Communications with the Audit Committee of the Board of Directors

To the Audit Committee of the Board of Directors
American Outcomes Management, LP 401(k) Plan

We have completed a Department of Labor (DOL) limited scope audit of the financial statements and supplemental schedule of American Outcomes Management, LP 401(k) (the Plan) as of and for the year ended December 31, 2019. As permitted by 29 CFR 2520.103-8 of the *DOL's Rules and Regulations for Reporting and Disclosure* under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. However, our limited scope audit of the financial statements does not relieve you or management of your responsibilities. Professional standards require that we provide you with the following information related to our audit.

Matters required to be communicated include the following:

- Our responsibility under auditing standards generally accepted in the United States of America
- Other information in documents containing audited financial statements
- Planned scope and timing of the audit
- Significant audit findings
  - Qualitative aspects of accounting practices
  - Significant accounting estimates
  - Financial statement disclosures
  - Significant difficulties encountered in performing the audit
  - Corrected and uncorrected misstatements
  - Disagreements with management
  - Management representations
  - Management consultation with other independent accountants
  - Other significant audit findings or issues
  - Communication of internal control related matters

Our Responsibility under Auditing Standards Generally Accepted in the United States of America

As part of our audit, we considered the internal control of the Plan except that we did not, as part of the scope limitation discussed in the first paragraph, include a consideration of internal control relating to the information summarized in Note 4 to those financial statements. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

Our responsibility is to plan and perform the audit in accordance with auditing standards generally accepted in the United States of America and to design the audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we considered the Plan's internal control solely for the purposes of determining our audit procedures and not to provide assurance concerning such internal control.

We are also responsible for communicating significant matters related to the financial statement audit that, in our professional judgment, are relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

You should understand that our audit is not specifically designed for and should not be relied upon to disclose matters affecting plan qualifications or compliance with the ERISA and Internal Revenue Code requirements.

Other Information in Documents Containing Audited Financial Statements

The AICPA's Audit and Accounting Guide for Employee Benefit Plans requires that, before an auditor's report on the Plan's financial statements can be included with a filed Form 5500 (including any related schedules), the auditor must review the Form 5500 and consider whether there are any material inconsistencies between the other information in the form and the audited financial statements (including the related schedules) or any material misstatement of fact.

Our responsibility for other information in the Form 5500 does not extend beyond the financial information identified in our report. We do not have an obligation to perform any procedures to corroborate other information contained in the form, except as described above. However, we have read the information contained in the Form 5500 and nothing came to our attention that caused us to believe that such information or its manner of presentation is materially inconsistent with the information or manner of its presentation appearing in the financial statements.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in the engagement letter dated August 12, 2020.

Significant Audit Findings and Issues

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements.

No new accounting policies were adopted and there were no changes in the application of existing accounting policies during the year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Significant Accounting Estimates

Accounting estimates may be an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates may be particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

We did not note any significant accounting estimates in the financial statements. Significant accounting estimates are not commonly inherent in a defined contribution plan with investments that are readily marketable.

Financial Statement Disclosures

The disclosures in the financial statements are consistent, clear, and understandable. Certain financial statement disclosures may be particularly sensitive because of their significance to financial statement users.

We did not note any disclosures in the financial statements which we consider sensitive to potential users.

Significant Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all factual and judgmental misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

Corrected Misstatements – The following schedule summarizes misstatements detected as a result of our audit procedures and corrected by management.

	Effect - Debit (Credit)				
Description	Assets	Liabilities	Beginning Net Assets	Revenue	Expense
To reverse prior year contributions receivable	$ -	$ -	$ (9,913)	$ 9,913	$ -
To record current year contributions receivable	13,137	-	-	(13,137)	-
Total effect	$ 13,137	$ -	$ (9,913)	$ (3,224)	$ -

Uncorrected Misstatements – We did not note any uncorrected misstatements in the course of the engagement.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 13, 2020.

