NOTE A – DESCRIPTION OF THE PLAN

The following description of the Swaner Hardwood Company, Inc. Profit Sharing/401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Swaner Hardwood Company, Inc. and Mt. Baker Products, Inc. (the Company) who have completed twelve months of service with one thousand hours of service within that year and are age twenty-one or older. The Plan provides for monthly entry dates for those employees having satisfied the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Funding medium

Per the Plan Documents, all money that is contributed to the Plan is held in a Trust Fund. The Trust Fund is the funding medium used for the accumulation of assets from which benefits will be distributed. While all Plan assets are held in a Trust Fund, the Administrator separately accounts for each Participant's interest under the Plan.

Contributions

Participants may defer tax free, 1% to 90% of their qualified annual compensation to the Plan, limited to a maximum annual amount as set by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for a discretionary matching contribution. Although this contribution is at the discretion of the Board of Directors, it is company policy to match 25% of the participants' deferral subject to a maximum of 5% of the participant's compensation. The Company's matching contributions to the Plan totaled $58,945 for the year ended December 31, 2019.

In addition, the Plan provides for discretionary profit sharing contributions as determined by the Board of Directors. Such contributions to the Plan are allocated among eligible participants in the proportion of their compensation to total compensation of all participants. No profit sharing contributions were made for the year ended December 31, 2019.

Participant Account

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A – DESCRIPTION OF THE PLAN (continued)

Vesting

Participants immediately vest in their tax deferred contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions plus actual earnings thereon is based on years of service. Participants become 100% vested after six years of credited service except in the case of retirement, death, or disability in which case, participants will immediately vest in their entire account balance.

Notes Receivable from Participants

The Plan allows for participants to borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate from 4.25% to 6.50%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through bi-monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants are also allowed to begin receiving distributions from their accounts upon reaching the age of 59 ½.

Forfeited Accounts

At December 31, 2019 and 2018, there were $901 and $1,053 forfeited non-vested accounts. Forfeited accounts may be used to reduce future employer contributions. During the year ended December 31, 2019, $901 of employer contributions were reduced from prior forfeited non-vested accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note C for discussion of fair value measurements.

Common/collective trusts are measured using net asset value ("NAV") as the practical expedient and is determined by the investment fund's Trustee based on the fair value of the underlying securities within the fund.

Registered investment companies are valued at the closing price reported on the active market on which the individual securities are traded.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. The Trustee of the Plan notifies the Company of past due or delinquent loans. If a note receivable becomes uncollectible, it is Plan policy to deem the defaulted loan a distribution, which according to the Plan document may be taxable to the participant. The Plan's management expects that all outstanding loans will be collected by the Plan. There is no allowance for doubtful accounts as of December 31, 2019.

Excess Contributions Payable

Amounts payable to participants totaling $19,739 as of December 31, 2019 and $14,187 as of December 31, 2018 of contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions during the year ended December 31, 2019.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Benefits Paid to Participants

Benefits paid to participants are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 28, 2020, the date in which these financial statements were available to be issued.

Since December 31, 2019, the spread of COVID-19 has severely impacted many local economies around the globe. Measures taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential service have triggered significant disruptions to businesses worldwide, resulting in an economic slowdown. Global stock markets have also experienced great volatility and a significant weakening. Governments and central banks have responded with monetary and fiscal interventions to stabilize economic conditions.

The general revenue of the Plan Sponsor hasn't been significantly impacted by the pandemic as the employees were considered essential workers. However, the investment value has decreased due to the weakening of the market. As the uncertainty of future effects of the situation is high, an estimate of the future financial impact can not be made.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the report date.

The fair value measurement accounting literature established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The

NOTE C – FAIR VALUE MEASUREMENTS (continued)

Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2019, there were no significant transfers into or out of Level 3.

The following table presents by level, within the fair value hierarchy, the plans assets measured at fair value on a recurring basis as of December 31, 2019 and 2018.

	Fair Value	Level 1	Level 2
December 31, 2019			
Common/collective trusts	$ 1,502,211	$ -	$ 1,502,211
Registered investment companies	8,384,189	8,384,189	-
Total investments at fair value	$ 9,886,400	$ 8,384,189	$ 1,502,211
December 31, 2018			
Common/collective trusts	$ 1,319,821	$ -	$ 1,319,821
Registered investment companies	6,495,471	6,495,471	-
Total investments at fair value	$ 7,815,292	$ 6,495,471	$ 1,319,821

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2019 are reported in net gain on registered investment companies and common/collective trusts.

NOTE D - INFORMATION CERTIFIED BY RELIANCE TRUST COMPANY

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company (the Trustee of the Plan).

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE F - INCOME TAX STATUS

The Plan has adopted the Prototype Non-standardized Profit Sharing Plan with CODA, a ADP prototype plan, which has received a favorable advisory letter from the IRS dated July 16, 2014 stating that the written form of the prototype plan is acceptable under Section 401(a) of the IRC and that any employer adopting this prototype plan document will be considered to have a plan qualified under Section 401 (a) of the IRC. Once qualified, the plan is required to operate in conformity with IRC to maintain its qualification.

The Plan administrator believes that the Plan has been operated in compliance with the applicable requirements of the IRC and, therefore, the Plan and the related trust are exempt from taxation.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G – RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Reliance Trust Company and the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. ADP provides certain administrative service to the Plan. ADP is the third party administrator as defined by the Plan, and therefore, these transactions qualify as party-in-interest transitions as well. Fees paid by the Plan for the administrative services amount to $1,025 for the year ended December 31, 2019.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:
