

Plan Termination:

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, to vested participants based upon an actuarial calculation.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees.

Risks and Uncertainties:

The Plan invests in various investment securities, as described in Note 4. These investments are exposed to varying degrees of risk, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

NOTES TO FINANCIAL STATEMENTS

Crescent Metal Products, Inc. Hourly Paid Employees Pension Plan

2 Summary of Significant Accounting Policies, Continued

Risks and Uncertainties, Continued:

Plan contributions and the actuarial present value of accumulated Plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Actuarial Present Value of Accumulated Plan Benefits:

Accumulated Plan benefits represent future periodic payments for services employees have rendered. Accumulated Plan benefits include benefits expected to be paid to:

- a) Retired or terminated employees or their beneficiaries;
- b) Beneficiaries of employees who have died;
- c) Present employees or their beneficiaries

Benefits payable under all circumstances - retirement, death, disability and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by the actuary by applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

Administrative Fees:

Administrative fees are paid by the Plan.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 9, 2020, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

Crescent Metal Products, Inc. Hourly Paid Employees Pension Plan

3 Accumulated Plan Benefits

The significant actuarial assumptions used in the valuations were:

- a) Retirement age, 65 with five years of service
- b) Effective interest rate of 5.48% (2019) and 5.65% (2018)
- c) Post-retirement actuarial present value of retirement benefits are based on the sex-distinct RP 2000 combined tables, male and female rates as set forth by Revenue Ruling 96-7
- d) Mortality tables: Sex-distinct RP-2000 combined tables, updated to reflect longevity - Static RP-2000 C (2019) and Static RP-2000 C (2018)

The current liability interest rate changed from 3.92% to 3.74% (first segment), 5.52% to 5.35% (second segment), and 6.29% to 6.11% (third segment). The first segment rate is used for payments that occur in the first five years after valuation date, the second segment rate is used for payments occurring in the fifteen years after valuation date and the third rate is used for payments that occur twenty or more years after the valuation date.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, other assumptions and factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

The accumulated Plan benefit information is as follows:

	December 30	
	<u>2019</u>	<u>2018</u>
Actuarial Present Value of Accumulated Plan Benefits:		
Vested benefits	\$ 7,741,664	\$ 7,354,064

4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- * Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- * Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - * Quoted prices for similar assets or liabilities in active markets
 - * Quoted prices for identical or similar assets or liabilities in inactive markets
 - * Inputs other than quoted prices that are observable for the asset or liability
 - * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- * Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 30, 2019 and 2018.

4 Fair Value Measurements, Continued

Mutual Funds:

The fair value of the mutual funds is based on quoted market prices. These fall into the Level 1 category of the valuation hierarchy.

Common Stocks:

The fair value of common stocks is based on the value determined by public filings of the Company. These fall into the Level 2 category of the valuation hierarchy.

Money Market:

The stated dollar value of the account is based upon the fair value of the underlying assets held by the fund. The money market account is classified in the Level 1 category of the valuation hierarchy.

Annuity:

The fair value of the annuity is based off of a specific rate of return that is adjusted daily based on internal calculations of the insurance company as part of their general account. The annuity is classified in the Level 3 category of the valuation hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 30, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

4 Fair Value Measurements, Continued

For the years ended December 30, 2019 and 2018, there were no purchases or sales of assets using significant unobservable inputs (Level 3) and there were no significant transfers in or out of Level 3.

5 Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the Trustee:

	<u>2019</u>	<u>2018</u>
Investments, at fair value	\$ 5,592,962	\$ 4,972,397
Interest and dividend income	\$ 190,721	\$ 174,591
Net unrealized/realized appreciation (depreciation)	\$ 663,986	\$ (379,488)

6 Tax Status

On March 31, 2010, the Internal Revenue Service stated that the volume submitter plan adopted by the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has since been amended and restated; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 30, 2019, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

7 Party-in-Interest Transactions

Usual and customary fees were paid by the Plan for the investment management services. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party in interest transactions.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