Management Consultation with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a *second opinion* on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Significant Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Communication of Internal Control Related Matters

Our responsibility under auditing standards with respect to internal control is described above. Had the scope of our audit not been limited as described on page 1, other matters might have come to our attention that would have been reported to you.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described above and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The comments below include references to the Plan sponsor and the Plan's management. The Plan sponsor is defined as the employer responsible for the establishment and maintenance of the Plan; Plan's management are the personnel at the employer who have fiduciary responsibility for the Plan.

Control Deficiencies

A control deficiency exists when the design or operations of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. We consider the following deficiency in the Plan's internal control to be a control deficiency:

Fiduciary Responsibility Controls Need to be Strengthened

During our audit, we noted management informally reviews the Plan's performance on a regular basis. However, management does not meet with the Plan's third-party service providers to review the Plan performance on an annual basis.

In order to fulfill your fiduciary responsibility, we recommend that management meet with the Plan's third-party service providers at least annually to review the Plan to ensure optimal performance. (investment performance, compliance with laws and regulations, etc.)

We also noted management does not formally review the third-party service provider's SOC I reports. In order to fulfill your fiduciary responsibility, we recommend that management review the SOC I reports annually to ensure optimal Plan performance.

This communication is intended solely for the information and use of Audit Committee of the Board of Directors, management, and others within the organization and is not intended to be and should not be used by anyone other than these specified parties.

We were pleased to serve and be associated with the Plan as the independent auditors for 2019. We provide the above information to assist you in performing your oversight responsibilities.

Report of Independent Auditors

To the Plan Administrator
American Outcomes Management, LP 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of American Outcomes Management, LP 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of Plan

The following description of the American Outcomes Management, LP 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of American Outcomes Management, LP (the Company or AOM) who have at least three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

In accordance with the Plan document, the Plan is administered by the Company. Reliance Trust Company (the Trustee) is the trustee of the Plan, and State Street Bank and Trust Company (SSBT) is the Plan custodian.

Eligibility

Employees of the Company are eligible to participate in the Plan upon reaching age 18 and after completing three months of service.

Contributions

Participants may make voluntary pre-tax contributions into the Plan, by means of a salary deferral agreement up to the lesser of 56% of their compensation, as defined by the Plan document, or the maximum amount allowed by the statutes.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% as a pre-tax elective deferral and their contributions invested in a designated fund until elected otherwise by the participant.

Employer matching contributions are allowed under the Plan equaling 10% of the participant contributions up to a maximum of 56% of the respective participant's compensation. Matching contributions are determined each payroll period.

Participant Accounts

Participants may elect to invest their contributions in any of the available investment funds offered by the Plan. Each participant's account is credited with the participant's contribution and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Description of Plan (continued)

Vesting
Participants are immediately vested in their rollover contributions, qualified nonelective contributions, regular contributions and any earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of service. Participants vest in the Company's contributions based on the following schedule:

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Administrative Expenses
Administrative expenses for the Plan are paid by AOM or the Plan at AOM's discretion.

Participant Notes Receivable
Participants are permitted by the Plan to borrow funds up to 50% of their vested account balance or $50,000, whichever is less. No notes are issued for less than $500. Note transactions are treated as a transfer between the investment fund and the loan fund. Note terms range from one to five years, unless such loans are used for the purchase of a primary residence of the participant. The notes are secured by the balance in the participant's account and bear interest at the prime rate as published in The Wall Street Journal on the 14th of each month, plus two percentage points. Principal and interest are paid ratably through payroll deductions. As of December 31, 2019, the interest rates on notes outstanding ranged from 5.25% to 7.50% with various maturities through January 2024.

Payment of Benefits
Generally, if a participant leaves the Company for any reason, the participant may elect to receive the benefit in a single lump sum payment, have payment paid as a direct rollover to an individual retirement account (IRA) or to another employer's tax qualified plan, elect to receive installments, or defer receiving payments until age 70½. If no election is made and the vested account balance is $1,000 or less, the benefits will be automatically distributed to the participant in a single payment. If the account balance is greater than $1,000 up to $5,000, the benefits will be automatically rolled over into an IRA established for the participant.

