## Note 1 – Description of Plan

The following description of the SCOI 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan covering substantially all employees of Southern California Orthopedic Institute and participating employers (collectively, the "Company"). Employees are eligible to participate immediately upon employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2019, Southern California Orthopedic Institute sold 50% of its membership interest in certain affiliated employers that are participating in the Plan. As a result, the Plan participants from the acquired affiliated employers became employees of the acquiring entity. Participant balances of the acquired affiliated employers will remain in the Plan until the participants apply for distributions.

### Contributions

Each year, participants may contribute between 1% to 90% of pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code Limitations. Participants may also make rollover contributions from other qualified Plans. The Company may elect each Plan year to make discretionary matching contributions to the Plan equal to 50% of the participant's deferral up to 4% of compensation, not to exceed $750 each quarter. The Company may also make discretionary profit sharing contributions to the Plan. To be eligible for the discretionary contributions, an employee must complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year. The Company did not make a discretionary profit-sharing contribution for the year ended December 31, 2019.

### Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and allocations of the Plan's earnings, and charged with the participant's withdrawals and allocations of the Plan's losses. Allocations are based on the participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Vesting

Participants are immediately 100% vested in their voluntary contributions and rollover contributions plus accumulated earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions is based on years of continuous service. A participant is 25% vested after two years of service, 50% vested after three years of service, 75% vested after four years of service and 100% vested after five years of service.

### Investment Options

Participants direct both employee deferrals and employer contributions to be invested in various investment options as made available and determined by the plan administrator, which are more fully described in the Plan literature.

**Note 1 – Description of Plan (continued)**

Benefit Payments

A participant may withdraw the vested interest in their account only in the event of termination of employment, retirement, death, disability, financial hardship or when they reach an age of 59 1/2. On termination of employment, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or a portion of the total vested balance at the participant's discretion. If a participant makes no distribution election upon termination of employment, and the vested account balance does not exceed $5,000, the participant will receive an automatic single lump-sum payout.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000, up to a maximum of $50,000 or 50% of the vested portion of their account balance, whichever is less. The notes are secured by the balance in the respective participant's account and bear interest at rates that were commensurate with local prevailing rates for similar notes at the time funds were borrowed. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts were $65,370 and $35,877, respectively. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions or to pay administrative expenses of the Plan. During 2019, no forfeitures were used to reduce the Company contributions.

Subsequent Events

The Plan has considered subsequent events through October 13, 2020, the date the financial statements were available to be issued, in preparing the financial statements and notes thereto.

**Note 2 – Significant Accounting Policies**

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

**Note 2 – Significant Accounting Policies (continued)**

Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds, common collective trusts and a self-directed brokerage account. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements. The Plan is subject to review by certain regulatory authorities. Management does not believe that the effect of such reviews, if any, will have a significant impact on the Plan.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Terminated and Defaulted Notes

Notes receivable from participants are terminated when a participant withdraws from the Plan. Any unpaid note balance will be reduced by the amount of the vested interest in the account balance upon distribution. Notes with any scheduled repayment that remain unpaid as of the last business day of the calendar quarter following the calendar quarter in which repayment was due, or with an outstanding principal balance existing after the last scheduled repayment date, are in default.

Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net increase in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Note 2 – Significant Accounting Policies (continued)**

Administrative Expenses

Administrative expenses of the Plan may be paid by the Plan as provided in the Plan document. However, the Company may also pay the Plan expenses directly. Transaction charges for loan and benefit payment transactions, if any, are paid by the Plan by reducing the balances of those participants initiating the transaction.

According to the Administrative Services Agreement between the Company and Automatic Data Processing ("ADP"), ADP is required to make quarterly contributions to the Plan Expense Account ("PEA") in an annualized rate of 0.25% of the Plan's assets. The funds in the PEA shall be used to pay or offset certain Plan administrative expenses, as directed by the Company. During the year ended December 31, 2019, ADP contributed $48,288 to the PEA and is netted against administrative expense in the accompanying statement of changes in net assets available for benefits. During the year ended December 31, 2019, $38,500 was used to pay Plan administrative expenses. As of December 31, 2019 and 2018, PEA funds available for use, including interest earned, were $19,140 and $8,943, respectively.

Payment of Benefits

Benefit payments to participants are recorded when paid.

**Note 3 – Information Certified by the Trustee**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by Reliance Trust Company and was not subjected to any auditing procedures performed by the independent public accountants:

a. Investments as of December 31, 2019 and 2018, as indicated on the Statements of Net Assets Available for Benefits;
b. Investment income information, as indicated on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019, and
c. All investment-related information in the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2019.

