NOTE 1 - DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees of Innovation Associates, Inc. and Innovation Associates Professional Placement, Inc., the two participating employers in the Plan, are eligible to participate upon the first day of the month following the date of hire. Due to a change in Innovation's ownership during 2019, Innovation Associates Professional Placement, Inc. ceased participating in the Plan effective December 16, 2019.

Contributions – Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, but are limited to the annual threshold set by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also transfer in monies representing balances from other qualified pension plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers its participants various mutual and trust funds as investment options. The Plan has an annual discretionary employer match by its participating employers.

Participant Accounts - Each participant's account is credited with the participant's contribution, loans and loan repayments, allocation of the Plan earnings (losses), and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus earnings, net of losses, thereon. The Plan has implemented an annual discretionary employer match which becomes vested after one year of service.

Payment of Benefits - On termination of service, a participant may elect to receive either a lump-sum distribution, equal to the participant's account, or defer payments until the date of their required minimum distribution.

Notes Receivable from Participants - Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 7.50%, which are commensurate with local prevailing rates. Principal and interest are paid ratably through regular payroll deductions.

Forfeited Accounts – Forfeited non-vested accounts are used to restore participant forfeitures, offset Plan expenses, and reduce future employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits - Benefits are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the loan balance is reduced, and a benefit payment is recorded.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Plan were recorded as a liability as of December 31, 2019 and 2018. The Plan returned each year's excess contributions to the applicable participants in the early months following each respective year-end.

Administration Expenses – All expenses of maintaining the Plan are paid by Innovation Associates, Inc., the Plan sponsor.

Subsequent Events – The Plan has evaluated subsequent events through September 23, 2020, the date the financial statements were available to be issued.

Subsequent to December 31, 2019, the worldwide pandemic, Coronavirus disease (COVID-19), began significantly impacting the United States. COVID-19 is causing significant disruptions in all aspects caused by required government closures of business and decreased demand for certain products and services. Additionally, there have been material retractions in economic demand causing a severe macroeconomic downturn in both financial markets as well as business operations in general. While the full economic impacts of COVID-19 are unknown as of September 23, 2020, it is at least reasonably possible that the Plan may experience material impacts caused by this global crisis on its operations during the next operating cycle.

In response to COVID-19, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted March 27, 2020. Among many things, the Act provided expanded distribution options and rollover rules for retirement plans to qualified individuals in 2020 and expanded permissible loans from certain retirement plans for such qualified individuals. Prior to the issuance of the auditor's report, the Plan had processed three COVID-19 hardship withdrawals for qualified individual participants.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by its trustee.

	2019	2018
Investments, at Fair Value	$ 7,528,477	$ 5,462,609
Interest and Dividend Income	265,695	
Net Appreciation in Fair Value of Investments	1,101,243	

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that priorities the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of mutual funds are based on the closing prices reported on the active markets where the individual securities are traded.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and December 31, 2018:

	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)
December 31, 2019		
Mutual Funds	$ 7,121,369	$ 7,121,369
Common/Collective Trusts*	407,108	-
Total Assets at Fair Value	**$ 7,528,477**	**$ 7,121,369**
December 31, 2018		
Mutual Funds	$ 5,173,935	$ 5,173,935
Common/Collective Trusts*	288,674	-
Total Assets at Fair Value	**$ 5,462,609**	**$ 5,173,935**

*Common/Collective Trust measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the statements of net assets available for benefits.

NOTE 5 - RELATED PARTY TRANSACTIONS

Administrative expenses and custodian fees are rendered by parties-in-interest. These fees and expenses are paid by Plan participants and the Plan sponsor, Innovation Associates, Inc.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions.

NOTE 7 - TAX STATUS

In September 2012, the Plan adopted a prototype plan sponsored by EPIC Advisors, Inc. The Internal Revenue Services has determined and informed the Company by letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