Investments
Participants direct the investment of the accounts from a group of approved mutual funds and collective trusts offered by the Plan.

Note 1 – Description of Plan (continued)

Forfeited Accounts
The Plan provides that nonvested portions of the Company's matching contributions be forfeited by terminated participants and used to pay administrative expenses of the Plan or reduce the employer's contributions made in subsequent periods. Forfeited amounts available to be offset against Plan administrative expenses or future employer contributions were $117 and $10 at December 31, 2019 and 2018, respectively. Forfeitures of $464 were used during 2019 for employer matching contributions.

Note 2 – Summary of Significant Accounting Policies

The summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements.

Basis of Accounting
The financial statements of the Plan are presented on the accrual basis in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Participant Notes Receivable
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition
The purchase and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Payment of Benefits
Benefit payments to participants are recorded upon distribution. At December 31, 2019 and 2018, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid.

Note 2 – Summary of Significant Accounting Policies (continued)

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The novel coronavirus (COVID-19) was declared a pandemic by the World Health Organization. COVID-19 has affected, and may continue to affect, economic activity globally, nationally, and locally. Economic and market conditions and other effects of the COVID-19 outbreak may continue to affect the Plan. The extent of the impact of the COVID-19 pandemic on the Plan's investments and the amounts reported in the 2019 statement of net assets available for benefits are highly uncertain and cannot be predicted at this time.

As a result of the outbreak, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law on March 27, 2020, which included both mandatory and optional provisions that impact retirement plans. The provisions adopted by the Plan include allowing participants to delay loan repayments on existing loans for a year and allowing qualified participants who are impacted from COVID-19 to take distributions up to $100,000 without penalty, regardless of age.

The Plan entered into two new service agreements with ADP Retirement Services effective subsequent to the date of the financial statements.

Effective January 1, 2020, the Plan entered the ADP Small Balance Rollover Program to facilitate distributions of terminated participants with balances less than $5,000. Under this program, ADP Retirement Services will automatically rollover eligible participant account balances to an IRA with Millennium Trust Company. This will not create any changes for participants, as this agreement only changes the responsibility to transfer the balances from the Plan sponsor to ADP Retirement Services.

Effective January 1, 2020, the Plan entered into an agreement with ADP Retirement Services to establish an ERISA Budget Account (EBA). With the establishment of this account, forfeitures from terminated participants will go into the EBA to be used to pay administrative expenses of the Plan. This will not impact participants.

The Plan has evaluated subsequent events through October 13, 2020, which is the date the financial statements were available to be issued.

Note 3 – Investments and Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered Investment Companies (Mutual Funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trusts – Units held in collective trusts (CT) are valued using the NAV practical expedient of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding.

	Fair Value		Redemption	Redemption	Redemption
	2019	2018	Frequency	Notice	Restrictions
Collective Trusts	$ 1,079,283	$ 1,014,880	Daily	None	None

Note 3 – Investments and Fair Value Measurements (continued)

The methods described previously may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2019 and 2018.

	December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 7,772,687	$ -	$ -	$ 7,772,687
Total assets in the fair value hierarchy	$ 7,772,687	$ -	$ -	7,772,687
Investments measured at NAV (practical expedient)				1,079,283
Investments, at fair value				$ 8,851,970

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 5,497,415	$ -	$ -	$ 5,497,415
Total assets in the fair value hierarchy	$ 5,497,415	$ -	$ -	5,497,415
Investments measured at NAV (practical expedient)				1,014,880
Investments, at fair value				$ 6,512,295

Note 4 – Information Provided or Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of the following:

- Investments and participant notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.

- Net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.

- Investments reflected on the schedule of assets (held at end of year).