### Note 4 – Related Party Transactions

The Trustee of the Plan charges the Plan transaction fees which qualify as exempt party-in-interest transaction. ADP, the recordkeeper and broker-dealer, received $57,773 for administration fees that were paid by participants through the Plan and receives indirect compensation from certain funds based on a formula which is based on average daily balances. The Plan also paid the independent qualified public accountant $8,500 for audit services and the Plan's investment advisor received direct compensation of $30,000, all of which was paid from the PEA and forfeitures.

### Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants will become 100% vested in their employer contributions.

### Note 6 – Income Tax Status

The Internal Revenue Service has determined and informed the sponsor of the prototype plan adopted by the Company, by a letter dated July 16, 2014, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code. Per Revenue Procedure 2005-16, a Company adopting such a plan may rely on the prototype plan's letter if the terms of the Plan are followed in operation.

Accordingly, this reliance on the favorable opinion letter is equivalent to a favorable determination letter issued to the Company. The Plan has been amended since receiving the prototype plan's letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing and other jurisdictions. However, there are currently no audits in progress for any prior tax periods.

**Note 7 – Fair Value Measurement**

Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: These inputs into the valuation methodology consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Examples of these inputs into the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: These inputs into the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- *Mutual Funds*: Valued at the net asset value ("NAV") of shares held at year end. The NAV is a quoted price in an active market.
- *Common Collective Trust ("CCT")*: Valued at the net asset value of units of a bank collective trust. The NAV, as provided by the fund's trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.
- *Self-directed brokerage account*: Investments in this account consist of common stocks, which are valued at the closing price reported on the active market on which the individual securities are traded, and an interest-bearing deposit account, which is valued at par. The fair value of the brokerage account is the aggregation of the fair value of the underlying assets.

**Note 7 – Fair Value Measurement (continued)**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at December 31, 2019 and 2018.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

| **December 31, 2019** | **Level 1** | **Level 2** | **Level 3** | **Total** |
|---|---|---|---|---|
| Mutual Funds | $ 26,051,081 | $ - | $ - | $ 26,051,081 |
| Self-directed brokerage account | 228,517 | - | - | 228,517 |
| | $ 26,279,598 | $ - | $ - | 26,279,598 |
| Investment measured at net asset value as a practical expedient: | | | | |
| Common collective trust | | | | 989,106 |
| Total investments at fair value | | | | $ 27,268,704 |

| **December 31, 2018** | **Level 1** | **Level 2** | **Level 3** | **Total** |
|---|---|---|---|---|
| Mutual Funds | $ 21,218,953 | $ - | $ - | $ 21,218,953 |
| Self-directed brokerage account | 220,180 | - | - | 220,180 |
| | $ 21,439,133 | $ - | $ - | 21,439,133 |
| Investment measured at net asset value as a practical expedient: | | | | |
| Common collective trust | | | | 1,036,060 |
| Total investments at fair value | | | | $ 22,475,193 |

Changes in economic conditions or valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2019 and 2018, there were no transfers in or out of levels 1, 2 or 3.

**Note 8 – Reconciliation of Plan Financial Statements to the Form 5500**

The Annual Return / Report of Employee Benefit Plan (the "Form 5500") is prepared on the modified cash basis of accounting. Accordingly, certain balances included on Schedule H (Part I and II) of the Form 5500 differ from those included in these financial statements. The ending net asset balances are reconciled as follows:

| | 2019 | 2018 |
|---|---|---|
| Net assets as presented in these financial statements | $ 27,674,768 | $ 23,009,434 |
| Participant contributions receivable | (48,818) | (50,586) |
| Employer contributions receivable | (12,731) | (11,461) |
| Net assets as presented in Form 5500 | $ 27,613,219 | $ 22,947,387 |

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2019 to the Form 5500:

| | |
|---|---|
| Net increase in net assets per these financial statements | $ 4,665,334 |
| Participant contributions receivable at December 31, 2019, not included in Form 5500 | (48,818) |
| Participant contributions receivable at December 31, 2018, included in Form 5500 | 50,586 |
| Employer contributions receivable at December 31, 2019, not included in Form 5500 | (12,731) |
| Employer contributions receivable at December 31, 2018, included in Form 5500 | 11,461 |
| Increase in net assets per Form 5500 | $ 4,665,832 |

**Note 9 – Subsequent Event**

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic. The COVID-19 pandemic has led to extreme volatility in financial markets and has affected, and may continue to affect, common stock prices and other Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employee and employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management continues to evaluate the provisions.
