NOTE 1 – PLAN DESCRIPTION

The following description of Wilen Group 401(k) Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Wilen New Media LLC., d/b/a Wilen (formerly Wilen Media Corp), Wilen Press LLC d/b/a Wilen Direct, Wilen Management Corp., Wilopen Products LLC, Wilen Auto, LLC and Wilen Vegas, LLC (collectively, the "Company") who have attained the age of 21 and six months of employment, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Fidelity Management Trust Company (the "Trustee") and Plan management are responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Automatic Enrollment

Effective February 1, 2019, participants become eligible for the Plan after six months of employment. On the next enrollment period (January 1st, April 1st, July 1st and October 1st), participants are automatically enrolled at 3% deduction from pay on a pre-tax basis as a deferral contribution to the Plan.

Contributions

Each year, participants may contribute up to 70% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 25% of the first 6%, and effective February 2019 the Company changed its contributions to 50% of the first 4% of base compensation that a participant contributions to the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company matching contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service, as defined. A participant is 20% vested after two years, 40% vested after three years, 60% vested after four years, 80% vested after five years and 100% vested after six years of credited service, as defined in the Plan.

NOTE 1 – PLAN DESCRIPTION (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 7.00%, which are commensurate with the prevailing interest rates charged in the business of lending money for loans which would be made under similar terms. Principal and interest are paid ratably through bi-weekly payroll deductions. A loan that is considered in default is reported as a deemed distribution, which is a taxable event to the participant.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will be automatically 100% vested in their account and may elect to receive either a lump-sum or installments in an amount equal to the value of the participant's account. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. Distributions under the Plan will be paid according to the Plan document options, in an amount equal to the value of the vested portion of the participant's account.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $32,149 and $32,203, respectively. These amounts will be used to either reduce future contributions or pay administrative expenses. During 2019, $9,000 of administrative expenses and no employer contributions were paid from forfeited non-vested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustee and Plan management determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan in default, the participant loan balance is reduced, and a benefit payment is recorded.

Excess Contributions Payable

Excess contributions payable represents amounts payable to participants for contributions in excess of amounts allowed by the IRS and has been recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 and 2019 excess contributions to the applicable participants prior to March 15, 2019 and 2020, respectively.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 3 – INVESTMENTS – INFORMATION PROVIDED AND CERTIFIED BY THE TRUSTEE AS COMPLETE AND ACCURATE

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company:

	2019	2018
Investments, at fair value	$ 11,895,098	$ 8,977,602
Net appreciation in fair value of investments	$ 1,728,747	
Dividends	$ 531,372	

Notes receivable from participants of $399,531 and $267,029 at December 31, 2019 and 2018, respectively, and interest income on notes receivable from participants of $17,683 for the year ended December 31, 2019 have also been certified by the Trustee.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Common Collective Trusts

Units held in a stable value fund are valued at NAV units of the bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The fund is a direct filing entity.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,118,561	$ -	$ -	$ 11,118,561
Total assets in fair value hierarchy	$ 11,118,561	$ -	$ -	11,118,561
Investments using NAV as practical expedient				776,537
Total investments, at fair value				$11,895,098

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,187,986	$ -	$ -	$ 8,187,986
Total assets in fair value hierarchy	$ 8,187,986	$ -	$ -	8,187,986
Investments using NAV as practical expedient				789,616
Total investments, at fair value				$ 8,977,602

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2019 and 2018, there were no transfers.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	As of December 31, 2019			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Stable Value Common Collective Trust	$ 776,537	$ -	Daily	12 months

	As of December 31, 2018			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Stable Value Common Collective Trust	$ 789,616	$ -	Daily	12 months

NOTE 5 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays directly any other fees related to the Plan's operations.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 7 – TAX STATUS

The Plan is structured and follows a volume submitter profit-sharing plan, pre-approved by the IRS. The IRS issued an opinion letter dated March 31, 2014, that the volume submitter profit-sharing plan is acceptable in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authority.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Trustee prepared Form 5500 on the cash basis. The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 12,290,367	$ 9,230,021
Excess contributions payable	4,262	14,610
Net assets available per Schedule H of Form 5500	$ 12,294,629	$ 9,244,631

The following is a reconciliation of changes in net assets available per the financial statements for the year ended December 31, 2019 to Schedule H of Form 5500:

	2019
Net increase in net assets available for benefits per the financial statements	$ 3,060,346
Current year excess contributions payable	4,262
Prior year excess contributions payable	(14,610)
Net income per Form 5500	$ 3,049,998

NOTE 10 – SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through October 13, 2020, the date the financial statements were available to be issued.

In March 2020, the World Health Organization declared the outbreak of COVID-19 a global pandemic. The full impact of COVID-19 continues to evolve as of the date of this report. The pandemic has adversely affected economic activity and greatly contributed to significant deterioration and instability in the financial markets. As a result, the Plan's investment portfolio has experienced significant fluctuations in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that may be recognized, if any, in a subsequent period is not determinable at this time.