Note 5 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 6 – Income Tax Status

The Company adopted a prototype plan document that was approved by the Internal Revenue Service (IRS) on July 8, 2014 in an opinion letter in which the IRS stated the form of the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has not applied for an individual determination letter from the IRS. The prototype plan has been amended since the opinion letter approval, however, the Company believes that the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to Form 5500:

	December 31,	
	2019	2018
Net assets available for benefits per the financial statements	$ 8,949,964	$ 6,654,801
Less employee contributions receivable	(11,943)	(9,012)
Less employer contributions receivable	(1,194)	(901)
Net assets available for benefits per Form 5500	$ 8,936,827	$ 6,644,888

The following is a reconciliation of change in net assets available for benefits per the financial statements for the year ended December 31, 2019 to form 5500:

Change in net assets available for benefits per the financial statements	$ 2,295,163
Add employee contributions receivable, at December 31, 2018	9,012

Note 8 – Risks and Uncertainties

The participants direct the Plan assets into various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Party-In-Interest Transactions

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain Plan investments are managed by SSBT and therefore, transactions with this entity qualify as exempt party-in-interest transactions.

To the Plan Administrator
American Outcomes Management, LP 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of American Outcomes Management, LP 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of Plan

The following description of the American Outcomes Management, LP 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of American Outcomes Management, LP (the Company or AOM) who have at least three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

In accordance with the Plan document, the Plan is administered by the Company. Reliance Trust Company (the Trustee) is the trustee of the Plan, and State Street Bank and Trust Company (SSBT) is the Plan custodian.

Eligibility

Employees of the Company are eligible to participate in the Plan upon reaching age 18 and after completing three months of service.

Contributions

Participants may make voluntary pre-tax contributions into the Plan, by means of a salary deferral agreement up to the lesser of 56% of their compensation, as defined by the Plan document, or the maximum amount allowed by the statutes.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% as a pre-tax elective deferral and their contributions invested in a designated fund until elected otherwise by the participant.

Employer matching contributions are allowed under the Plan equaling 10% of the participant contributions up to a maximum of 56% of the respective participant's compensation. Matching contributions are determined each payroll period.

Participant Accounts

Participants may elect to invest their contributions in any of the available investment funds offered by the Plan. Each participant's account is credited with the participant's contribution and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Description of Plan (continued)

Vesting
Participants are immediately vested in their rollover contributions, qualified nonelective contributions, regular contributions and any earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of service. Participants vest in the Company's contributions based on the following schedule:

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Administrative Expenses
Administrative expenses for the Plan are paid by AOM or the Plan at AOM's discretion.

Participant Notes Receivable
Participants are permitted by the Plan to borrow funds up to 50% of their vested account balance or $50,000, whichever is less. No notes are issued for less than $500. Note transactions are treated as a transfer between the investment fund and the loan fund. Note terms range from one to five years, unless such loans are used for the purchase of a primary residence of the participant. The notes are secured by the balance in the participant's account and bear interest at the prime rate as published in The Wall Street Journal on the 14th of each month, plus two percentage points. Principal and interest are paid ratably through payroll deductions. As of December 31, 2019, the interest rates on notes outstanding ranged from 5.25% to 7.50% with various maturities through January 2024.

Payment of Benefits
Generally, if a participant leaves the Company for any reason, the participant may elect to receive the benefit in a single lump sum payment, have payment paid as a direct rollover to an individual retirement account (IRA) or to another employer's tax qualified plan, elect to receive installments, or defer receiving payments until age 70½. If no election is made and the vested account balance is $1,000 or less, the benefits will be automatically distributed to the participant in a single payment. If the account balance is greater than $1,000 up to $5,000, the benefits will be automatically rolled over into an IRA established for the participant.

Investments
Participants direct the investment of the accounts from a group of approved mutual funds and collective trusts offered by the Plan.

Note 1 – Description of Plan (continued)

Forfeited Accounts
The Plan provides that nonvested portions of the Company's matching contributions be forfeited by terminated participants and used to pay administrative expenses of the Plan or reduce the employer's contributions made in subsequent periods. Forfeited amounts available to be offset against Plan administrative expenses or future employer contributions were $117 and $10 at December 31, 2019 and 2018, respectively. Forfeitures of $464 were used during 2019 for employer matching contributions.

Note 2 – Summary of Significant Accounting Policies

The summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements.

