Independent Auditor's Report

Lasco Fittings, Inc.
414 Morgan Street
Brownsville, Tennessee 38012

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Lasco Fittings, Inc. 401K Plan, which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information in Note 3, which was certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan assets, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

LASCO FITTINGS, INC. 401K PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 1 – PLAN ADMINISTRATION AND DESCRIPTION

The following brief description of the Lasco Fittings, Inc. 401K Plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

A. General

The Plan is a defined contribution 401(k) plan for employees of Lasco Fittings, Inc. (the “Company”) with safe harbor provisions. The Plan covers all employees of the Company upon date of hire. Employees are eligible to receive safe harbor, employer matching and non-elective contributions when they reach 21 years of age and have completed one year of service in which the employee is credited with at least 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

B. Contributions

Each year, participants may elect to defer up to 50 percent of their pretax annual compensation, as defined by the Plan. A participant who has attained age 50 before the end of the Plan year is eligible to defer additional amounts toward catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (“Rollovers”). Participants direct the investment of their contributions into various investment options offered by the plan.

The Company matches 25% of a participant’s elective deferrals up to a maximum of 6 percent of compensation. In order to maintain the Plan’s safe-harbor status, the Company also makes a 3 percent safe harbor contribution each pay period to each eligible participant. Discretionary contributions may also be made at the option of the Company’s Board of Directors. During 2019 and 2018 the Company made discretionary contributions of \$207,588 and \$469,156 respectively. Contributions are subject to Internal Revenue Service (“IRS”) limitations.

C. Participants’ Accounts

Each participant account is credited with the participant’s contribution and the Company’s matching and safe harbor non-elective contributions as well as allocation of the Company’s discretionary contribution, plan earnings and forfeitures of terminated participants’ non-vested accounts. Allocations are based on participant compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

D. Vesting

Participants are vested immediately in their contributions and the Company matching and safe harbor non-elective contributions plus actual earnings thereon. Vesting in the Company’s discretionary contributions is based upon years of continuous service according to the following schedule:

Less than 2	0%
2	20
3	40
4	60
5	80
6 or more	100

E. Investment Options

Plan participants are permitted to direct contributions among any investment options allowed by the Plan. Participants may change their investment options at any time.

F. Payments of Benefits

On termination of service, a participant will receive a lump-sum amount equal to the value of the vested balance in his or her account. Participants may receive distributions from the Plan prior to their termination of employment under certain conditions. After attaining age 59½, participants may elect to receive a pre-retirement distribution for all or a portion of their vested balance from their elective deferral, safe-harbor non-elective, employer matching, employer profit sharing and rollover accounts.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the interests of all participants and beneficiaries accrued to the date of the termination become non-forfeitable.

H. Payment of Plan Expenses

The employer pays certain Plan expenses including the audit fee.

I. Notes Receivable from Participants

Under the provisions of the Plan, participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan repayments are made in equal installments through payroll deductions generally over a term not to exceed 5 years. All loans are considered a direct investment from the participant's Plan account with all payments of principal and interest credited to the participant's account. A maximum of two outstanding loans are allowed per participant at any given time. Interest rates are determined based on the prime interest rate plus one percent at inception of the loan. Loan interest rates on outstanding loans at December 31, 2019 range from 4.25 percent to 6.50 percent.

J. Forfeitures

Forfeitures result from participants withdrawing from the Plan prior to vesting in Company contributions and earnings thereon. Forfeitures may be used to pay future administrative expenses. Forfeitures attributable to amounts other than Company matching contributions may be allocated, at the Company's discretion, to all participants eligible to share in the allocations of the Company's discretionary contributions in the same proportion that each participant's compensation for the Plan year bears to the compensation of all participants for the year of allocation. At December 31, 2019 and 2018 forfeited non-vested accounts totaled \$34,991 and \$17,371 respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Method of Accounting

The financial statements have been prepared on the modified cash basis of accounting, which is not in accordance with accounting principles generally accepted in the United States of America but is an acceptable alternative method under regulations issued by the Department of Labor. Contributions are recorded when received and interest and dividends are recorded when credited to the Plan by the asset custodian. Benefits, distributions, and expenses are recorded when paid.

B. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

C. Investment Valuation and Income Recognition

The pooled separate account assets are valued at the net asset value practical expedient per share based on quoted market prices of underlying investments. The redemption frequencies are daily. The funds have no redemption notice periods or unfunded commitments. The fully-benefit responsive investment contracts are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Income Taxes

The Employer has adopted the Voya Retirement Insurance and Annuity Company Prototype Non-Standardized Profit-Sharing Plan. That Plan received a favorable determination letter as of September 1, 2014. The Plan has been amended since that date in order to remain in compliance with Internal Revenue Code revisions. Management believes the amendments would not affect the qualified status of the Plan and therefore, the Plan qualifies under Internal Revenue Code Section 401(a) and the trust is exempt from federal income taxes. The Company is required to file and does file Form 5500 with the Internal Revenue Service.

In 2016, the Plan Sponsor discovered an inconsistency in the Plan document due to a clerical error and corrected the error by amending the Plan document. The Plan Sponsor has filed a voluntary compliance program ("VCP") application regarding the error. The IRS is reviewing the application and no decision has been reached as to whether the proposed correction method is acceptable. Management believes their correction method is reasonable. However, there is the chance that the IRS will not agree and will recommend an employer contribution to the plan to correct the error. At this point it is not possible to determine the amount of the potential employer contribution and it could be material to the financial statements.

E. Date of Management's Review

Subsequent events were evaluated through September 21, 2020, which is the date the financial statements were available to be issued.

In March 2020, the World Health Organization declared the outbreak of novel coronavirus disease ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. As a result, the Company adjusted certain aspects of its operations to protect its customers, contractors and workforce while still meeting the needs of its customers. The Company cannot reasonably estimate the length or severity of this pandemic, or the extent to which the disruption may materially impact its business, financial position, results of operations, and cash flows. This will also affect the retirement plans of the Company.

NOTE 3 – INFORMATION CERTIFIED BY ASSET CUSTODIAN

The following is a summary of the information included in the Plan's financial statements and financial schedules for 2019 and 2018 which was prepared by Voya Retirement Insurance and Annuity Company, the custodian of the Plan assets and furnished to the plan administrator. The plan administrator has obtained a certification from the custodian that such information is complete and accurate.

- A) Investments at the beginning and end of the year.
- B) Changes in net assets resulting from investment activities.
- C) Information included in the supplemental schedule of assets held at end of year.
- D) Contract value of the guaranteed investment contracts.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset or inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The pooled separate account assets are valued at the net asset value practical expedient per share based on quoted market prices of underlying investments. The redemption frequencies are daily. The funds have no redemption notice periods or unfunded commitments.

NOTE 5 – FULLY-BENEFIT RESPONSIVE CONTRACTS

As of December 31, 2019, the Plan maintained two guaranteed investment contract related investment options, the Voya Fixed Account and the Voya Fixed Account A. The contracts underlying these investments are considered to be fully-benefit responsive in accordance with ASC Topic 962. The underlying contracts have no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts.

LASCO FITTINGS, INC. 401K PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash positions or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plans ability to transact at cash value with participants, is probable.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 – PARTY-IN-INTEREST

Certain Plan investments are units of pooled separate accounts and guaranteed investment contracts managed by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, and therefore the related transactions qualify as party-in-interest transactions.