Basis of Accounting
The financial statements of the Plan are presented on the accrual basis in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Participant Notes Receivable
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition
The purchase and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Payment of Benefits
Benefit payments to participants are recorded upon distribution. At December 31, 2019 and 2018, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid.

Note 2 – Summary of Significant Accounting Policies (continued)

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The novel coronavirus (COVID-19) was declared a pandemic by the World Health Organization. COVID-19 has affected, and may continue to affect, economic activity globally, nationally, and locally. Economic and market conditions and other effects of the COVID-19 outbreak may continue to affect the Plan. The extent of the impact of the COVID-19 pandemic on the Plan's investments and the amounts reported in the 2019 statement of net assets available for benefits are highly uncertain and cannot be predicted at this time.

As a result of the outbreak, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law on March 27, 2020, which included both mandatory and optional provisions that impact retirement plans. The provisions adopted by the Plan include allowing participants to delay loan repayments on existing loans for a year and allowing qualified participants who are impacted from COVID-19 to take distributions up to $100,000 without penalty, regardless of age.

The Plan entered into two new service agreements with ADP Retirement Services effective subsequent to the date of the financial statements.

Effective January 1, 2020, the Plan entered the ADP Small Balance Rollover Program to facilitate distributions of terminated participants with balances less than $5,000. Under this program, ADP Retirement Services will automatically rollover eligible participant account balances to an IRA with Millennium Trust Company. This will not create any changes for participants, as this agreement only changes the responsibility to transfer the balances from the Plan sponsor to ADP Retirement Services.

Effective January 1, 2020, the Plan entered into an agreement with ADP Retirement Services to establish an ERISA Budget Account (EBA). With the establishment of this account, forfeitures from terminated participants will go into the EBA to be used to pay administrative expenses of the Plan. This will not impact participants.

The Plan has evaluated subsequent events through October 13, 2020, which is the date the financial statements were available to be issued.

Note 3 – Investments and Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered Investment Companies (Mutual Funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trusts – Units held in collective trusts (CT) are valued using the NAV practical expedient of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding.

	Fair Value		Redemption	Redemption	Redemption
	2019	2018	Frequency	Notice	Restrictions
Collective Trusts	$ 1,079,283	$ 1,014,880	Daily	None	None

Note 3 – Investments and Fair Value Measurements (continued)

The methods described previously may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2019 and 2018.

	December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**

Investments measured at NAV (practical expedient)				1,014,880
Investments, at fair value				$ 6,512,295

Note 4 – Information Provided or Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of the following:

- Investments and participant notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.

- Net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.

- Investments reflected on the schedule of assets (held at end of year).

Note 5 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 6 – Income Tax Status

The Company adopted a prototype plan document that was approved by the Internal Revenue Service (IRS) on July 8, 2014 in an opinion letter in which the IRS stated the form of the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has not applied for an individual determination letter from the IRS. The prototype plan has been amended since the opinion letter approval, however, the Company believes that the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to Form 5500:

	December 31,	
	2019	2018
Net assets available for benefits per the financial statements	$ 8,949,964	$ 6,654,801
Less employee contributions receivable	(11,943)	(9,012)
Less employer contributions receivable	(1,194)	(901)
Net assets available for benefits per Form 5500	$ 8,936,827	$ 6,644,888

The following is a reconciliation of change in net assets available for benefits per the financial statements for the year ended December 31, 2019 to form 5500:

Change in net assets available for benefits per the financial statements	$ 2,295,163
Add employee contributions receivable, at December 31, 2018	9,012
Add employer contributions receivable, at December 31, 2018	901
Less employee contributions receivable, at December 31, 2019	(11,943)
Less employer contributions receivable, at December 31, 2019	(1,194)
Change in net assets available for benefits per Form 5500	$ 2,291,939

Note 8 – Risks and Uncertainties

The participants direct the Plan assets into various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Party-In-Interest Transactions

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain Plan investments are managed by SSBT and therefore, transactions with this entity qualify as exempt party-in-interest transactions.
